Statement by Mayor.

The privilege of the floor was extended to the Mayor who spoke of his recent trip to Mexico and the complete lack of ties between Mexico City and San Francisco. Nowhere, he mentioned, did he see any posters or notices advertising our city's name, and recommended that this total lack of cognizance should be remedied, and one method would be to provide direct air travel between San Francisco and Mexico City and other cities in Mexico.

The Mayor further stated that he had been extended an invitation to participate as a guest on the inaugural flight of the Japan Air Lines to dedicate direct air service between Tokio and San Francisco.

Supervisor Mancuso asked the Mayor if he felt a resolution from this Board urging the trip was necessary; if so, he would be glad to introduce it.

Supervisor Arnold stated he was surprised that the Board should hesitate in adopting a measure which would approve of the Mayor going to Tokio, and thereupon introduced the following measure:

Reference to Committee.

Urging Mayor to Accept Invitation of Japan Airlines to Participate in Inaugural Flight Between Tokio and San Francisco.

File No. 11286, Resolution No. . . . (Series of 1939).

Discussion.

Supervisor McCarty asserted that unless the Mayor wanted the measure adopted, he suggested that it be withdrawn. He stated he did not see why the Mayor should come before the Board on such a matter.

Supervisor Ferdon advised the Board that he was seeking an opinion from the City Attorney with respect to the interpretation of certain language concerning acceptance of passes, in Article 12 of the Constitution, insofar as it applies to public officers, and that to date he had not received it.

Supervisor Arnold stated that in view of Supervisor Ferdon's request, he suggested that his measure be withdrawn pending receipt of such opinion.

Supervisor Mead stated that San Francisco has been building fences around the community for many years and that he was sorry that Supervisor Arnold desired to have his measure withdrawn.

Supervisor McAteer asked Deputy City Attorney Thomas Blanchard if the opinion requested by Supervisor Ferdon was due shortly, to which Mr. Blanchard replied that he could not say until he had checked into the matter.

There being no objection, the measure introduced by Supervisor Arnold was *withdrawn*.

Reintroduction of Measure.

The measure heretofore introduced by Supervisor Arnold was thereupon reintroduced by Supervisor Mead, who moved its immediate adoption. Motion seconded by Supervisor McAteer.

Objection.

Supervisor Ferdon voiced objection, and the matter was thereupon *referred to the County, State and National Affairs Committee*.

Supervisor Mancuso questioned the propriety of the city's paying for such work in view of the fact that the bridge has been in operation for a relatively short time and suggested the possibility that some person, firm or corporation, other than the City and County, may be liable for the cost of the emergency repairs, and asked that information be forthcoming from the City Attorney as to whether any rights of subrogation existed in favor of the City and County of San Francisco in the matter, and that said information be made available for Board consideration and study by next Monday.

File No. 11285-1, Ordinance No. . . . (Series of 1939).

On behalf of the Finance Committee, its Chairman moves, in connection with the foregoing, an amendment to provide that the salary range for Class D66, Superintendent of Jail, be established at \$641-797 and that the data presented to and considered by the Board as warranting such amendment, be transmitted to the Civil Service Commission for review and analysis and report thereon to this Board, together with a report as to what other changes and the cost thereof, such proposed amendment would require to maintain an equitable relationship with other rates in said compensation schedule.

Motion to Refer Data to the Civil Service Commission for Review, Analysis and Report.

After reading the foregoing motion, Supervisor Arnold moved its adoption; seconded by Supervisor McCarty and *carried* by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Halley, Mancuso, McAteer, McCarty, McMahan, Mead—9.

On behalf of the Finance Committee, its Chairman moves, in connection with the foregoing, an amendment to provide that the salary range for Class D66, Superintendent of Jail, be established at \$715-889 and that the data presented to and considered by the Board as warranting such amendment, be transmitted to the Civil Service Commission for review and analysis and report thereon to this Board, together with a report as to what other changes and the cost thereof, such proposed amendment would require to maintain an equitable relationship with other rates in said compensation schedule.

Consideration of Measure Continued for One Week.

Supervisor Arnold moved, seconded by Supervisor Mancuso, that, pending receipt of report from the Civil Service Commission, consideration of the measure under consideration be continued for one week.

No objection and motion *carried*.

Consideration of measure continued one week.

Explanation of Vote.

Supervisor Mancuso wanted the record to show that in consenting to refer the data to the Civil Service Commission in the pending measure as well as in the previous measure identified as File No. 11285-1, he was not expressing himself as being in favor of the salaries set forth for the two positions in question, but was merely referring it to the Civil Service Commission for review, analysis and report.

Supervisor Arnold likewise desired the record to show that the submission of data to the Civil Service Commission was merely to get a report on it so that the Board could then assume jurisdiction over the matter and determine an equitable range for the positions for the two years in question, at a point between the highest and the lowest ranges.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Mr. Thomas A. Brooks, Chief Administrative Officer, stated that if the measure was not adopted, the hospital would be without this necessary service and that operations could not be performed. He added that he regretted having to bring this matter before the Board at this late date.

ennial anniversary, to the Commercial and Industrial Development Committee, was rescinded, at the request of Supervisor McCarty. He stated he would have the necessary measure prepared and introduced next Monday.

Request for Information.

Supervisor McAteer declared that he had asked the City Attorney some time ago for an opinion with respect to the circumstances in which the Board of Supervisors may act by motion in view of the provision contained in Section 13 of the Charter that "Action by the Board of Supervisors shall be by ordinance or resolution in writing, introduced by a member or by a committee of said Board and passed and adopted by a majority of all the members of the board at each reading," and again renewed his request for such information.

Supervisor McAteer likewise expressed a desire to be informed as to what constituted a "legislative act" which Charter Section 13 directs be accomplished by ordinance.

No objection and the *Clerk was directed to comply.*

Felicitations to Supervisor Halley.

As each Supervisor arose on Roll Call, tribute was paid to the splendid manner in which Supervisor Halley's responsibilities have been discharged, and the hope expressed that he continue to enjoy the best of health and happiness.

Controller.

Ordered filed.

Administration of Loyalty Oath and Oath of Office.

The President announced that the Honorable Thomas I. Foley, Superior Court Judge, would administer the loyalty oath as well as the oath of office to the newly elected and re-elected Supervisors.

The oaths were accordingly administered to the following: Supervisors Carberry, Christopher, Lewis, McAteer, McCarty.

Nominating Motions Entertained.

The President announced that he would now entertain motions to nominate candidates for the office of President of the Board for the two-year period beginning January 8, 1954.

Supervisor McCarty accordingly moved, seconded by Supervisor McAteer, that nominations be opened.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Lewis, McAteer, McCarty, McMahan, Mead—10.

Absent: Supervisor Mancuso—1.

Motion.

Supervisor Arnold moved the nomination of Supervisor Christopher; seconded by Supervisors McAteer and McCarty.

There being no further nominations, the President declared the nominations closed.

The roll was thereupon called and Supervisor Christopher was *elected President of the Board of Supervisors* by the following vote:

Ayes: Supervisors Arnold, Carberry, Dobbs, Ferdon, Lewis, McAteer, McCarty, McMahan, Mead—9.

Refrained from Voting: Supervisor Christopher—1.

Absent: Supervisor Mancuso—1.

Supervisor Christopher Escorted to the Rostrum.

The President designated Supervisors Arnold and McAteer to escort the newly-elected President of the Board to the rostrum.

The President thereupon offered congratulations to Supervisor Christopher upon his elevation to the office of President.

President George Christopher expressed appreciation for the honor, and presented a written statement, as follows, which was read by the Clerk and ordered made part of the record:

Statement of President Christopher.

I am proud to have the privilege of presiding over this splendid Board of Supervisors for the next two years. My predecessor, Supervisor Mead, was a very capable chairman, and it will be difficult to maintain his high degree of proficiency. But I will do my best. Our Board will be confronted with problems of unusual magnitude this year, and we will be expected to cope well with them.

First, there is the urgency of rehabilitating our plant and equipment. The individual members of this Board have already indicated their anxiety to proceed with this work, and it will entail considerable effort to seek out the extent of these requirements, so that corrective action may be taken.

The committees should also begin to gather data on proposed expansions and new facilities, so that we may present an intelligent "progress program" to the people at the next immediate election. The various departments have long considered these improvements, and the committees therefore should not tolerate any delays, if we are to have sufficient time to assure complete and unhampered con-

sideration. When the respective committees conclude with their hearings on these matters, may I suggest that they consider the feasibility of inviting the full Board, the Mayor, Departments and other interested groups to determine a course of policy, particularly with reference to priority. In this connection also, the Mayor's "San Francisco Forward Committee" should be invited to report any recommendations that they may have had time to prepare since their inception.

It will be necessary to prod not only ourselves, but every top official of our city, so that we can come forth with a civic advancement program that will inspire the confidence of the people. We can get this action by using our charter authority to the limit, for complacency and inertia are not ingredients of community progress. Parking, transit and traffic are sorespots that need urgent attention, and our job is to impress these departments that we want action. With particular reference to Transit, I suggest that our Board immediately arrange a conference with the Mayor, who has jurisdiction over this utility. The purpose would be to agree on a complete, constructive program of legislative corrections, in place of the slower and more costly piecemeal procedure. Our Board should also follow through with a determined and spirited effort to place new lands on the assessment rolls. Unused portions of the Presidio can be restored to the tax rolls if we pursue this program. Further, the committee on Commercial and Industrial Development has been exploring the possibility of reclaiming submerged lands in the Islais Creek area. This committee is urged to follow through on this proposal. It would be a boon to the economy of San Francisco if both the surplus Presidio lands and the reclaimed areas were put on the assessment rolls. This would not only alleviate the overall tax load, but would also encourage a building program that would put millions of payroll dollars in circulation.

We all concede that our tax problems will be greater in this year. Since we are forewarned, we can be better prepared to meet the responsibility. It is most important that we embark on a program of constructive, practical, business-like budgeting—the kind of budgeting that will assure our taxpayers an intelligent administration of their business affairs. We can do this by becoming even better acquainted with the various functions of our city government. In the past we have discussed the propriety of first submitting proposed appropriations to that committee which would normally have policy jurisdiction, before consideration by the Finance Committee. I believe we should test the workability of this procedure. I am not unmindful of the already heavy schedule that each Board member encounters every day, nor that the term "part time," as applied to our office, is a complete misnomer. However, I am confident that this splendid Board will not hesitate to make still one more sacrifice in the interest of giving San Francisco the most efficient government possible.

I respectfully request, therefore, that the standing committees of this Board share more closely the budget responsibilities by acting as an investigative body in connection with those phases of the budget which come under their respective legislative jurisdiction. Upon receipt of the full budget, the Clerk of the Board would under direction of the Chairman of the Finance Committee, transmit the various department sections thereof to the appropriate committees. The chairman of each committee would call for "on the spot" checks of the various facilities, and otherwise investigate matters pertinent to that budget. Committees that do not have specific categories to investigate would be given special assignments for investigation. The various committees would thereupon submit their report to the Finance Committee, and the Finance Committee would use these reports for advice and guidance during its own deliberation of the

full budget. The chairman of the Finance Committee, with approval of the other two members of the committee, would be the coordinator for this procedure. While a rehabilitation program for our facilities is essential, we are also obligated to retain a clear and discerning conception of those principles of economy in government that are sound and constructively prudent. We cannot afford to relax our vigilance and permit unwarranted extravagances camouflaged under the representation that they are necessary for plant rehabilitation. It has well been said that economy itself is a great source of revenue. It is hoped, therefore, that the various departments will submit realistic budgets. It is only reasonable to expect also that the Mayor, who has an adequate budget staff in his office, will scrutinize the budgets thoroughly, in compliance with Charter provisions, and as Chief Executive, make his own recommendations. Thereupon our Board will follow its outlined Charter procedure. Thus, our system of checks and balances will remain inviolate, to the benefit of every taxpayer, and without evasion of our respective trusts.

I have endeavored to place each member in a committee assignment that in my opinion will best serve the interests of San Francisco. I have also tried to allocate the time of each member so that each may equitably share in the tasks ahead. I hope that you will concur in this principle.

In conclusion, I want to thank you once again for having honored me with the Presidency of this Board of Supervisors. Having served in this capacity once before, I realize that I represent not only myself, but the entire Board. You may rest assured that I shall do all in my power to enhance the dignity and prestige of our Board; to maintain its integrity on the highest plane, and to put forth my fullest efforts on behalf of the fine people of a great and wonderful city.

Caucus.

At the suggestion of the President, and there being no objection, a caucus of Board members will be held next Monday, January 11, at 1:30 p. m., on certain matters requiring immediate attention.

Motion to Pass.

Supervisor Dobbs, seconded by Supervisor Ferdon, moved passage for second reading.

Discussion.

Supervisor Lewis remarked that he did not believe that it was proper for the Board to vote on the legislation in light of the opinion rendered by the City Attorney. He continued that in his opinion the opinion from the City Attorney stated that the only thing left for the Board of Supervisors to determine was whether or not a permit should be granted to The Guardsmen for the erection of a couple of portable grandstands for the use of the spectators.

Motion to Submit Substitute Legislation.

Supervisor Lewis moved that in place of the legislation designated No. 9 on the Calendar the Board consider legislation to approve a permit for the use and maintenance of certain temporary grandstands to be used by The Guardsmen for use of spectators to view the road races in Golden Gate Park.

The Chair ruled that such a substitute was not acceptable and the entire matter would have to be re-referred to committee.

Motion to Re-refer.

Supervisor Lewis moved re-reference to committee, and that the committee be requested to determine whether or not temporary grandstands could be installed in the Park.

Motion lost for want of a second.

Discussion Continued.

Supervisor McMahan presented and there was read by the Clerk the following written statement setting forth her objections to the proposed legislation:

In connection with Item No. 9 on today's calendar, "Approving agreement between the Recreation and Park Department and The Guardsmen, for the conduct of a Sports Car Road Race to be held in Golden Gate Park on Sunday, June 6, 1954," I am apposed to this measure and I am prepared to vote against its passage because I believe that such action on the part of this Board would constitute sanction and approval at least of the incidents of unlawful acts.

While I have the highest admiration for The Guardsmen and for their endeavors looking to provision for summertime vacations for under-privileged children, I cannot adopt the philosophy that the means justifies the ends if the means themselves are unlawful and such as might quite possibly result in injury or death to one or more of the citizens of the City and County of San Francisco.

I have reached a conclusion concerning this measure and I should like to explain my vote for inclusion in the record.

Section 81 of the Vehicle Code defines a "street" or "highway" as follows:

"Street" or "highway" is a way or place of *whatever nature* publicly maintained and open to the use of the public for purposes of vehicular travel.

Section 82 of the Vehicle Code defines a "private road" or "drive-way" as follows:

"Private road" or "driveway" is a way or place in *private ownership* and used for vehicular travel by the owner and those having express or implied permission from the owners but not by other members of the public.

In *Atlas Mixed Mortar Co. v. City of Burbank*, 202 Cal. 660 at 663, it is said: "The *only* limitation upon this definition of a public highway being that it shall not be deemed to include private driveways, roads or places used by the owner or by his guests or those having business with him and not intended to be otherwise used by the general public."

There is no question, in my opinion, but that the ways and places in Golden Gate Park provided and customarily used for vehicular travel are "streets" or "highways" within the meaning of the definition thereof in the Vehicle Code. Such streets or highways were designed, constructed and are maintained exclusively for vehicular travel. Through use or otherwise such streets or highways have, in my opinion, been dedicated for vehicular travel by the public generally. These highways are not recreational areas and their nature and character as highways may not, for one day in the year, so be changed as to constitute them a particular type of recreational area.

The following are excerpts from an opinion of the City Attorney, No. 3182, dated July 26, 1940, concerning speed limits in Golden Gate Park:

"Section 511 of the California Vehicle Code (amended by Chapter 658, Statutes of 1939) provides as follows:

"The speed of any vehicle upon a highway not in excess of the limits specified in this section is lawful unless clearly proved to be in violation of the basic rule declared in Section 510 hereof.

"The speed of any vehicle upon a highway in excess of any of the limits specified in this section is *prima facie* unlawful unless the defendant establishes by competent evidence that any said speed in excess of said limits did not constitute a violation of the basic rule declared in Section 510 hereof at the time, place and under the conditions then existing.

"The *prima facie* limits referred to above are as follows: . . .

"(b) Twenty-five miles per hour:

"(4) Upon that portion of any highway within or bordering upon any public park which passes through or borders upon any public playground or passes any building or other place of public assemblage when signs giving notice of the speed limits have been erected. The authority having jurisdiction over the highway may erect such signs whenever considered necessary to the protection of life or property.'

"The basic rule referred to being Section 510 of the Vehicle Code, to-wit:

"No person shall drive a vehicle upon a highway at a speed greater than is reasonable or prudent having due regard for the traffic on, and the surface and width of the highway, and in no event at a speed which endangers the safety of persons or property.'

"It is to be observed that a 'highway' is a way or place of *whatever nature, publicly maintained and open to the use of the public for purposes of vehicular travel.* (Section 81, Vehicle Code.)

"Under the decision in *Ex Parte Daniels*, 183 Cal. 636, the court held that 'the regulation of traffic upon the streets of a city is not one of those municipal affairs in which by the Constitution chartered cities are given a power superior to that of the state legislature, but that such power is subject to the general laws of the state, and ordinances inconsistent therewith are invalid.'

"We have no local ordinances regulating the speed or providing for traffic regulation respecting vehicles in Golden Gate Park. Consequently, no inconsistencies exist, and it is my opinion that the provisions of the Vehicle Code, as herein quoted, govern.

"In *In re Murphy*, 190 Cal. 286, the court held:

"... that whenever the State of California sees fit to adopt a general scheme for the regulation and control of motor vehicles upon the public highways of the state, the entire control over whatever phases of the subject are covered by state legislation ceases insofar as municipal or local legislation is concerned.'

"You will further note that Section 40 of the Charter deprives the Park Commission of ordinance making powers which it exercised under the old charter and therefore if any ordinance is to be adopted it would have to be adopted by the Board of Supervisors."

From the foregoing and the action of the Park Commission pursuant to which signs were erected throughout Golden Gate Park, the speed limit upon the streets or highways therein has been fixed at twenty-five miles an hour. It is equally clear that such speed limit is applicable to all vehicles, *including racing cars*.

Section 459 of the Vehicle Code provides as follows:

"The provisions of this division shall not prevent local authorities within the reasonable exercise of the police power from adopting rules and regulations by ordinance or resolution on the following matters . . .

"(a) Regulating or prohibiting processions or assemblages on the highways.

"(f) Closing any highway to vehicular traffic when in the opinion of the legislative body having jurisdiction such highway is no longer needed for vehicular traffic."

Section 33(a) Article 2, Chapter XI (Traffic Code) of the San Francisco Municipal Code provides as follows:

"The Police Department may divert traffic from any street or area when the same is made necessary or advisable by any parade, public assemblage, traffic congestion, conflagration, collapse of building, obstruction on or damage to any street or other emergency."

Section 601.5 of the Vehicle Code provides as follows:

"Speed Contests. (a) No person shall engage in any motor vehicle speed contest or exhibition of speed on a highway and no person shall aid or abet in any such motor vehicle speed contest or exhibition on any highway.

"(b) No person shall for the purpose of facilitating or aiding or as an incident to any motor vehicle speed contest upon a highway in any manner obstruct or place any barricade or obstruction or assist or participate in placing any such barricade or obstruction upon any highway."

From all of the foregoing, it appears to me clear, that:

1. The ways and places customarily used, in Golden Gate Park, for vehicular travel are "highways" as defined in the Vehicle Code—the City Attorney has so concluded and by their own actions, the Recreation-Park Commission has acknowledged such fact.

2. A street or highway being a way or place of whatever nature, publicly maintained and open to the use of the public for purposes

of vehicular travel, the public cannot be deprived of the use thereof except for such purposes as are expressly prescribed by law.

3. The highways within Golden Gate Park may not be closed to vehicular travel for any purpose other than those enumerated in the Vehicle Code and/or the San Francisco Traffic Code and vehicular road racing is not included among such purposes.

4. That the nature and character of a highway is not changed by reason of the fact that it is temporarily closed to vehicular travel by the general public.

5. If the highways within Golden Gate Park could be closed to vehicular travel, such closing would operate to bar racing vehicles as well as all other vehicles.

6. Vehicular road racing in Golden Gate Park very probably constitutes a nuisance.

7. Auto racing upon the highways within Golden Gate Park is expressly prohibited by the provisions of Section 601.5 of the Vehicle Code and the Park Commission may not legally authorize such an event.

I understand according to the City Attorney's recent opinion that the Board's jurisdiction in connection with the approval of the proposed lease is limited to that phase of the matter which relates to the erection of structures incident to the operation, nevertheless I cannot vote to approve such lease nor in any manner approve the proposed operation.

It is my conviction that the proposed operation violates both the letter and the spirit of the law—that it is illegal and that the Recreation-Park Commission has no authority to permit of this type of endeavor upon the highways within Golden Gate Park.

Supervisor McAteer explained that at the last meeting of the Committee the matter had been given a thorough hearing; that he was opposed to it from a safety standpoint because it was impossible to stop a fast traveling vehicle within a reasonable space if anything should go wrong, and that the bales of hay and snow fences that would be erected around the track would not provide sufficient protection for the spectators should a car go out of control.

Point of Order.

Supervisor Lewis rose to a point of order: that the only question before the Board was whether or not grandstands are to be erected in the Park and used by people. Supervisor Lewis continued that he had inquired of the City Attorney as to whether or not under the charter all that the Board could do was to grant permission for the erection of bleachers.

Supervisor Arnold rose to a point of order: that Supervisor Lewis was out of order.

The Chair ruled the point of order by Supervisor Arnold well taken and the point of order by Supervisor Lewis not well taken.

Discussion Continued.

Supervisor Dobbs stated that it was agreed that motor races were dangerous, but that in his mind the benefits that were to be received from the holding of the races outweighed by far any danger created by the holding of the races. Supervisor Dobbs further remarked that the argument of the opponents relative to the ability of a driver to stop a car traveling at high speed was not correct, and explained that while it might take a passenger car traveling at 100 miles an hour 1294 feet to stop, a sports racing car could stop within 330 feet.

Supervisor McAteer remarked no matter how quickly a racing car could stop the danger was nevertheless present, and further that most

of the money realized by The Guardsmen came from the sale of Christmas trees and the raffle they sponsored.

Supervisor Arnold said that he believed that serious consideration should be given to the legal aspect of the subject in view of the fact that the City Attorney has ruled that the roadways are highways and that specific speed limits exist in Golden Gate Park, and further that the Board should request an expression from the City Attorney as to whether or not it legally has the right to approve the agreement.

Motion to Re-refer.

Supervisor Arnold, seconded by Supervisor Lewis, moved that the matter be re-referred to Committee for the purpose of securing an opinion from the City Attorney relative to the right of the Board to approve the agreement.

Explanation of Vote.

Supervisor Mead stated that he would vote against the motion because the matter had been before the Board long enough for the Board to make up its mind and vote on the legislation.

Supervisor Ferdon explained that if Supervisor McMahan's opinion was correct then the Board had already acted illegally when it approved the same type of agreement on other occasions, and that he believed the Board should decide the issue immediately.

Supervisor Lewis remarked that he could not vote on a matter setting precedent when the Charter clearly stated that another department had jurisdiction in the matter.

Point of Order.

Supervisor Mead rose to a point of order: that the only question is whether or not the matter should be re-referred to Committee.

The Chair ruled the point of order not well taken.

Discussion Continued.

Supervisor Lewis continued that he believed that the matter should be re-referred to Committee because he would like to have an answer to his previous request for an opinion as to whether the Board or the Recreation and Park Commission had authority to enter into the agreement.

Supervisor Carberry explained that he wanted clarification as to the questions raised by Supervisor McMahan as to the legality of the Board's action, and for that reason the matter should be re-referred to Committee.

Request to Withdraw Motion.

Supervisor Arnold requested permission to withdraw his motion.

No objection and request *granted*.

Motion to Continue Consideration.

Supervisor Arnold, seconded by Supervisor Lewis, moved that consideration of the legislation be continued for two weeks; that the City Attorney be requested to render his opinion relative to the points raised by Supervisors McMahan and Lewis, and that the Board then debate the matter in light of opinion rendered.

Motion *carried* by the following vote:

Privilege of the Floor.

There being no objection, Miss Evelyn La Place, representing the Central Council of Civic Clubs and other organizations, was granted the privilege of the floor.

Miss La Place inquired as to the right of appeal of the opponents if the matter was continued for two weeks and the Board did not sit as a Committee of the Whole to consider the matter.

The Chair ruled that if the Board voted to sit as a Committee of the Whole then the opponents would be given an opportunity to present facts to the Committee of the Whole.

Supervisor McAteer objected to the Board sitting as a Committee of the Whole on the grounds that the Education, Parks and Recreation Committee held a 2½ hour meeting on the subject and that he did not believe that any information could be presented now that had not been presented then.

The Chair ruled that the Board could resolve itself into a Committee of the Whole if it so desired.

Supervisor Dobbs remarked that he was opposed to the Board sitting as a Committee of the Whole on the same grounds as stated by Supervisor McAteer.

Motion Not to Sit as a Committee of the Whole.

Supervisor Mancuso moved that when the legislation is considered in two weeks that the Board do not sit as a Committee of the Whole.

Point of Order.

Supervisor Mead rose to a point of order: that the matter had been disposed of and any motion at this time would be out of order.

The Chair ruled the point of order well taken.

Request to Poll Board.

The Chair directed that the Clerk call the roll to determine whether or not the Board would vote in two weeks to resolve itself into a Committee of the Whole, but prior to roll call, the Chair withdrew its order.

Re-reference to Committee.

The Board resumed consideration of Files Nos. 11285-1 and 11285-2, relating to Salary Range for Superintendent of Jail, heretofore considered and temporarily postponed.

Communication.

Supervisor Mancuso suggested that the City Attorney be requested to ask the Attorney General for an interpretation of the State statutes mentioned in the City Attorney's opinion.

Open Air Trolley Coaches and Buses.

Supervisor Lewis remarked that he had received a communication from the St. Louis Car Company informing him that they were now in the process of designing a new type trolley coach and bus—one that would use certain features of the cable cars so that the passengers would be able to sit on the outside of the vehicle and enjoy the fresh air.

Communications.

The Clerk read a communication from his Honor the Mayor returning unsigned File No. 11319, entitled: "Memorializing the Congress of the United States of America to enact legislation that would permit the San Francisco International Airport to become an Airport Foreign Trade Zone." The chief executive stated he had discussed the matter with its author, Supervisor McCarty, and had informed him that the action proposed was unnecessary because the San Francisco Airport had taken steps to have the present trade zone extended to cover the San Francisco International Airport.

Rescission of Board Action.

Supervisor McCarty thereupon moved, seconded by Supervisor Arnold, that the Board rescind its action whereby it had, at a previous meeting, adopted File No. 11319 hereinabove mentioned.

Sox, Director of the Department of Public Health, asking that budgetary requirements for maintenance and repair of certain city institutions be kept below a certain figure.

Mr. Brooks replied that department heads under his jurisdiction have, in the past, submitted their budgetary requirements without any instructions on his part as to what the figures should be.

Mr. Brooks pointed out that the memorandum in question was sent out by Mr. Kline as a result of investigations which Mr. Kline had conducted some time ago, at his request, with respect to probable costs of maintenance and repair of the institutions, and that he personally did not see the memorandum.

Supervisor McAteer declared that he did not propose to have the San Francisco Hospital considered as a charitable institution and that he did not believe it good business in government to direct department heads not to submit budgets in excess of specified amounts.

Supervisor McAteer: Did Mr. Kline issue the memorandum with your permission?

Mr. Brooks: I have not seen the memorandum. He may have issued it:

Mr. Brooks stated that he has never issued instructions to department heads as to how their budgets should be prepared.

CITY AND COUNTY OF SAN FRANCISCO

OFFICE OF CONTROLLER

January 21, 1954

Mr. Francis McCarty
Supervisor
City and County of San Francisco

Dear Mr. McCarty:

Reference is made to your letter of January 11, 1954, relative to reports of the Public Utilities Commission in connection with consolidation of cable lines and substitution of service therefor.

Attached hereto is our analysis of the financial effects of the Plan 3 proposed changes in service, the end figure of which, \$449,831, is in substantial agreement with the presentation by the Municipal Railway. However, said analysis points up the fact that only 42 per cent or \$189,413 of the total saving arises from the change in the mode of transportation. The balance of \$260,418 results from diminution of service to the extent of 143,374 annual miles and related 24,675 annual hours.

Yours very truly,
HARRY D. ROSS, Controller.

Discussion.

Supervisor Mead stated he could not agree with the recommendation of the Public Utilities Commission but that his state of mind did not indicate accord with those opposing it. He expressed the belief that the proposal of the Public Utilities Commission to terminate the California cable line at Van Ness Avenue would create a serious traffic hazard. He offered the suggestion that the California Cable Line be routed north on Hyde Street and thence to the bay, and declared that he would continue to advocate such a route.

Supervisor Ferdon stated that he could not go along with the idea of abandoning the cable cars until he had been supplied with a complete and detailed set of figures demonstrating beyond doubt the futility of continuing such mode of transportation. He expressed the belief that the problem must be attacked on an overall basis rather than using the cable cars as a focal point.

Supervisor McCarty stated the city was facing the greatest budget in her history and that the construction of freeways within the city was instrumental in removing millions of dollars of assessment values from the rolls and the remaining property owners will be compelled to make up the deficit. The city is faced with tremendous expense toward rehabilitating its institutions, such as the San Francisco Hospital, the Laguna Honda Home and the Youth Guidance Center. The City is keeping approximately fifty per cent of its cable car lines; she must face her problems with courage and make way for progress.

Supervisor Lewis favored the recommendation of the Public Utilities Commission but added that he would like to see the California Cable Line swing north on Hyde Street, instead of terminating at Van Ness Avenue.

Supervisor Mead: Has the Traffic Department agreed that the terminus at Van Ness Avenue and California will not create a traffic hazard?

Mr. Otto Meyer, Director of Traffic: There has not been a study made of this problem.

Supervisor Mead: Why not?

Captain Meyer: It has not been called to our attention. My understanding is the City Planning Commission and the traffic division has made a study of it but the Police Department has not been called in.

Supervisor McMahan stated she disapproved of the recommendation of the Public Utilities Commission and that a general overall plan should be studied instead.

Supervisor Arnold expressed disappointment over the meagre verbal report rendered by the representatives of the Public Utilities Commission. He thereupon asked Marmion D. Mills, Traffic Consultant, if the elimination of the cable lines as proposed by the Public Utilities Commission would result in the preservation of the more travelled cable lines. Mr. Mills replied that such an abandonment would be a step in that direction.

Mr. Charles R. Wood of the Carmen's Union informed the Board, upon questioning, that about 30 jobs would be affected as a result of the proposed abandonments.

Mr. Charles D. Miller, General Manager of the Municipal Railway, declared that the Municipal Railway is about 120 men short of platform personnel requirements.

Supervisor Carberry stressed the importance of economizing wherever possible and that this should be uppermost in every Supervisor's mind. Information and facts have been presented to the Board by the Public Utilities Commission and it is every member's responsibility to view them in an impartial light.

Explanation of Vote.

The President of the Board explained the voting as follows:

A vote "Aye" will override the recommendations of the Public Utilities Commission and refuse permission to abandon the cable lines; a vote "No" will sustain the Public Utilities Commission and abandon the lines. Nine votes will be required to override the Public Utilities Commission.

The roll was thereupon called and the pending measure was *refused adoption* by the following vote:

Statement by Supervisor Lewis.

Supervisor Lewis declared that the Board should be apprized of a definite park program which the Recreation and Park Department may have in connection with McLaren Park.

When informed by Supervisor McCarty that he, Supervisor Lewis, had voted in favor of a capital expenditure of some two hundred thousand dollars during last budget time, for the purpose of purchasing land required for McLaren Park, Supervisor Lewis stated that he may have acquiesced in said purchase, but he saw no reason why he could not change his mind in the matter.

Supervisor Lewis was informed that the Recreation and Park Department proposed to float a bond issue for the program; whereupon Supervisor Lewis raised the question as to reason for purchasing the land now in view of the fact that the bonds may not be approved.

He accordingly moved, seconded by Supervisor Arnold, that the Board rescind its action on Files Nos. 11295, 11299 and 11300, relating to purchase of land for McLaren Park.

No objection and motion *carried*.

Committee of the Whole.

Supervisor Arnold moved, seconded by Supervisor Ferdon, that the Board resolve itself into a Committee of the Whole for the purpose of hearing from interested parties.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was accorded the following proponents of the measure:

James H. Turner, Manager of Utilities;

Charles D. Miller, General Manager of the Municipal Railway.

Opponents:

William Gillis, Executive Secretary, Associated Home Builders.

Motion to Rise and Report.

Supervisor Mancuso moved, seconded by Supervisor Arnold, that the committee rise and report.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Lewis, Mancuso, McAteer, McCarty, McMahan, Mead—11.

Discussion.

Supervisor McCarty declared that since information was not available as to the amount of home construction proposed to be under-

taken during 1954, that consideration of the pending measure be continued for two weeks. Motion seconded by Supervisor McAteer.

Supervisor Ferdon contended that the matter should be disposed of today, as Mr. Gillis has had plenty of time within which to supply the Board with such information as might be considered pertinent.

Supervisor Mancuso claimed that no useful purpose would be served by delaying a vote on the matter, since notice of the public hearing was given in the press. If any builders were interested in the matter, they would have put in an appearance.

Supervisor Arnold stated that since Mr. Gillis had intimated that this area might be the scene of construction activity, consideration should be continued for two weeks to permit the accumulation of data on such proposed development.

Supervisor Lewis declared that he did not want to see the line abandoned without being first assured that Apparel City interests were cognizant of such proposed abandonment. The matter should be continued and the representatives of the interested industries invited.

Motion Withdrawn.

With a majority of the Board assenting, Supervisor McCarty withdrew his motion to continue the measure for two weeks, feeling that after listening to the pros and cons, he now felt that the matter should be accorded immediate consideration.

Motion Renewed.

Supervisor Lewis objected to withdrawal of Supervisor McCarty's motion and thereupon moved, seconded by Supervisor Mead, as a courtesy, that consideration be continued for two weeks.

Supervisor Mead stated he was reluctant to vote for the abandonment of any line since such action might result in the departure of people as well as industries from the City and County of San Francisco.

Motion Lost.

The roll was thereupon called on the motion to continue consideration for two weeks and it lost by the following vote:

Ayes: Supervisor Lewis—1.

Noes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Mancuso, McAteer, McCarty, McMahan, Mead—10.

Abandonment Approved.

The President explained that an "Aye" vote will overrule the Public Utilities Commission and retain the bus line; a vote "No" will sustain the Commission and abandon the line.

Statements.

Supervisor Lewis declared that the Board was beset by two problems: (1) either reduce service or (2) increase fares. If the service is reduced, more people will use their automobiles, which will mean more congestion; more freeways will be required to accommodate the vehicles; more property will have to be taken off the city's assessment rolls for freeway purposes, with correspondingly heavier tax burdens on the taxpayers; more off-street parking facilities would have to be constructed, and that he did not intend to be a party to such a vicious circle.

The Supervisor contended that until such time as the city has grade separation, the Municipal Railway will continue to operate in the red. The people must continue to support the railway in the same manner as the Airport, the Police and Fire Departments. The Board should be far-sighted instead of short-sighted. Every time a rate

increase is approved, more and more riders are lost. The Board should approve of additional service instead and at lower rates.

Supervisor Ferdon stated that while he appreciated Supervisor Lewis' remarks, the fact remained that only one person appeared in opposition to the pending measure.

Supervisor Mancuso expressed the opinion that the Public Utilities Commission was trying to do a good job. There has been no showing to date that the recommendation of the Commission is not a proper one, and accordingly he would vote for the abandonment. If conditions improve in the area, the Commission can always make a study for the purpose of possibly reopening the line.

The roll was thereupon called on the pending measure and it was *refused adoption* by the following vote:

Ayes: Supervisors Lewis, Mead—2.

Noes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Mancuso, McAteer, McCarty, McMahan—9.

Adopted.

Disapproving Abandonment and Discontinuance of Service on the No. 37, Corbett Line, of the Municipal Railway of the City and County of San Francisco.

File No. 11364-2, Resolution No. 14071 (Series of 1939).

Committee of the Whole.

Supervisor Mancuso moved, seconded by Supervisor Arnold, that the Board resolve itself into a Committee of the Whole for the purpose of hearing from interested parties.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Proponent:

Mr. James H. Turner, Manager of Utilities.

Opponents:

Burton J. Pacioretti, representing the Eureka Valley District Merchants, Eureka Valley Promotion Association and Eureka Valley Club;

Sarah E. Johnston, 749 Corbett Avenue;

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Proponent:

James H. Turner, Manager of Utilities.

To a question propounded by Supervisor Ferdon, Mr. Turner stated that abandonment of the 56 bus line would preclude service to the cemeteries.

Supervisor Thomas J. Callan of San Mateo was given the floor and he informed the Board that this was the first he has heard of the intention of the Public Utilities Commission to abandon the 56 bus line. He happened to be in San Francisco on business and decided to attend the Board meeting. He stated his Board should have been informed of the proposed abandonment. He suggested that consideration be postponed and that a meeting be had to adjust existing difficulties.

Supervisor Arnold recommended that in view of the statement by Supervisor Callan, consideration of the pending measure be continued for a period of two weeks and that a report be forthcoming at that time of possible financial assistance on the part of San Mateo County toward maintenance of the 56 line.

Supervisor Dobbs spoke against continuance, pointing out that the Board may not have full membership present in two weeks.

Supervisor Ferdon echoed the sentiments of Supervisor Dobbs.

Opponents:

Stuart N. Greenberg, representing Associated Cemeteries of San Francisco;

Carl Gellert, Standard Building Company;

Dan R. Andersen, City Administrator, Daly City;

Supervisor McCarty moved adoption; seconded by Supervisor Mead.

Supervisor McCarty stated he moved adoption for the reason that negotiations are now under way for possible financial assistance on the part of San Mateo County toward support of the Nos. 56 and 76 bus lines.

Question Raised.

Supervisor Dobbs raised the question as to whether or not the Board should sit as a Committee of the Whole for the purpose of hearing from interested citizens.

The President of the Board asked Deputy City Attorney Thomas Blanchard if a hearing, under existing circumstances, need be held.

Mr. Blanchard replied to the effect that a public hearing must be held if people are present who desire the opportunity of being heard.

The President thereupon asked if there was anyone in the audience who desired to speak on the pending measure.

No one replied in the affirmative; accordingly, the roll was called on the pending measure, and it was *adopted* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Mancuso, McAteer, McCarty, McMahan, Mead—10.

SPECIAL ORDER—2:00 P. M.

Adopted.

The following measures from the Public Utilities Commission were taken up:

Disapproving Abandonment and Discontinuance of Service on Line No. 17 (Motor Coach) of the Municipal Railway.

File No. 11384-1, Resolution No. 14093 (Series of 1939).

Explanation to Audience.

The President of the Board explained to the audience, with particular reference to those who were interested in the subject matter, that the charter required nine votes to overrule the abandonment as proposed by the Public Utilities Commission; and that in view of the fact Supervisor McMahan had been excused due to illness, those who objected to the proposed abandonment would lose a vote, possibly one which may be the deciding one. He concluded by asking if there were any objections to having consideration go over one week and thus, at that time, be assured of action by the entire membership of the Board.

No objections were raised by anyone in the audience.

Motion to Defer Consideration.

Supervisor Dobbs moved, seconded by Supervisor McCarty, that consideration of the measures designated 1(a) to 1(f), inclusive, be continued for one week.

Discussion.

Supervisor Mancuso declared that the Board has no assurance that there would be eleven members present next Monday. He suggested that the Board consider the abandonments today and any action which the Board may take can always be rescinded and the matter put over one week.

The President again explained to the audience that the absence of one member today might jeopardize any of the pending measures.

One spokesman arose and objected to the proposed continuance.

Substitute.

Supervisor Dobbs moved as a substitute, that consideration of the measure designated as File No. 11384-1 be continued for one week. Motion seconded by Supervisor Ferdon.

Mr. F. J. Kilmartin, representing the Metropolitan Life Insurance Company, stated that he disliked proceeding on the proposed abandonments without a full Board.

Supervisor Mancuso again stated that the Board should hear the matters today, and if any measure required the eleventh vote, the Board could always rescind its action and put the matter over a week.

Supervisor Mead objected to postponement of any measure because he pointed out no one knows where anybody might be next week. He pointed out his own illness some time ago as an example.

Continuance Lost.

The roll was thereupon called on the motion to continue consideration and it *lost* by the following vote:

Ayes: Supervisors Arnold, Carberry, Dobbs, Ferdon—4.

Noes: Supervisors Christopher, Lewis, Mancuso, McAteer, McCarty Mead—6.

Absent: Supervisor McMahan—1.

Committee of the Whole.

Supervisor McAteer moved, seconded by Supervisor Dobbs, that the Board resolve itself into a Committee of the Whole.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Proponents:

James H. Turner, Manager of Utilities;

V. W. Anderson, Traffic Department, Municipal Railway.

Questions were asked by the several Supervisors.

Supervisor McAteer asked Mr. Turner the basis used in the operation of the railway. Was profit the prime motive or was service the main consideration even though such action might result in subsidization?

Mr. Turner replied that service, not profit was the motivating factor. If his railway had one dollar to spend, the Commission tried to give exactly one dollar's worth of service. If the railway had been operating in the black, the people could be assured of additional services; instead the railway has been operating in the red, and the recommendations before the Board are those which the Commission felt could be best adopted with the least dislocation of service.

City Attorney's Opinion.

Supervisor Mancuso raised the question if such matters as are currently before the Board should not have first gone to the City Planning Commission for report.

Mr. Thomas Blanchard, Deputy City Attorney, informed the Board that the City Attorney had just rendered an opinion which had been dispatched to the President of the Board to the effect that referral of such matters to the City Planning Commission, under the Charter, is not required.

Privilege of the Floor.

The privilege of the floor was extended to the following opponents:

F. J. Kilmartin, representing the Metropolitan Life Insurance Company;

Norman H. Impelman, Merced Heights Improvement Association;
George T. McIntosh, 50 Rossmoor Drive;

Donald M. Haet, 141 Rivas Drive;
 Harry K. Wolff, Jr., 29 Rivas Drive;
 John E. Sullivan, West Portal Avenue Association;
 Frank White, Secretary, C.I.O. Council;
 E. J. Kleine, 211 Vidal Drive;
 A. H. Gomez, 127 Tapia Drive.

Motion to Rise and Report.

No other person desired to speak on the pending measure; accordingly, Supervisor Mead moved that the committee rise and report. Motion seconded by Supervisor Mancuso and *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Mancuso, McAteer, McCarty, Mead—9.

Absent: Supervisors Lewis, McMahan—2.

Discussion.

Supervisor McAteer: Did you have a public hearing on this matter?

Mr. Turner: We did not.

Supervisor McAteer: Don't you believe that from the standpoint of sound business, you should have held a hearing in order to ascertain the views of the people involved?

Mr. Turner: We generally have public hearings. In this case, in view of the fact that we considered economy as a major problem, we considered it advisable to refer it to the Board at the earliest possible date.

Supervisor Lewis likewise deplored the fact that the matter was not given a public hearing by the Public Utilities Commission, and expressed the opinion that if it had, every likelihood existed that the proposed abandonment would not have come to the Board. He further expressed the belief that the City Planning Commission should make definite recommendations on proposed abandonments.

Point of Order.

Supervisor Ferdon rose to a point of order, declaring that Supervisor Lewis was straying from the subject at hand.

The President ruled the point of order well taken.

Supervisor Mead rose to the defense of Supervisor Lewis, contending that any Supervisor had the right to preface a motion with explanatory remarks.

Motion to Adopt.

Supervisor Lewis moved adoption of the pending measure. Motion seconded by Supervisor McAteer.

Explanation of Vote.

Supervisor Lewis stated he was unalterably opposed to the proposed abandonment of the 17 bus line. It has been proven, he said, that wherever service has been cut, people have been discommoded, and when that happens, people use their automobiles; which means more congestion; more freeways have to be built, more millions have to be spent for off-street parking facilities, more lands taken off our assessment rolls.

Supervisor Lewis stated that what the railway should do is to provide more service at reduced fares, and pointed out that after each fare increase, less and less people patronized the railway with resultant added traffic congestion, and loss in revenue.

Explanation of Voting.

The President of the Board explained that an "Aye" vote disapproved the action of the Public Utilities Commission; a "No" vote sustained the recommendation of the Public Utilities Commission. Nine "Aye" votes are needed to adopt the measure.

The roll was thereupon called and the pending measure was adopted by the following vote:

It was pointed out that since the arguments advanced on the 17 bus line applied to the No. 36 bus line, discussion on the subject measure could be waived.

Thereupon the President of the Board asked Mr. Turner if he was agreeable to dispensing with his statement. Mr. Turner stated it was agreeable with him.

The President then asked the audience if there were any objections on the part of the previous speakers on the No. 17 bus line, to have their remarks apply to the present No. 36 bus line. There were none.

Discussion.

Supervisor Mead expressed the opinion that the Public Utilities Commission might be becoming somewhat panicky in proposing so many abandonments. He asked whether any transit line, privately or publicly-owned, serving a population of three hundred fifty thousand and over, was making money.

Mr. Marmion D. Mills, Transit Consultant, stated there were a few private transit lines serving populations of three hundred and fifty thousand and over, who were making money. There were likewise one or two publicly-owned lines in the same category.

Supervisor Arnold reemphasized information heretofore presented by the Public Utilities Commission that the average passenger take is 4 per trip; inbound, 4.8 and outbound 5.3 per day, including peak hours. By abandoning the No. 27 bus line, an annual saving of \$70,000 would accrue.

No objection and *so ordered.*

RESOLUTION ADOPTED FEBRUARY 4, 1954, BY COUNTY SUPERVISORS' ASSOCIATION.

Whereas, The members of a constituent body of the County Supervisors Association of California, i.e., the Board of Supervisors of the City and County of San Francisco, have on several occasions urged the relinquishment of Federally-owned land, including sizable holdings located in The Presidio and Fort Funston, not now or to be in the foreseeable future needed for National Defense or other Federal purposes; and

Whereas, The repeated demands that Federally-owned surplus land be released for private development as residential areas and for other private uses are predicated on the basically sound premise that both local and Federal governments would derive substantial benefits therefrom, including operational savings, sales price revenues, additional tax receipts, purchasing power of private property ownership, and curtailment of population shifts; and

Whereas, Said action of the Board of Supervisors of the City and County of San Francisco is consonant with and supplementary to the long-standing and vigorously supported programs sponsored by the County Supervisors' Association of California, looking to the authorization for payments to local governmental subdivisions by the Federal Government in lieu of taxes on Federally-owned real property, and to the relinquishment of such property as is not required for Federal purposes; now, therefore, be it

Resolved, By the County Supervisors' Association of California in convention regularly assembled, that the Congress of the United States and interested Federal agencies be and they are hereby memorialized to take immediate action which will assure early re-

linquishment of Federal real property not utilized or necessary for purposes of the National Government; and, be it

Further Resolved, That copies of this resolution be forwarded to each of the State of California delegates in the Senate and House of Representatives of the United States and to the National Association of County Officials, with the urgent request that they lend their wholehearted support to the program herein endorsed.

Communication.

The Clerk presented a communication from the Civil Service Building Maintenance Union, Local No. 66a, objecting to proposal to establish the position of Administrative Director.

Discussion.

Supervisor Arnold explained the background of the measure.

Supervisor McAteer suggested that the measure be re-referred to committee and that the committee in turn suggest to the Board of Directors of the Health Service System that a further hearing be held.

Supervisor Dobbs expressed the opinion that the internal affairs of the Health Service System were strictly matters for its Board of Directors.

Supervisor McAteer pointed out that his reason for desiring a further hearing on the measure was predicated on the fact that additional information had developed warranting such a hearing.

Motion to Re-refer.

He accordingly moved, seconded by Supervisor Mancuso, that the matter be re-referred to Finance Committee and that the committee be requested to ask the Board of Directors of the Health Service System to review the measure.

Objections.

Supervisor Arnold objected to the motion, declaring that it implied that the members of the Board of Directors did not know what they were doing. He pointed out that the Finance Committee gave the measure very serious consideration and that he felt satisfied that the Board of Directors also considered the matter thoroughly before recommending it to the Board.

Supervisor Ferdon likewise objected to the motion.

File No. 11173, Ordinance No. . . . (Series of 1939).

February 8, 1954—Consideration continued to February 15, 1954.

Suggested Amendments.

Supervisor Lewis moved that after the words ". . . otherwise known as a PCC streetcar, or similar type," the following words be inserted: "which is capable of being operated from one end only." Likewise, further on, after the words ". . . of any streetcar remodeled or reconstructed . . .", add the following: "in such manner as being capable of being operated from one end only."

Discussion.

Supervisor McCarty stated it was his understanding that it was not the intention of the Public Utilities Commission to convert old cars.

Mr. James H. Turner stated that the provision would enable the conversion of old cars but that it was not the intention of his Commission so to do. The purpose of the measure is to permit the Public Utilities Commission to utilize the existing PCC cars as one-man cars.

Suggested Amendment.

Supervisor McCarty suggested that the pending measure be amended to provide that the operation of any PCC acquired after July 1, 1951, shall not be subject to the provisions of the ordinance.

Mr. Turner stated that the limitation as proposed by Supervisor McCarty would be satisfactory to the Commission.

Supervisor McCarty stated he was not in favor of reconverting the old iron monsters.

Supervisor Mancuso asked the opinion of Marmion D. Mills with respect to the amendment suggested by Supervisor McCarty. Mr. Mills replied that his own thoughts were that the operation should be restricted to the 40 PCC cars, together with any subsequent PCC cars acquired by the railway, and that he did not intend to recommend the reconversion of any of the old iron monsters.

Motion to Re-refer to Committee.

Supervisor Ferdon thereupon moved, seconded by Supervisor McAteer, that the pending measure, along with the proposed amendments of Supervisors Lewis and McCarty, be re-referred to committee for further study and recommendation.

Motion Authorizing Rental of Bleachers and Stands for Civic Celebration of St. Patrick's Day, March 14, 1954.

File No. 11453

(It is moved that the Clerk of the Board of Supervisors be and he is hereby authorized to issue a requisition for a purchase order to cover the cost, which shall not exceed the sum of \$500, of rental, decoration, transportation, erection and removal of three sections of bleachers totaling 330 seats, one flat reviewing stand, size 16 by 36 feet, with 120 chairs, and one observation stand, size 4 by 12 feet, to be used in the civic celebration of St. Patrick's Day to be held on March 14, 1954, provided funds are available for such purpose.)

Motion to Adopt.

Supervisor Arnold moved adoption; seconded by Supervisor McCarty.

Discussion.

Supervisor Mead raised the question as to whether it would be more economical for the city to purchase its own bleachers rather than having to pay the sum of \$500 each time it wanted to rent them.

Supervisor McCarty explained that the \$500 was to take care of renting, assembling, disassembling, the bleachers, and that it had been reported to the committee that it would be more economical to rent rather than to purchase them.

Supervisor Mancuso posed the question to the Chief Administrative Officer, and Mr. Brooks replied that a study had been made some years ago and it had been determined that it would prove much more expensive to the city if it were to purchase the bleachers, assemble them, disassemble and place them in storage.

Supervisor Mead protested the placing of the stands in front of the State Building, contending that since the city is proposing to spend the money for the stands, they should be located in front of the City Hall.

Amendment.

Supervisor Mead moved as an amendment, that the funds be approved, provided that the stands be located in front of the Polk Street entrance to the City Hall.

Motion lost for want of a second.

Amendment.

Supervisor Mead moved as an amendment, seconded by Supervisor Carberry, that consideration be continued for one week and that the Clerk, in the interim, communicate with the proper agency for the purpose of inquiring why the stands cannot be located in front of the Polk Street entrance to the City Hall.

Objection.

Supervisor McCarty voiced objection, declaring that the Board did not dictate where the stands should be in connection with the Columbus Day Parade. If the amendment is carried, it would constitute discrimination.

Amendment Withdrawn.

There being no objection, Supervisor Mead *withdrew* his amendment.

The roll was thereupon called and the pending motion was *adopted* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Lewis, Mancuso, McAteer, McCarty, Mead—10.

Amendment.

Supervisor Arnold moved the foregoing amendment. Motion seconded by Supervisor McCarty.

Discussion.

John H. Devitt, Acting City Architect, explained the necessity for the appropriation.

Supervisor Dobbs expressed opposition, declaring that the City Architect could secure the services of a couple of sub-contractors and make the survey without the necessity of expending the sum under consideration.

Amendment.

The roll was thereupon called on the amendment and it was *adopted* by the following vote:

Adopted.

Making a Finding Concerning Financial Effect of Proposal to Amend the Municipal Railway Schedule of Fares to Extend the Route of the Shopper's Special Bus Line and Five-Cent Fare to the Civic Center Auto Park, Grove Street and Van Ness Avenue.

File No. 9145-6, Resolution No. (Series of 1939).

Motion to Adopt.

Supervisor Mead moved adoption; seconded by Supervisor McAteer.

Privilege of the Floor.

The privilege of the floor was granted to James H. Turner, Manager of Utilities, who informed the Board that his commission had estimated that no tax subsidy would be required to operate the proposed extension of the five-cent shuttle bus service to the Auto Court at Van Ness Avenue and Grove Street but that a continuation of such service into the new fiscal year, 1954-55, would require tax support.

Roll Call.

The roll was thereupon called and the pending measure was adopted by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Lewis, McMahan, McAteer, Mead—9.

Absent: Supervisors Mancuso, McCarty—2.

Approving Amendment to Schedule of Fares of the Municipal Railway by Extending the Route of the Special Shopper's Bus Line to the Civic Center Auto Park, Grove Street and Van Ness Avenue.

File No. 9145-7, Resolution No. . . . (Series of 1939).

Adopted by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Lewis, McMahan, McAteer, Mead—9.

Absent: Supervisors Mancuso, McCarty—2.

Rescission of Board Action.

Supervisor Lewis moved that the Board rescind its action whereby it had just adopted File No. 9145-6, relative to the making of finding concerning the financial effect of proposal to extend the Shopper's Special Bus and five-cent fare to the Civic Center Auto Park at Grove Street and Van Ness Avenue. Motion seconded by Supervisor Mead and, there being no objection, motion *carried*.

Discussion.

Supervisor Lewis gave an extended dissertation on the primary purposes of shuttle bus service and emphasized that the acceptance of transfers on the line constituted a major part in the five-cent shopper's bus program. He pointed out that should the Public Utilities Commission agree to the acceptance of transfers on the shuttle service, this would undoubtedly encourage many people to leave their cars either at home or at fringe area garages, thus relieving downtown congestion to a marked degree.

The Supervisor concluded that the Board should not endorse the proposal to extend the shuttle service to the Civic Center Auto Court unless transfers are accepted on the line or until the Board has been definitely convinced that such a policy is not a proper one.

Supervisor McCarty asked if the proposal of Supervisor Lewis would not be tantamount to cutting off one's nose to spite his face.

Supervisor Lewis suggested that this would be a good time as any to ascertain from Mr. Turner why transfers are not accepted on the shuttle bus line.

Thereupon Supervisor Ferdon posed the question to Mr. Turner who, in reply, referred to a letter written to him under date of January 6, 1954, by Mr. C. D. Miller, General Manager of the Municipal Railway, which read in part as follows: ". . . At present, due to our universal transfer system, passengers can travel to any part of downtown San Francisco regardless of where they board the vehicles in the outlying districts, and I believe that the acceptance of transfers on the Shopper's Shuttle would enable the people trans-

ferring from our regular service to stop over in the various stores and we would therefore be deprived of many five-cent fares that we are now collecting.

"Because of the financial condition of the Municipal Railway at present, we cannot afford any further losses, for as of December 31, 1953, the cash revenue was \$341,700 short of the budget estimate. Therefore I do not recommend acceptance of transfers from our regular service to the Shopper's Special."

Motion to Adopt.

Supervisor McCarty moved adoption of the pending measure; seconded by Supervisor McAteer.

Statement by Supervisor Lewis.

Supervisor Lewis again stressed the importance of having transfers accepted on the Shopper's Special, reiterating that such a move would result in many people leaving their cars at home. He further pointed out that many cities which employ the shuttle bus service, permit the acceptance of transfers. He suggested that consideration be continued one week for the purpose of determining whether sufficient support can be marshalled to have the Public Utilities Commission reverse its stand and authorize the acceptance of transfers.

Substitute Motion.

Accordingly, Supervisor Lewis moved as a substitute, seconded by Supervisor Ferdon, that consideration of the pending measure be continued for one week to permit the Public Utilities Commission to review its previous decision with the thought of permitting the acceptance of transfers.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Lewis, McMahan, Mead—8.

Noes: Supervisors McAteer, McCarty—2.

Absent: Supervisor Mancuso—1.

Consideration continued one week.

Rescission of Board Action.

Supervisor Lewis moved, seconded by Supervisor Ferdon, that the Board rescind its previous action whereby it had adopted File No. 9145-7, relating to the approval of amendment to the Municipal Railway Schedule of Fares by extending the Shopper's Special bus route to the Civic Center Auto Park at Van Ness Avenue and Grove Street.

Motion *carried* by the following vote:

Ayes: Supervisors Carberry, Christopher, Dobbs, Ferdon, Lewis, McAteer, McCarty, McMahan, Mead—9.

Absent: Supervisors Arnold, Mancuso—2.

Supervisor Lewis moved, seconded by Supervisor Ferdon, that consideration of the pending measure be continued for one week.

Mr. Miller, General Manager of the Railway, was informed of this incident and he suggested that a report be made of the bus driver's number as well as the number of the bus.

File No. 11173, Ordinance No. (Series of 1939).

Discussion.

Supervisor Dobbs raised the question why the Public Utilities Commission were not interested in converting the old cars.

Mr. Marmion D. Mills, Transit Consultant, replied to the effect that a conversion of the old cars would cost between five and six thousand dollars and that he would not recommend their conversion to one-man operation.

Supervisor Dobbs declared that speaking from the standpoint of economy, the city did not have the money to purchase new cars and that the people are far from satisfied with the railway bond program. He further emphasized that if the old cars were converted, true economy would be effectuated.

Mr. Mills stated that the reconversion of the old iron monsters should be done only as a last resort; at least not until the voters have had an opportunity of voting on the new equipment. He expressed the opinion that those riding the new equipment would present a favorable viewpoint.

Supervisor Dobbs stated he felt that the Public Utilities Commission should be given the right to convert the old cars and that he did not believe the sum of \$5,000 was an exorbitant amount to expend for the individual conversion of the old cars, and the adoption of this policy may assist materially in getting the railway out of the red.

Motion.

Supervisor Dobbs accordingly moved, seconded by Supervisor Lewis, that the present legislation be amended to provide authority for the Public Utilities Commission to convert the old cars to one-man operation when feasible.

Deputy City Attorney Thomas Blanchard suggested that Supervisor Dobbs introduce his measure as a substitute for the existing one.

Suggested Deletion.

Supervisor Dobbs suggested that the following language appearing in Section 1 of the pending measure, and reading as follows: ". . . except street railway cars acquired or to be acquired by the City and County of San Francisco subsequent to January 1, 1949 . . ." be deleted.

Ten-Minute Recess.

There being no objection, a ten-minute recess was had.

Resumption of Consideration of the Pending Measure.

Supervisor McCarty questioned the wisdom of spending funds for the conversion of the old cars when less than ten thousand dollars would be required to convert each PCC car.

Supervisor McAteer asked the price of a new PCC car, and Mr. Mills replied that each would cost in the neighborhood of between thirty-five and forty thousand dollars.

Mr. Mills further pointed out the advantages of the PCC cars over the old iron monsters in that the seating capacity is greater, there is more riding comfort, minimum repair required, they possess the dead man's control which affords more control over the car.

Request for City Attorney's Opinion.

Supervisor Dobbs asked that the Clerk obtain an opinion from the City Attorney on the following query: In the conversion of the existing two-man streetcars to one-man operation, and where such conversion consists in changes in doors, electrical systems, controls and other integral parts of the streetcar, may it be considered an operational or maintenance expense, which may be met out of Municipal Railway revenues, or tax subsidies? Or, on the other hand,

must such conversion be treated as a capital expenditure, subject to all requirements of law with regard to appropriations and bond issues where a utility deficit exists? Since an estimated conversion cost of \$5,000 per car has been suggested, in the case of the older-type streetcars, would such figures have any bearing on your answers to the foregoing questions?

Motion to Continue Consideration.

Supervisor Dobbs moved, seconded by Supervisor Arnold, that consideration of the pending measure be continued for one week, pending receipt of the City Attorney's opinion.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, McAteer, McCarty—6.

Noes: Supervisors Ferdon, McMahan, Mead—3.

Absent: Supervisors Lewis, Mancuso—2.

Consideration continued one week.

Resumption of Consideration of File No. 7874-3, Relative to Charter Amendment Affecting Section 151.3, Revising Salary Standardization Formula for Operating Personnel of the Municipal Railway.

Discussion.

Supervisor Mancuso, Chairman of the Judiciary Committee, explained at length the history of the pending measure as well as the subsequent measure, designated as File No. 7874-4, which provides another method of standardizing salaries of Municipal Railway personnel.

The Supervisor pointed out that the pending measure provided three scales of pay, beginner's, intermediate's and maximum, and that

the Civil Service Commission would have the authority to determine length of time between steps.

The subsequent measure, on the other hand, would provide a method whereby a flat rate would be determined, applicable to the new man as well as to those with years of seniority. Most railway systems, Supervisor Mancuso emphasized, have the three-step plan in effect.

Supervisor Ferdon ventured the opinion that the plan provided by File No. 7874-4 will assure a more efficient operation of the railway.

Motion.

Supervisor Mancuso moved that the Board adopt Sub-section (f) of File No. 7874-4.

Motion Ruled Out of Order.

The President ruled that consideration of File No. 7874-3 was the only measure before the Board at the moment, and therefore Supervisor Mancuso's motion was out of order.

Discussion.

Supervisor McCarty pointed out that he understood that about 120 vacancies existed in the ranks of the Municipal Railway and the normal duration of tenure of office was about two years. If the Board adopted the pending measure, it would be tantamount to a reduction in compensation.

Supervisor Mancuso replied by stating that no one would lose their jobs. If a man were taken off of a bus or car, his services would be utilized elsewhere.

Supervisor McCarty concluded by emphasizing the fact that since it was extremely difficult to recruit personnel for the railway, the adoption of the pending measure would be an unwise move.

Motion.

Supervisor Mancuso moved that the Board consider the provisions of Subsection (f) of File No. 7874-4.

Motion lost for want of a second.

Motion to Consider Legislation Out of Order.

Supervisor McCarty moved, seconded by Supervisor Mancuso, that the Board now consider File No. 7874-4 out of order.

Motion lost by the following vote:

Ayes: Supervisors Carberry, Christopher, Mancuso, McCarty—4.

Noes: Supervisors Arnold, Dobbs, Ferdon, McAteer, McMahan, Mead—6.

Absent: Supervisor Lewis—1.

Statement by Supervisor Mancuso.

Supervisor Mancuso: Unless the members of the Board express their opinions on Subsection (f) of File No. 7874-4, I will vote against the pending measure.

Supervisor McCarty mentioned the fact that the bus drivers and carmen, with their many responsibilities, are actually paid 11 cents per hour less than an ordinary laborer.

To a query by Supervisor McAteer, Mr. Turner replied that there are actually only 46 vacancies in the ranks of the Municipal Railway instead of the 120 heretofore mentioned by Supervisor McCarty. He pointed out that if the wage formula as set forth by the pending measure had been in effect for the current fiscal year, substantial savings would have been effected.

Motion to Consider Legislation Out of Order.**Suspension of Rules.**

Supervisor Mancuso moved the suspension of the rules for the purpose of considering File No. 7874-4 out of order.

Courtesy second extended by Supervisor Arnold.

Supervisor Dobbs declared he saw no reason for considering File No. 7874-4 ahead of File No. 7874-3.

Point of Order.

Supervisor Mead rose to a point of order, emphasizing that the Board had already voted on the question of considering File No. 7874-4 immediately, and it lost.

Rescission of Action.

Supervisor Mancuso moved that the Board rescind its action whereby it had voted against the motion to consider File No. 7874-4 out of order. Courtesy second extended by Supervisor Arnold.

Consideration of Legislation Out of Order.**Suspension of Rules.**

Supervisor Mancuso moved, seconded by Supervisor Carberry, that the rules be suspended for the purpose of considering the following calendar measure out of order.

No objection and motion *carried*.

Appropriating \$25,000, District Attorney, from the Emergency Reserve Fund, to Replenish Special Fund Used for the Purpose of Investigating Violations of Law in the City and County of San Francisco; an Emergency Measure.

File No. 11541, Ordinance No. 8451 (Series of 1939).

Privilege of the Floor.

The privilege of the floor was extended to District Attorney Thomas C. Lynch, who explained the necessity for the appropriation.

Discussion.

Supervisor Lewis voiced the opinion that the District Attorney's office, under the charter, is not empowered to make investigations, which is a function of the Police Department, and that such investigations in the past have not benefitted the city in any way. He added that before he'd vote the appropriation, he desired information as to the use of the fund and that he did not intend to vote monies for investigations which may take place in the future.

Supervisors McCarty and Ferdon spoke in favor of the appropriation.

Supervisor Lewis said he'd like to hear from the Chief of Police and the Chief of Inspectors.

Query of Deputy City Attorney.

Supervisor Lewis asked Thomas Blanchard, Deputy City Attorney, as to the legality of the emergency clause in the pending measure. Mr. Blanchard explained the meaning of an emergency pursuant to the provisions of the charter but added that whether an emergency actually existed was a question of fact which must be determined by the Board.

Supervisor Lewis pointed out that, in his opinion, no facts have been divulged which warranted a state of emergency, and before he voted, he wanted to hear from the Chief of Police and Chief of Inspectors and asked that consideration of the measure be either put over temporarily or deferred for a period of one week.

Supervisor Mancuso stated he was in favor of the appropriation.

Supervisor Lewis again reiterated his intention of not voting for the appropriation, because he did not believe in signing a blank check for something of which he had no knowledge. He mentioned, however, that he had confidence in the District Attorney, and added that the city has investigating bodies which have not requested funds for investigations, namely the Grand Jury and the Police Department.

Motion to Continue Consideration.

Supervisor Lewis moved, seconded by Supervisor Mancuso, that consideration of the pending measure be continued for one week and that the Chief of Police, the Chief of Inspectors and the Foreman of the Grand Jury appear before the Board next Monday to answer questions.

To a query by Supervisor Mancuso, Mr. Lynch stated that there was no objection on the part of either the Chief of Police or Chief of Inspectors to the requested appropriation.

Supervisor McCarty pointed out that the Finance Committee held a full and complete hearing on the matter. The Chief of Police, the Foreman of the Grand Jury and a representative of the Attorney General's office were present and all were in accord with the thought that the funds should be made available.

Motion Withdrawn.

Supervisor Lewis declared that since he has been apprized of the fact that the Police Department and Grand Jury representatives had been present at the meeting of the Finance Committee, he was withdrawing his motion.

No objection and motion *carried*.

The roll was thereupon called and the pending measure was *finally passed* by the following vote:

Amendment.

Discussion.

Supervisor Mead stated he has been disappointed with the Youth Guidance Center, and that he is reluctant to spend five cents for the institution until adequate security measures have been installed. He pointed out that some of the inmates at the Center should rightfully belong in the Hall of Justice or in the county jails, and that until full and complete security installations have been made, the so-called "punks" should be segregated and placed in the Hall of Justice.

General discussion followed, with several of the Supervisors asking Mr. Philip Green, Chief Probation Officer, questions on the subject.

Supervisor Lewis expressed the opinion that the only escapees at the institution were those on parole; the truants did not participate in such attempts, and that the parolees should actually be behind bars, and suggested that the Sheriff should be asked if County Jail No. 2 could not be extended for the purpose of accommodating such parolees.

Substitute Motion.

Supervisor Lewis moved, as a substitute, that consideration of the pending measure be continued for one week and that Mr. Green and Sheriff Dan Gallagher be present at the next meeting of the Board. Motion seconded by Supervisor Mead.

Consideration of Salary Standardization.

The Clerk read the following statement prepared as a prelude to the recommendations of the Finance Committee:

Salary Standardization, 1954-1955—Charter Sections 151 and 151.1.

NOTE: The Civil Service Commission's Salary and Wage Survey was presented to the Clerk on Friday, January 15, 1954, and on Monday, January 18, 1954, was referred to the Finance Committee.

The Finance Committee prepared, and there was distributed to interested parties a schedule of dates for the conduct of hearings and other procedural incidents in connection with the salary standardization and, in accordance therewith, on February 23, 1954, the Board concurred in the recommendation of the Finance Committee, submitting to the Civil Service Commission for report and analysis, proposed amendments in connection with 448 classifications and 3 sections of the administrative provisions of the Salary Standardization ordinance.

There is on the desk of each member of the Board, a report and analysis of the Civil Service Commission concerning the proposed amendments referred to. Such report indicates justification for revision of original recommendations of the Civil Service Commission in connection with 25 classifications and recommendations against each of the proposed amendments to the administrative provisions of the Salary Standardization ordinance.

There is also on the desk of each member, a copy of the Finance Committee's report and recommendations in connection with the amendments heretofore proposed to the Salary Standardization ordi-

nance, as well as a Summary of Recommendations of the Finance Committee in connection with proposed amendments, other than administrative.

In connection with the amendments to the administrative provisions the Finance Committee recommends against each of such proposed amendments.

The Finance Committee has included in its report and recommends approval of each of the 25 revisions proposed by the Civil Service Commission. In addition the Finance Committee has included in its report and recommends for approval by the Board, changes in salaries or ranges for, approximately 4,239 employees in 119 classifications at a total estimated cost, including temporary employment and retirement, of \$414,212. This, added to the increased costs resulting from all Civil Service recommendations reflects a total increased cost of \$1,302,124.

Supervisor Arnold moved as a recommendation of the Finance Committee, seconded by Supervisor Dobbs, that the amendments to the administrative provisions of File No. 10491-2, proposed by this Board on Tuesday, February 23, 1954, "do not pass."

No objection to the suggestion was raised and it was so *ordered*.

Amendments.

Supervisor Mancuso moved that the Finance Committee recommendations be amended to include a range of \$490-550 for the classification of A-106, Building Inspector. Motion seconded by Supervisor Mead.

Supervisor Arnold assured Supervisor Mancuso and the other members of the Board that every possible consideration was accorded by his committee to every classification, based on all available data, and that it was not his intention to impose his thinking with respect to the rates reached, on any members of the Board.

Supervisor Mancuso asked Mrs. Kathleen C. Dolen, Supervisor of Wage Schedules and Classifications, Civil Service Commission, as to the classifications affected by an increase which may be accorded classification A106, Building Inspector.

Amendments Adopted.

Supervisor Arnold moved, seconded by Supervisor Mead, that on behalf of, and as a recommendation of the Finance Committee, and as a substitute for the amendments heretofore proposed by the Board of Supervisors to the Salary and Wage Survey of the Civil Service Commission, submitted to this Board on January 15, 1954, that the amendments recommended by the Finance Committee as well as those recommended by the Board today, be approved, and adopted as amendments to said Salary and Wage Survey and included in File No. 10491-2, Salary Standardization Ordinance, 1954-1955.

Explanation of Vote.

Supervisor Mancuso stated he did not propose to vote in favor of the motion, contending, in effect, that the Finance Committee did not carry out the purport and intent of the charter relating to salary standardization, in that it neglected to provide identical salary increases for certain related classifications in the "B" group.

Supervisor McCarty stated he had no quarrel with the right of Supervisor Mancuso to object to the recommendations of the Finance Committee but that he resented strongly the implication that the committee's recommendations smacked of favoritism. The Supervisor stated that such charges were simply not true. The committee spent long and tedious hours going over every single classification and the members of the committee feel in their hearts that they have done the right thing.

Supervisor Mead asked that Supervisor Mancuso reconsider his position and vote for the amendments pending before the Board.

Supervisor Mancuso stated that he would not change his vote as he sincerely felt that the Finance Committee were wrong in their decision on certain classifications.

Supervisor Dobbs likewise expressed resentment with the remarks of Supervisor Mancuso that certain recommendations of the Finance Committee reeked of favoritism. If the Supervisor wanted to vote against the pending measure, that was his privilege, but that he did not want to hear anything further of a derogatory nature bearing on the integrity of the Finance Committee.

The roll was thereupon called and the pending motion was *adopted* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, McAteer, McCarty, McMahan, Mead—9.

No: Supervisor Mancuso—1.

Absent: Supervisor Lewis—1.

Passage for Second Reading.

File No. 11434, Ordinance No. (Series of 1939).

Amendment.

Supervisor Arnold moved the following amendment:

That subdivision (e) of Section 6 be amended to insert in the second line thereof, before the phrase "120 hours of work," the words "not to exceed," and that in the last line of said subsection, before the word "consecutive," the word "three" be changed to "two." File No. 11545, Resolution No. 14199 (Series of 1939).

Discussion.

Supervisor Ferdon explained the purpose of the measure.

Supervisor Dobbs explained that he presented the measure because he believed the Board should assist other counties in every way possible.

Supervisor Mancuso declared that to adopt such a resolution would defeat the policy of persuading the Government to give up surplus lands so that they may be returned to the counties' assessment rolls, and if he voted for the measure, he would be defeating his avowed intention of having the Government relinquish such lands. He appreciated the interest shown in an attempt to assist Contra Costa County but he did not believe we should inject ourselves in that county's affairs. He concluded by stating that if the Government desired to abandon certain army camps, he certainly did not intend to fight such proposed abandonments.

Supervisor Dobbs declared that the petition to have Camp Stoneman remain active was initiated by Contra Costa County.

The roll was thereupon called and the measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, McAteer, McCarty, Mead—8.

Noes: Supervisors Mancuso, McMahan—2.

Absent: Supervisor Lewis—1.

Privilege of the Floor.

The privilege of the floor was extended to Jack Baxter, President of the Better Parking Company.

Questions were asked of Mr. Baxter by various Supervisors regarding the officers of the firm and its methods of operation.

Supervisor Dobbs asked James H. Turner, Manager of Utilities, if the recommendations of the Controller with respect to certain accounting procedures were being followed. Mr. Turner replied that his office had over 250 leases and he could not keep a check on all of them.

Supervisor Dobbs asked Mr. Paul Negri of the Public Utilities Commission's accounting bureau, if he had reports in his possession that would indicate that such recommendations were being fulfilled. Mr. Negri replied that since his inception into office in October of 1952, he assumed that the recommendations were being carried out.

Mr. James Turner pointed out that bids would be received for the parking lot when the \$10,000,000 administration building is opened shortly, and that steps will be taken to definitely assure the city receiving its proper share of the revenue.

General discussion followed, with questions being asked of Mr. Baxter and Mr. Turner by various Supervisors.

Motion to Defer Consideration.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that in connection with the Board's inquiry into the concession agreement between the Better Parking Company and the Public Utilities Commission for operation of parking facilities at San Francisco Airport, said Commission and the Controller be and they are hereby requested to jointly and immediately conduct an audit of the accounts of said Company and provide this Board of Supervisors with a report as to said Company's revenues during the entire period of its existence and its payments to the City and County of moneys owing to the latter; that the report to the Board of Supervisors included a detailed

explanation of said Company's accounting procedures, receipts and payments to the City and County, together with a statement of the methods of surveillance maintained by the City and County, during the period from May, 1951, and October, 1952, when the present Director of the Bureau of Accounts took office; that the Board's inquiry into this matter be continued until its regular meeting to be held on Monday, March 22, 1954, as a special order of business at the hour of 3 o'clock p. m., and that the Public Utilities Commission and the Controller, together with necessary aides, be requested to appear before the Board at the time hereinabove mentioned.

Supervisor Mancuso suggested that the foregoing motion be referred to committee and that a proper resolution be prepared to encompass the points mentioned.

Mr. Nate Cooper, Supervisor of Utility Audits, described the confusion encountered when attempts were made to audit the books of the firm, pointing out that he was unable to determine the number of parking tickets issued and therefore unable to ascertain amount of money collected.

To a query propounded by Supervisor McAteer, Mr. Baxter, President of the Better Parking Company, replied that to date no dividends have been paid; he further felt that a majority of the recommendations proposed by the Controller have been effectuated and that he believed the city was getting every cent to which it was entitled.

Consideration Temporarily Postponed.

There being no objection, consideration of the pending matter was *temporarily postponed*, pending award of sale of bonds.

Supervisor Christopher: The meeting the other evening with San Mateo County Supervisors was a very successful one. They would also appoint five persons, plus ex-officio members (a technical staff), two members of the Board of Supervisors and three lay members comprise the committee. I appointed Supervisors Carberry and Ferdon; Werder and

Calling Plan "B" Cable Car Measure from Committee.

Supervisor Mancuso moved, seconded by Supervisor McCarty, that the measure now reposing in the Joint Judiciary and Finance Committee and known as Plan "B" charter amendment relative to cable car operation, be called from said committee and placed on the Board calendar for next Monday, March 22.

Discussion.

Supervisor Mancuso stated that in view of the fact that Supervisor McAteer withdrew his charter amendment, said amendment was no longer in the hands of the committee.

Supervisor Ferdon expressed the opinion that any matter referred to committee is still within the jurisdiction of the Board.

Supervisor McCarty: Supervisor McAteer felt that since a majority of the Board agreed to back Plan "B," it would be a grievous error to have both Plan "B" and his amendment on the ballot. On those grounds, he requested to withdraw his charter amendment. Unless it is brought to the Board next Monday, it will be too late for the general election.

Supervisor Ferdon: I have no quarrel with the plan to preserve the cable car system. However, I am concerned with the manner in which it is being done. The conditions are a little too chaotic for me. I cannot agree with Supervisor Mancuso's motion.

Supervisor McAteer explained that he had withdrawn his amendment in committee for the simple reason that to place both his measure and Plan "B" charter amendment on the ballot would not be the proper thing to do.

The roll was thereupon called and the motion *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Mancuso, McCarty, McMahan, Mead—7.

Noes: Supervisors Dobbs, Ferdon, McAteer—3.

Absent: Supervisor Lewis—1.

Motion Calling Supervisor McAteer's Charter Amendment on Cable Cars from Joint Committee.

Motion.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that Supervisor McAteer's charter amendment on cable car operation be called from the Joint Judiciary and Finance Committee and placed on next Monday's calendar.

Discussion.

Supervisor Mancuso stated that in view of the statement made by Supervisor McAteer that it would be inadvisable to have both his and Plan "B" charter amendment on the June ballot, he did not consider it prudent to vote for the motion.

Ruling by President.

The President ruled that measures referred to committee cannot be definitely tabled or disposed of except by action of the Board.

Supervisor Mead expressed the opinion that the people should be allowed to vote on matters which directly affect them.

Query of City Attorney.

Supervisor Mancuso asked Deputy City Attorney Thomas Blanchard if Supervisor McAteer's withdrawal of his charter amendment precluded any subsequent action by the Board.

Mr. Blanchard replied that once a measure is introduced, the Board assumes all jurisdiction over it and remains the sole body to determine whether said measure shall be tabled, withdrawn or otherwise disposed of.

Supervisor McCarty urged the Board to vote down the motion calling the McAteer amendment from joint committee; otherwise a picture of utter confusion would be presented to the voters.

Motion to Rescind Action Taken on Plan "B."

Supervisor Carberry moved that the Board rescind its action whereby it had voted to call the Plan "B" charter amendment from the Joint Judiciary and Finance Committee.

Motion Ruled Out of Order.

The President ruled the motion out of order, suggesting that it be made under Roll Call.

Supervisor Carberry stressed the importance of having unanimity of action on the part of Board members to accept either Plan "B" or the McAteer amendment.

Supervisor Arnold commended Supervisor McAteer upon the latter's withdrawing his proposed amendment, and pointed out that confusion would exist in the event both charter amendments were placed on the ballot.

Supervisor McAteer: Insofar as my amendment is concerned, is it still in committee?

President Christopher: It is still in committee, subject to the jurisdiction of the Board.

Supervisor McAteer: If Plan "B" does not receive a favorable vote next Monday, may my amendment be brought before the Board the following Monday?

President Christopher: That is correct, depending upon the time limitation.

Deputy City Attorney Thomas Blanchard pointed out that April 5 was the last day upon which charter amendments may be ordered submitted by the Board.

Supervisor McAteer: To be consistent, I must vote against bringing my amendment out of committee because I have already made a statement that to submit both amendments would result in a state of confusion.

Roll Call.

The roll was thereupon called on Supervisor Dobbs' motion and it lost by the following vote:

Ayes: Supervisors Dobbs, Ferdon, McMahan—3.

Noes: Supervisors Arnold, Carberry, Christopher, Mancuso, McAteer, McCarty, Mead—7.

Absent: Supervisor Lewis—1.

March 15, 1954—Consideration continued to March 22, 1954.

Discussion.

Supervisor Lewis interrogated Ralph G. Wadsworth, City Architect, and at the conclusion, requested that consideration be temporarily postponed pending receipt of information on traffic count.

Supervisor McAteer asked why the widening of Portola Drive was not included in present plans.

Mr. Wadsworth replied to the effect that some two years ago, tremendous opposition was registered by property owners who insisted that the eastern end be widened first.

Supervisor Ferdon: I do not believe we should do anything piecemeal. We should either do the entire project or none at all.

In reply to a query by Supervisor Mead, Mr. Sherman P. Duckel, Director of Public Works, stated that it would take in the neighborhood of two years before the houses are moved out.

Supervisor Mead insisted that the work be done during the summer months and thus obviate possibility of impeding the flow of traffic during the winter.

Supervisor Lewis quoted excerpts from DeLeuw-Cather Report to prove his point that these engineers were opposed to the widening of Portola Drive. He further pointed out that the Report consisted of two stages and that on the basis of priority, the widening of Portola Drive was far down on the list.

Point of Order.

Supervisor Mancuso rose to a point of order, contending that Supervisor Lewis was straying from the main subject.

The President ruled the point of order well taken.

Supervisor Lewis insisted that he had the right to inquire of city officials why this and other matters of high priority were being skipped.

The President suggested that the Supervisor confine his remarks to the calendar matter.

Supervisor Lewis reiterated that all matters in the first and second stages of the DeLeuw-Cather Report were skipped in favor of the widening of Portola Drive.

Mr. Duckel pointed out that all works had been completed with the exception of the Market Street and Portola Avenue widening.

Supervisor Lewis stated he was interested in remanding the measure to committee for the purpose of determining whether the people are interested in either reducing their sidewalks or losing their homes.

Motion to Re-refer to Committee.

Supervisor McCarty moved, seconded by Supervisor McAteer, that the measure be re-referred to committee and that an overall plan of the Department of Public Works be brought to the attention of all of the property owners involved.

Supervisor Mead spoke in opposition to the motion to re-refer, pointing out that the Department of Public Works will eventually improve Portola Drive but the funds are not available now, and urged that no delay be had in the matter.

Supervisor Lewis stressed the importance of determining if the people involved desired to choose between losing their homes or having their sidewalks reduced.

Supervisor McCarty pointed out that he did not believe the people west of Twin Peaks are cognizant of the existing problem and they should be told exactly what improvements are proposed.

Request for Notification.

Supervisor Arnold requested that the Clerk of the Committee notify all people who expressed opposition to the widening of Portola Drive, of future committee hearings, as well as those residing on Upper Market Street.

Roll Call.

The roll was thereupon called on the motion to re-refer and it *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Dobbs, Ferdon, Lewis, McAteer, McCarty—7.

Noes: Supervisors Christopher, Mancuso, Mead—3.

Absent: Supervisor McMahan—1.

Request for Notification.

Supervisor Arnold asked that the Clerk of the Committee notify those who have given their names and their places of residence shown in File No. 7274 (widening of Portola Drive).

(In conformity with the Master Plan.)

March 15, 1954—Consideration continued to March 22, 1954.

Referred to Streets Committee.

Request for Notification.

Supervisor Lewis asked that all property owners along Portola Drive to St. Francis Circle be notified of the next hearing of the Streets Committee regarding the proposed widening of Market Street.

SPECIAL ORDER—3:00 P. M.**Consideration Continued.**

Discussion of Concession Agreement Between the Better Parking Company and the Public Utilities Commission, Concerning Alleged Accounting, Insurance and Bonding Deficiencies.

March 15, 1954—Consideration continued to March 22, 1954.

Communication.

The Clerk read a communication from Attorney Burton McGovern, requesting continuance of the pending measure for a period of one week due to the necessity of his appearing in court.

Motion to Continue Consideration.

Accordingly, Supervisor Mead moved, seconded by Supervisor Dobbs, that consideration be continued for one week.

No objection and motion *carried*.

Consideration continued one week.

The Clerk was instructed to so inform Mr. McGovern, the Public Utilities Commission, George M. Dixon, former manager, San Francisco Airport, Mr. Jack Baxter, President of the Better Parking Company, and any other interested parties.

Resumption of Consideration of Charter Amendment (Plan B), Relating to Operation of Cable Cars.

The President ruled that the motion before the Board was one calling for continuance of consideration for a period of one week.

Supervisor McCarty opposed continuance, basing his objection on the grounds that no one can guarantee the full attendance of Board members next Monday.

Supervisor Mancuso assured the Board that he had discussed the pending measure with Supervisor McMahan who in turn had told him that her position was well known and that the Board could go ahead and vote on the matter.

Supervisor McCarty declared that Supervisor McMahan knew that the matter would be heard today, and there is no assurance of a full Board next Monday; and thereupon urged the Board to act promptly.

Roll Call.

The roll was thereupon called and the motion to defer consideration for one week lost by the following vote:

Ayes: Supervisors Dobbs, Ferdon, Lewis, McAteer—4.

Noes: Supervisors Arnold, Carberry, Christopher, Mancuso, McCarty, Mead—6.

Absent: Supervisor McMahan—1.

Amendments.

Supervisor McCarty moved the following amendments to Section 119.3:

In the second line, at the beginning, insert the word "there."

In the second line, strike the words, "the public utilities commission."

In the second line, after the word "shall," insert the word "be."

In the second line, change the word "maintain" to "maintained" and in the same line change the word "operate" to "operated."

The language would then read: "In the conduct of the municipal railway there shall be maintained and operated cable car lines as follows:"

On page 2, in subdivision 3, strike the second and third paragraphs.

After subdivision 3, add the two following paragraphs:

"Notwithstanding the provisions of Section 74 of the Charter the Board of Supervisors shall have power, and it shall be its duty, to provide \$855,820 from any funds certified by the Controller to be legally available for capital costs to accomplish the purpose of this section and it shall, for the fiscal year 1955-1956, levy a tax to provide any portion thereof not theretofore provided.

"The amounts realized from the disposition of cable car properties shall also be made available for capital costs for the purpose of this section."

Opposition.

Supervisor Ferdon stated that basically, he was opposed to the measure as he was to all types of piecemeal legislation.

Supervisor McAteer inquired why the following language was stricken: ". . . and as a link to San Francisco's historic past." Supervisor McCarty replied that such language has no legal meaning and was considered surplusage.

Supervisor McCarty pointed out that were a bond issue to be issued in lieu of the method he proposed, it would cost the taxpayers several hundred thousand dollars more.

Motion.

Supervisor McAteer voiced opposition to the measure, and moved, seconded by Supervisor Ferdon, that the measure, along with its proposed amendments, be re-referred to committee for further study.

Supervisor Arnold stated he would vote against re-referral and believed the measure should be voted upon today.

Supervisor Ferdon stated he saw neither rhyme nor reason to accept the figure of \$855,820. Does the Board want a tax subsidy or does it want a bond issue? He added he did not know where the figure of \$855,820 came from; the matter was precipitous; therefore, it was wrong. The matter should be re-referred to committee and a mutual solution reached.

Supervisor McCarty stated he wasn't confused at all, and that confusion existed only in the minds of those who have consistently opposed Plan "B," and that a lot of time and thought had been devoted to the measure in committee. He objected sending it back to committee where he declared a real state of confusion would exist, in that all those who had been heard, would again renew their requests for a hearing.

Supervisor Mancuso likewise objected to re-reference to committee.

Supervisor Carberry supported the motion for re-reference and urged that the joint committee come up with a measure that would meet with full approbation of all Board members.

Supervisor Mead ventured the opinion that if the measure is re-referred to committee, he feared it would not get back to the Board in time for inclusion on the June ballot. He felt that the Board members would not change their present viewpoints, and that the people of San Francisco were quite capable of determining what is good legislation.

Supervisor Arnold urged prompt Board action.

Roll Call.

The roll was thereupon called on the motion to re-refer to committee and it lost by the following vote:

Ayes: Supervisors Carberry, Christopher, Dobbs, Ferdon, McAteer—5.

Noes: Supervisors Arnold, Lewis, Mancuso, McCarty, Mead—5.

Absent: Supervisor McMahan—1.

The President now ruled that the amendment was now before the Board.

There being no objection, consideration of the pending measure was *temporarily postponed* to permit appearance of representatives of the Public Utilities Commission.

Statement by Supervisor Arnold.

Supervisor Arnold expressed opposition to the pending measure as amended by Supervisor McCarty. However, he stated he believes the people should be afforded the opportunity of expressing themselves on the matter, and asked that the record show that although he was in favor of submission, he was personally opposed to the amendments.

The roll was thereupon called on Supervisor McCarty's amendment to the amendment and it *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Lewis, Mancuso, McCarty, Mead—7.

Noes: Supervisors Dobbs, Ferdon, McAteer—3.

Absent: Supervisor McMahan—1.

The President stated that the amendments offered by Supervisor McCarty, as amended, were now before the Board.

Discussion.

Supervisor Dobbs stated he did not intend to submit the pending measure to the people because he did not know anything about the figure of \$855,820.

Supervisor Ferdon declared that apparently there was no unanimity of action among the members of the Board.

Supervisor McAteer expressed the hope that the members of the Board would not vote for Plan "B." He did not believe in fooling the people. He withdrew his own amendment in good conscience hoping that the Board would adopt either one or the other of the plans. The legislation now before the Board, as amended, was not good legislation and he hoped it would be defeated.

The roll was thereupon called on the amendments of Supervisor McCarty, as amended, and they *lost* by the following vote:

Ayes: Supervisors Carberry, Christopher, Mancuso, McCarty, Mead—5.

Noes: Supervisors Arnold, Dobbs, Ferdon, Lewis, McAteer—5.

Absent: Supervisor McMahan—1.

The President ruled that Plan "B" charter amendment as it appeared on the calendar was now before the Board.

Rescission of Previous Action.

Supervisor Lewis stated he was anxious to have the pending measure submitted to the electorate but that he was not satisfied with it in its present form. He accordingly moved, seconded by Supervisor McCarty, that the Board rescind its previous action whereby it had defeated Supervisor McCarty's amendments to the pending measure, as amended.

Supervisor Dobbs stated he would oppose the motion.

The roll was thereupon called and the motion *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Lewis, Mancuso, McCarty, Mead—7.

Noes: Supervisors Dobbs, Ferdon, McAteer—3.

Absent: Supervisor McMahan—1.

The roll was then called on the amendments as amended and they were *adopted* by the following vote:

Ayes: Supervisors Carberry, Christopher, Lewis, Mancuso, McCarty, Mead—6.

Noes: Supervisors Arnold, Dobbs, Ferdon, McAteer—4.

Absent: Supervisor McMahan—1.

Motion to Submit Measure as Amended.

Supervisor Mancuso thereupon moved that the pending measure, as amended, be ordered submitted to the voters. Motion seconded by Supervisor McCarty.

Substitute Motion.

Supervisor Carberry moved as a substitute, seconded by Supervisor Ferdon, that consideration of the pending measure, as amended, be continued for one week, to permit review of its financial aspects.

The roll was thereupon called and the motion to defer consideration for one week *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, McAteer—6.

Noes: Supervisors Lewis, Mancuso, McCarty, Mead—4.

Absent: Supervisor McMahan—1.

Consideration continued one week.

Query of President.

Supervisor McAteer asked the President if, in the event the pending measure is eventually defeated, may his charter amendment be called out of the joint committee of Judiciary and Finance.

The President stated that in the event the pending measure is defeated, there would be ample time for Supervisor McAteer to call his matter from the joint committee.

Request That Proposed Charter Amendment Be Called from Joint Judiciary and Finance Committee.

Supervisor McAteer thereupon requested that his charter amendment, now reposing in the Joint Judiciary and Finance Committee, be called from that committee and placed on the Board calendar for its meeting on Monday, March 29, 1954.

No objection and *so ordered*.

Supervisor McAteer: Assuming that Plan "B" is before the Board next week, and mine also, and assuming that Plan "B" is considered first and were to pass, what procedure would be available to me to have it considered at that particular time.

President Christopher: You may have your matter tabled.

Consideration of Legislation Out of Order.

Distribution Systems, and All Other Works or Properties Necessary or Useful for the Rehabilitation of Laguna Honda Home and Hospital, All Within the City and County of San Francisco, and That the Estimated Cost of Said Municipal Improvement Is and Will Be Too Great to Be Paid Out of the Ordinary Annual Income and Revenue of Said City and County.

File No. 10486-2, Resolution No. . . (Series of 1939).

Privilege of the Floor.

The privilege of the floor was extended to Jerd Sullivan and Ben Swig of the Bond Screening Committee of the Mayor's San Francisco Forward Committee. Both of these gentlemen stated that the committee did not have sufficient time within which to properly evaluate the merits of the pending measure; accordingly, it is before the Board without their approval. Both gentlemen, however, emphasized that they were not speaking against it.

Motion to Re-refer to Committee.

Supervisor Arnold moved, seconded by Supervisor Ferdon, that in view of the statements made by Messrs. Sullivan and Swig, that the pending measure be re-referred to a committee for further study so that a mutual agreement may be reached for submission at the November election.

Supervisor Mead praised the fine work being done by the Mayor's San Francisco Forward Committee.

Objection to Re-reference.

Supervisor McCarty: I will vote against re-reference. I think the situation at Laguna Honda has deteriorated for a number of years. There is a crying need for a bond issue to enlarge and modernize that institution. We are placing people in the City and County Hospital at twice the cost charged by Laguna Honda Home, people who belong there but who cannot go there because of lack of facilities. The committee heard from Mr. Brooks, Mr. Moran, Dr. Sox and Mortimer Fleishhacker, all of whom stressed the urgency for this bond issue. I feel we should give the highest consideration to the position of the San Francisco Forward Committee. I do not, however, feel that we should bind ourselves to that position. It is true that they are performing very valuable service, and that they are men of the highest integrity. The only thing that committee stated to this Board is that they did not have more time to examine this bond issue. The charter imposes obligations upon this Board to consider all bond issues. If we re-refer this matter, we will be putting off our responsibilities and shifting them to a committee.

Supervisor Mead expressed the opinion that the bond issue would stand a better chance of success at the November election.

Supervisor Mancuso inquired of the Deputy City Attorney if a time limitation existed with respect to the submission of bond issues. Mr. Blanchard, Deputy City Attorney, replied that there was none; however, the Registrar of Voters must set a deadline in order for his office to proceed with the various steps incident to the preparation of the ballot, and in this case, has indicated that he must have all legislation relating to the bond issue by April 16th, which includes the ordinance providing for the special election.

Supervisor Mancuso: I believe the Laguna Honda Home bond issue will receive more votes than the sewer bonds. I appreciate the efforts of Jerd Sullivan and Ben Swig, but also realize that the matter of modernizing the Laguna Honda Home has been around for three or four years. We are spending a lot of money for patients at the San Francisco Hospital who belong in the Laguna Honda Home. We are likewise forcing many people who cannot afford the money, to seek

private hospitals. I hope the Board will vote down the motion to re-refer the matter to committee. I intend to vote against the sewer bonds if the Laguna Honda Home bond issue is re-referred to committee.

Supervisor Carberry suggested that the pending measure be continued for one week and in the meantime have the Bond Screening Committee consider the measure.

Supervisor Mancuso asked the Chief Administrative Officer if any serious loss would result if the pending measure were put over to the November election. Mr. Brooks replied that he did not believe so. He added, however, that he did not know how much more he could do in the way of furthering the project. He mentioned that the matter had been discussed twice with the Bond Screening Committee and that the only question raised was in connection with need for hospital beds and that information was supplied to them as a result of a survey made last year of private hospitals.

Supervisor Mancuso suggested that the Board adopt the measure and then have the Bond Screening Committee consider it during the week.

Supervisor Arnold objected to the suggestion, declaring that the Bond Screening Committee should not be stampeded into considering it. The wisest thing to do would be to re-refer it to committee.

Roll Call.

The roll was thereupon called and the measure *re-referred to committee* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, McAteer, McMahan, Mead—8.

Noes: Supervisors Lewis, Mancuso, McCarty—3.

Statement on Method of Voting.

The President informed the members of the Board that a vote "Aye" would disapprove the decision of the City Planning Commission and sustain the appellants; a vote "No" would sustain the City Planning Commission and overrule the appeal.

The Clerk thereupon read the pending measure:

Adopted.

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Lewis, Mancuso, McAteer, McCarty, McMahan, Mead—11.

Legislation Considered Out of Order.

Suspension of Rules.

Supervisor McAteer moved, seconded by Supervisor Mancuso, that the rules be suspended for the purpose of considering the following measure out of order.

No objection and motion carried.

Ordered Submitted as Amended.

The following measure, called out of the Joint Judiciary and Finance Committee by Supervisor Mancuso, was taken up:

Charter Amendment—Section 119.3, Relating to the Operation and Maintenance of the Cable Car System (Plan B).

File No. 6238-5

Amendments.

Supervisor Mancuso moved the following amendments, as proposed by the City Attorney:

Amend the third paragraph in Subdivision 3 to read as follows:

“The amounts realized from the sale or disposition of that certain parcel of real property situate at the southwest corner of California and Hyde Streets shall be made available for capital costs for the purpose of this section, and shall be in addition to the amounts specified in the preceding paragraph.”

Motion seconded by Supervisor McCarty and *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Ferdon, Lewis, Mancuso, McCarty, McMahan, Mead—9.

Noes: Supervisors Dobbs, McAteer—2.

New Language.

Supervisor Mancuso moved the following new language as recommended by the City Attorney, and reading as follows:

“Proposed expenditures for capital costs in excess of the amounts hereinabove specifically provided for shall be subject to the provisions of Section 74 of the Charter.”

Motion seconded by Supervisor McCarty and *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Ferdon, Lewis, Mancuso, McCarty, McMahan, Mead—9.

Noes: Supervisors Dobbs, McAteer—2.

Motion to Submit as Amended.

Supervisor Mancuso moved submission of the pending measure, as amended. Motion seconded by Supervisor McCarty.

Objections.

Supervisor Ferdon expressed objection to submission, and stated that he recognized that the members of the Board have taken a position in the matter; however, he felt that if the pending measure were to be submitted, the proposed amendment by Supervisor McAteer should likewise appear on the ballot.

Supervisor Mancuso expressed the opinion that the pending measure would be approved by the electorate.

Supervisor Dobbs stated his position has been made known in the past. He still considered it sound. The matter has been referred to a joint committee where it received a very poor hearing, and declared that what the Board was attempting to do now was to barrel the measure through due to a time element. He emphasized that, in his opinion, Plan B as drawn today, is not the appropriate plan, and that the only thing it does is to provide a merry-go-around service for out-of-town visitors. To cram this measure down the throats of the electorate is a poor policy, and time is needed in order to give it unanimous approval.

The Supervisor pointed out the billboard ordinance as an example where the Board gave the measure considerable study and were able to approve it unanimously. He further stressed the fact that no proof has been given this Board that the sum of \$855,820 will do the job of rehabilitation as has been advanced. He concluded by declaring that his statement may be falling on deaf ears as many of the members had already pledged themselves in support of Plan “B,” but reemphasized the fact that he did not believe action should be taken on the measure today because insufficient study had been given it.

Roll Call.

The roll was thereupon called and the measure was *ordered submitted* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Lewis, Mancuso, McCarty, Mead—7.

Noes: Supervisors Dobbs, Ferdon, McAteer, McMahan—4.

Re-reference to Committee.

The following measure, called out of the Joint Judiciary and Finance Committee by Supervisor McAteer, was taken up:

Charter Amendment—Section 119.3, Providing for the Maintenance and Operation of the Cable Car System in Effect as of January 1, 1954.

File No. 11424

Supervisor McAteer moved re-reference of the foregoing measure to the joint committee. Motion seconded by Supervisor Mancuso.

Discussion.

Supervisor Ferdon stated that he has always felt that if Plan "B" were submitted to the electorate, the pending measure should likewise be placed on the ballot.

Supervisor Mead mentioned that he was of the opinion that since the McAteer amendment had been withdrawn by its sponsor in joint committee, it should not now appear before the Board.

The President explained that all matters referred to committee remain under the jurisdiction of the Board.

Supervisor McAteer declared that to submit both Plan "B" and his charter amendment to the electorate would not constitute sound legislation. If both were to win, the City Attorney would have to rule that the amendment receiving the greater number of votes would be the winner. So even if both measures received a majority of the votes, the one receiving the lesser number would lose and this position would be untenable. He concluded by urging that his amendment be re-referred to the joint committee.

Supervisor Mead requested information as to the status of measures receiving a majority of votes but with one receiving more than the other. Mr. Thomas Blanchard, Deputy City Attorney, cited a section of the State Constitution dealing with the matter.

Roll Call.

The roll was thereupon called and the measure was *re-referred to the joint committee* by the following vote:

Ayes: Supervisors Arnold, Lewis, Mancuso, McAteer, McCarty, Mead—6.

Noes: Supervisors Carberry, Christopher, Dobbs, Ferdon, McMahan—5.

Supervisor McAteer Excused.

There being no objection, Supervisor McAteer was excused at 4:37 p. m.

The President of the Board introduced Walter Mails, Publicity Director of the San Francisco Baseball Club, who urged the Board members to attend the opening of the 1954 season next Tuesday, April 6th, at Seals Stadium when the home team meets the Seattle Rainiers. The President ordered 12 tickets and pledged the Board's support.

File No. 11618

March 22, 1954—Consideration continued to March 29, 1954.

Request for More Stringent Control of Leasing Concessions.

Supervisors Dobbs and Ferdon jointly asked the Clerk to request those department heads who have lease agreements under their respective jurisdictions, to consider the feasibility of providing for more stringent regulations of future lease concession agreements, which would, in effect, call for increase in surety bonds, public liability and property damage insurance, adoption of an accounting procedure which would facilitate auditing by the Controller's office and guarantee of the city's proper share of the revenue accruing under the particular concession agreement.

No objection and the *Clerk was directed to comply.*

No further discussion was had on the matter.

Discussion.

Supervisor Mancuso inquired into the status of points raised by the Machinists' Local with respect to rates incorporated in the measure.

Supervisor Arnold assured Supervisor Mancuso that the Civil Service Commission would consider the plea of the Machinists' Local.

Supervisor McAteer likewise inquired of positions listed in the measure that were paid time and one-half after forty hours of work. Mrs. Kathleen C. Dolen of the Civil Service Commission replied that rates in the measure were established through Collective Bargaining Agreements.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

Rescission of Action.

Supervisor McCarty moved, seconded by Supervisor Mead, that the Board rescind its action whereby it had, earlier in the meeting, passed for second reading File No. 11647-1, entitled "Fixing schedules of compensation, effective July 1, 1954, to be paid certain employees subject to the provisions of Section 151.3 of the Charter."

No objection and motion *carried*.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Lewis, Mancuso, McAteer, McCarty, McMahan, Mead—11.

Re-reference to Committee.

The following recommendations of Public Buildings, Lands and City Planning Committee, heretofore Passed for Second Reading, were taken up:

Amending the Farmers' Market Ordinance by Amending Section 11 Thereof, Relating to Penalties and by Adding Sections 12, 13, 14, 15, 16 and 17 Thereto, Relating to Permission to Enter the Market Premises, Permits for Use of Market Facilities and Penalties for Violation.

File No. 11463, Ordinance No. . . . (Series of 1939).

(Provisions designed to more effectively enforce the rule that the Market's facilities be used only by bona fide growers selling commodities grown by them.)

Discussion.

Supervisor Lewis informed the Board that he had read the proposed ordinance and he believed certain of its provisions to be unfair, and cited a case of a party who had been refused permission to enter the market place and had subsequently been involved in bail difficulties. The District Attorney finally insisted that the case be tried by a jury but it never did go that far. It was definitely established, however, that there was no proof that the lettuce and carrots were not grown on the party's farm.

The Supervisor objected to the proposal to have the right of suspension as well as the right of permanently revoking one's permit in the hands of a city employee, and that the permittee involved should have the right to appeal to the courts.

Supervisor Dobbs stated that no one appeared before the committee to offer any objections, and that Supervisor Lewis' remarks undoubtedly cover but one case. The legislation comes with the recommendation of the Chief Administrative Officer for the benefit of all the people of San Francisco.

Mr. Brooks informed the Board that the city is attempting to operate the market under reasonable rules. The Market Master must be satisfied that the produce actually is grown on the permittee's farm,

and that it was not the intention of the city to be unfair in any way, but under present conditions, the Market Master hasn't the authority to evict anyone who is on the premises unlawfully.

Supervisor Lewis insisted that the measure should be amended to provide that the courts shall decide whether a violation of the measure actually existed and not leave the fate of anyone in the hands of a city employee.

Supervisor McCarty expressed the opinion that the measure should contain provision for the holding of an administrative hearing, and it should be re-referred to committee for that purpose.

Supervisor Arnold stated he would vote against re-reference as the Market should be operated by city officials and not by the Municipal Court.

Supervisor Dobbs spoke against re-reference, stressing the importance of rules to govern the operation of the Market.

Supervisor Mancuso inquired of the Chief Administrative Officer if he had any objection to the measure being remanded to committee. Mr. Brooks replied that he saw no necessity for taking such action, in that the provisions of the measure merely provided the means of operating the Market in an efficient and orderly manner.

Roll Call.

The roll was thereupon called for re-reference to committee and it lost by the following vote:

Ayes: Supervisors Carberry, Lewis, Mancuso, McCarty—4.

Noes: Supervisors Arnold, Christopher, Dobbs, Ferdon, McAteer, McMahan, Mead—7.

Amendment.

Supervisor Lewis moved the following amendment, to be placed at the end of Section 13:

"Before the department head may suspend the permittee's permit to use said premises, said permittee may appeal to the Board of Permit Appeals and the suspension imposed shall be stayed until said Board of Permit Appeals has ruled upon said appeal."

Motion seconded by Supervisor Mancuso.

Opinions Requested of the City Attorney.

Supervisor Arnold requested that the Clerk obtain a written opinion from the City Attorney on the following query:

Can the Board of Supervisors confer jurisdiction upon the Board of Permit Appeals to entertain and decide appeals resulting from suspension or revocation of the permit of one authorized to conduct business at the Farmers' Market and is there any provision in existing law providing for an appeal, by one authorized to utilize the facilities of the Farmers' Market, in case his permit is suspended or revoked?

Supervisor Mancuso asked for a legal opinion on the following question:

What is the interpretation of the word "possessed" as used in Subdivision (b) of Section 12. Does this include a tenant holding possession under a lease agreement or other agreements applicable to share croppers and the like?

No objection and the Clerk was directed to comply.

Motion to Continue Consideration.

Supervisor Mancuso moved that consideration of the pending measure, with its proposed amendment, be continued for one week

to permit the City Attorney to render the opinions hereinabove requested; seconded by Supervisor Lewis.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Lewis, Mancuso, McAteer, McCarty, McMahan—9.

Noes: Supervisors Ferdon, Mead—2.

Consideration continued one week.

Supervisor Dobbs: The Controller assured me that this application is in general form. I rely completely on Mr. Ross' interpretation. It is of general knowledge that the Agency has been operating without a full staff for months. I don't know whether the agency needs all the money it asks for.

Supervisor Arnold stated he was concerned with the Agency's method of acquiring property.

File No. 11290, Ordinance No. (Series of 1939).

Motion "Do Pass."

Supervisor McCarty moved that the foregoing measure "do pass." Motion accorded a courtesy second by Supervisor Mead.

Discussion.

Supervisor McCarty pointed out that two-thirds of the city's residential areas' water supply was being fluoridated, and that the people, by mandate, had ordered that the city's entire water supply be fluoridated. Further, the City Attorney rendered an opinion in 1953 to the effect that no further declarations of policy were necessary to complete the city's fluoridation program.

Supervisor McCarty further pointed out that long and extensive committee hearings were held on this subject and that all interested parties were given a reasonable opportunity to express their individual opinions. Many organizations had endorsed the program, among them being the American Medical Association, the United States Department of Health, the State Department of Dental Health, San Francisco County Medical Society and many other dental organizations.

Supervisor Lewis inquired if representatives of the Christian Science Church were invited to the meeting, and it developed that such representatives were not extended an invitation.

Supervisor Lewis stated that in a matter of such importance, all interested people should have been notified, and since the Christian Science representatives in the past had attacked the fluoridation

process aggressively from a religious standpoint, they should again be accorded the opportunity of appearing before the proper committee and expressing their views.

He accordingly moved, seconded by Supervisor McCarty, that the pending measure be re-referred to committee for further hearings.

Supervisor Mead enquired why the Christian Science representatives were not notified, and he was informed that these people were not listed in the file under consideration.

Request for Information.

Supervisor Arnold asked that the Clerk ascertain from several large cities whether or not they had fluoridation at the present time if not, are they considering same for some time in the future; if they had it at one time, but discontinued, what was the reason, and any other facts considered pertinent to the subject.

Supervisor McAteer stated he was not opposed to the idea of hearing from religious groups, but that he saw no justification for remanding the measure to committee in view of the mandate of the people.

Supervisor Mancuso likewise spoke against re-reference. He pointed out that the matter originally came up some three years ago at the instigation of Supervisor Lewis, and at that time the Christian Science people were given an opportunity of expressing their opposition which they did. Further, the people have issued a mandate which the Board is compelled to heed.

Roll Call.

The roll was thereupon called on the motion to re-refer to committee and it *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Dobbs, Ferdon, Lewis, McCarty, Mead—7.

Noes: Supervisors Christopher, Mancuso, McAteer, McMahan—4.

Supervisor Lewis moved that the Director of Civilian Defense be asked to appear before the Board next Monday, Special Order, at 3:00 p. m., for the purpose of outlining civilian defense requirements for the coming fiscal year. Motion seconded by Supervisor Mead.

Supervisor Mancuso objected, pointing out that the matter of civilian defense requirements has been discussed by the County Supervisors' Association, the League of California Cities, as well as with the Governor's office, and that a definite ten-point program will be considered by the State Legislature.

The roll was thereupon called on the pending motion and it lost by the following vote:

Discussion.

Chief Gaffey explained the necessity for the appropriation, stating that it was to carry through to the end of the fiscal year and that he had requested \$10,000 in the budget for the next fiscal year.

Supervisor Lewis protested that the Board was always most anxious to provide funds to the District Attorney and the Police Department for investigation purposes, but it was not prone to be so lenient when other departments requested an appropriation.

File No. 11290, Ordinance No. . . . (Series of 1939).

April 5, 1954—Re-referred to committee.

Communications.

The Chair presented a telegram from Mrs. Golda Franzen requesting privilege of the floor for the purpose of pointing out alleged misquotes by Supervisor McCarty on the subject of fluoridation.

The Chair explained that the records did not show that Supervisor McCarty quoted anybody or mentioned anybody by name at last Monday's meeting, therefore such misrepresentation was by inference only.

Telegram *ordered filed*.

The Clerk presented communication from Mr. Carl E. Day, attorney at law, expressing his opposition to fluoridation of the water supply.

The Clerk presented communication from Mrs. Golda Franzen setting forth her objections to fluoridation of the water supply, and requesting that her letter be read.

Motion to File.

Supervisor Mancuso stated that he was opposed to having the communication read because it contained nothing that Mrs. Franzen at some time had not communicated to the members of the Board.

Supervisor Mancuso, seconded by Supervisor Ferdon, moved that the communication be filed.

Discussion.

Supervisor Mead remarked that he would vote against the motion because he was of the opinion that if a letter was worthwhile writing it was worthwhile reading.

Withdrawal of Second.

Supervisor Ferdon explained that in view of Supervisor Mead's statement he would request permission to withdraw his second to the motion.

No objection and request *granted*.

The Chair then ruled that the motion *lost* for want of a second.

Communications.

At the direction of the Chair, the Clerk read the communication from Mr. Day.

Point of Order.

After the reading of Mr. Day's communication and prior to consideration of Mrs. Franzen's, Supervisor Mancuso rose to a point of order on the grounds that the Rules of the Board provided that nobody shall be allowed the privilege of the floor without the unanimous consent of the members present. That by reading the communication would be tantamount to permitting Mrs. Franzen to

present her objections to the Board in writing while she would not be permitted to make them orally.

The Chair ruled that under the Rules of Order a procedure for transaction of business has been set forth and in it was the reading of communications, therefore he was of the opinion that all communications should be read and that the point of order was not well taken.

Supervisor Lewis stated that he believed that the point of order was well taken because at the end of the calendar a number of communications were shown that had not been read before the Board and had been referred to committee. Among them were a number of letters relative to the matter on fluoridation.

The Chair ruled that the rules of the Board called for the reading of communications to the Board and that the Clerk was empowered to refer routine communications to committees, subject to approval of the Board, but that if Supervisor Lewis desired to second Supervisor Mancuso's motion the Chair would entertain the motion.

Supervisor Lewis remarked that if Mrs. Franzen's letter was read then all letters on the subject would have to be read.

Supervisor Mancuso rose to a point of order, contending that the matter was not properly before the Board to be read unless there was an affirmative action by the Board to have the communication read.

The Chair ruled that a communication had been referred to him for reference to the full Board and it was up to the Board to take action.

Motion to File.

Supervisor Mancuso, seconded by Supervisor Lewis, moved that the communication be filed.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Lewis, Mancuso, McCarty, McMahan—7.

Noes: Supervisors Dobbs, Ferdon, McAteer, Mead—4.

Discussion.

Supervisor McCarty explained that the ordinance had been referred to Committee to permit the Committee on Publication of the Christian Science Church to be heard. That he had informed interested parties that persons who had been heard at previous meetings would not be again heard at the committee meeting.

With respect to Mrs. Franzen in connection with alleged misquotations, Supervisor McCarty stated that he had quoted no one by name or organization at last week's meeting, and that he had summarized the presentations on one side and the other.

Mr. McChesney, of the Committee on Publication of the Christian Science Church was invited and he explained that the duty of the Committee on Publication was to safeguard the rights of Christian Scientists. That his opposition to fluoridation was on the ground that it was regimentation and also an infringement of their rights of religious freedom.

Supervisor McCarty remarked that there was a complaint that Dr. Sox was heard at Wednesday's meeting after it had been stated that nobody would be permitted to be again heard. That was correct because 5 or 6 people who were in opposition to fluoridation requested the privilege of questioning Dr. Sox and that was the extent to which Dr. Sox was permitted to speak.

Supervisor McCarty called attention to the only case on record in California in connection with a suit on the matter of fluoridation

Dearian v. Butler, in which a non-suit was granted in an action for an injunction against fluoridation of the water supply in San Diego, that the Appellate Court had upheld the ruling, and the Supreme Court of California had refused a rehearing.

Supervisor Arnold called attention to a communication from Dr. Sox in which was set forth a list of cities in which fluoridation had been discontinued, and remarked that he believed that inquiries should be made of said communities to determine why they had abandoned fluoridation of water.

Supervisor McCarty replied that neither he nor the Public Utilities Committee had made any inquiries concerning fluoridation in other cities or the discontinuance thereof because, he, Supervisor McCarty, understood that on behalf of Supervisor Arnold, the Clerk had already made such inquiries of major cities throughout the Nation.

Supervisor Arnold inquired if the Committee had considered the question of whether or not 1.5 ppm of fluoride would pit or discolor a person's teeth.

Supervisor McCarty answered that Dr. Sox had pointed out that the opponents of fluoridation could not single out one case where harm had been caused by fluoridation and that the amount of fluoride in the water supply of San Francisco would be well below the percentage that might be considered harmful.

Inquiry of City Attorney.

Supervisor McCarty inquired of the City Attorney if, after an affirmative declaration of policy by the people, the Board had any recourse available to rescind such declaration of policy.

Mr. Blanchard, Deputy City Attorney, replied that under Section 185 of the Charter the Board did not have the power of rescission.

Supervisor McCarty inquired whether if after a period of time it was proven that fluoridated water was harmful to the people the Board could rescind the declaration of policy.

Mr. Blanchard answered that the Board could not rescind the declaration of policy but that if it were proven that fluoridation was harmful then under the police powers vested in the Board it would have the right to disregard the declaration of policy and to discontinue fluoridation.

Explanation of Vote.

Supervisor Lewis stated that previously he had voted against fluoridation of water on the ground that a religious question was involved, that he was going to vote in favor of fluoridation at this time because he did not believe that, in light of the ruling of the City Attorney, the Board could do anything else.

Resumption of Consideration of Appeal from Decision of the City Planning Commission, Approving Application to Rezone Two Parcels Located in the Vicinity of Geneva Avenue and Alemany Boulevard.

Mr. Eugene J. Riordan, Director of Property, appeared and answered questions raised by the several Supervisors.

Supervisor Arnold inquired into the right of the owners of the property which had been rezoned by the City Planning Commission, to increase the price of a portion of the property which would be required to be purchased by the City for the widening of Geneva Avenue.

The Director of Property stated that the owners would have such right unless stipulations were entered into fixing the value of the property as of a certain date.

Supervisor McCarty asked Mr. Harold C. Brown, attorney for the Restani Family, if his client would be willing to enter into stipulations with respect to the price for such portion of his property as the city may require and covered by the old rezoned status instead of by the new one.

Mr. Brown stated he believed such stipulations could be negotiated.

Supervisor McCarty accordingly moved, seconded by Supervisor Arnold, that consideration of the pending measure be continued for one week to permit negotiation of stipulations between Mr. Brown and the Director of Property.

sumed its responsibility for the operation of the Phoenix, two fire boats would be provided by the City.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

SATURDAY, MAY 15, 1954—10:00 A. M.

In meeting of Board of Supervisors, San Francisco, Saturday, May 15, 1954, 10:00 a. m.

The Board met in recessed session.

The roll was called and the following Supervisors were noted present:

Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, McMahan, Mead—11.

Quorum present.

President George Christopher presiding.

Supervisor Arnold explained that the Finance Committee had given very serious consideration to the budget and had reduced it by \$5,587,185, but even with this reduction the budget as recommended by the Committee totaled approximately \$6 million more than the current budget.

Supervisor Arnold pointed out that the increase resulted from a few items: \$2,500,000 for Municipal Railway deficit, \$967,422 for salary increases; \$750,000 for salaries for new positions recommended by the Finance Committee and \$1,750,000 for equipment replacement, and the remainder was for the rehabilitation of the Laguna Honda Home.

With respect to the Hospitals, Supervisor Arnold said that everybody agrees that the hospitals must be rehabilitated, that heretofore the Board had appropriated \$900,000 for the San Francisco Hospital and \$250,000 for the Laguna Honda Home. In the present budget the Committee approved inclusion of those items which the department head told us should receive a high priority rating and required to protect the public health and safety. The Committee was told by Mr. Brooks that from the funds that have been appropriated the departments will have sufficient funds to keep them busy through September; with the additional funds as recommended by the Finance Committee in the budget there will be funds to keep them busy past September.

It was the thinking of the Committee that it should recommend to the Board those items with high priority ratings so that the department would have sufficient funds to keep them busy, and the Board could then decide whether it should include a bond issue on the November ballot or whether it should give so much money per year over a period of years until the work can be completed.

Supervisor Arnold, seconded by Supervisor McCarty, moved that the budget be amended in accordance with the recommendations of the Finance Committee as set forth below.

Supervisor Halley asked that if the amendment were passed would the next motion be for the adoption of the budget?

The Chair replied that the members of the Board could seek information on various items in the budget.

Supervisor Carberry inquired that if the motion made by Supervisor Arnold were adopted by the Board would that prevent further motion by members of the Board on certain items.

The Chair explained that if the series of motions were adopted by the Board then the budget would be adopted; if a member of the Board desired to continue consideration of the budget it could be done.

Supervisor McCarty moved, as a substitute, that the Board recess until 1:00 p. m.

Motion *lost* for want of a second.

Supervisor Mead stated that the motion before the Board was for the adoption of the Finance Committee recommendations; that if they were adopted they could not again be considered.

The Chair explained that there would be a motion later calling for the adoption of the budget as amended by the Finance Committee.

Supervisor Arnold explained that the motion made would make it possible for any member to make a motion to amend the recommendations of the Finance Committee.

The Chair explained that any member of the Board had the right to request seriatim consideration of the budget items.

Supervisor McAteer remarked that he subscribed to the suggestion that the members of the Board ask questions and then have the Finance Committee recommendations considered.

The Chair directed the Clerk to proceed with consideration of individual budgets.

The Clerk read the recommendations of the Finance Committee and discussion was had on the following departmental budgets:

INDEX 3—ASSESSOR

Supervisor Mead, seconded by Supervisor Lewis, moved that on Index 3, page 28, line 23, Land Appraiser, the recommendation of the Finance Committee be amended to restore to the budget the amount of \$15,480, representing salary of 3 Land Appraisers.

Motion *defeated* by the following vote:

Ayes: Supervisors Lewis, Mead—2.

Noes: Supervisors Arnold, Carberry, Christopher, Dobbs, Halley, McAteer, McCarty, McMahan—8.

Absent: Supervisor Ferdon—1.

INDEX 4—CITY ATTORNEY

Supervisor Halley inquired as to the reason for the reduction of a Claims Investigator on page 68, line 19.

Supervisor Arnold explained that inasmuch as the employment was to be used for the purpose of investigating Municipal Railway claims, and since the Finance Committee had allowed an additional Claims Investigator in the Municipal Railway, it did not believe that the position in question was necessary.

INDEX 5—DISTRICT ATTORNEY

Supervisor McAteer inquired as to the reasons for the reduction of 5 Investigators on page 77, line 26.

Supervisor Arnold explained that the Finance Committee did not allow the additional employments because while the District Attorney is a law enforcement officer he also has the aid and assistance of the Police Department.

Supervisor McAteer, seconded by Supervisor Lewis, moved that the privilege of the floor be granted to the District Attorney.

District Attorney Lynch explained that San Francisco never had such an investigating staff and he believed that the positions were necessary and should be a part of any District Attorney's office.

Supervisor McCarty stated that he was opposed to the creation of the positions because the District Attorney could, by using his special fund, hire such investigators whenever they were needed.

INDEX 9—POLICE DEPARTMENT

In response to inquiry by Supervisor Mead, Supervisor Arnold stated that the number of Policemen on page 114, line 15 had been reduced by 20 because there are 25 existing vacancies at the present time; that 10 positions of Sergeant had been allowed, and 10 Typists had been allowed to replace Policemen who were doing clerical work.

INDEX 23—YOUTH GUIDANCE CENTER— PROBATION OFFICE

Supervisor McAteer asked for information about the Probation Officers.

Supervisor Arnold explained that originally 9 additional employments had been requested but the Finance Committee, after investigation, believed that only one additional was necessary since 46 Probation Officers are now employed at the Youth Guidance Center.

INDEX 36.04—DEPARTMENT OF PUBLIC WORKS, BUREAU OF ARCHITECTURE

Supervisor Lewis inquired if the items on page 552, line 29, 4 additional ward building elevators, \$270,000, and line 33, Modernize 1 ward building utility areas, \$75,000, were for the San Francisco Hospital.

Upon receiving an affirmative answer, Supervisor Lewis continued that he had been informed that the hospital budget had been made up by the Chief Administrative Officer and that none of the doctors had been permitted to attend the meeting. Supervisor Lewis further remarked that he believed that the doctors should have been permitted to attend any meeting when the San Francisco Hospital budget was considered, and that he would like to be assured that the budget for the San Francisco Hospital had been approved by Dr. Sox and Dr. Sage.

Supervisor McAteer remarked that he would like to ask some question with respect to the budget of the San Francisco Hospital and would like to have Mr. Brooks, and Doctors Sox and Sage present.

Supervisor Dobbs, seconded by Supervisor Ferdon, moved that Mr. Brooks be invited to appear before the Board.

Supervisor Lewis stated that he would also like to have Doctors Sox and Sage present at the same time.

The Chair directed that Mr. Brooks, Doctors Sox and Sage be requested to appear before the Board to answer questions on the San Francisco Hospital.

Supervisor Arnold stated that he had been informed that Mr. Brooks could be present between 1:30 and 1:45 p. m.

Supervisor Arnold, seconded by Supervisor McAteer, moved that the Board recess until 1:45 p. m.

No objection and motion *carried*.

The Board, at the hour of 12:30 p. m., recessed to reconvene at 1:45 p. m.

RECONVENING OF BOARD.

The Board, at the hour of 1:45 p. m., reconvened to continue consideration of the budget.

The roll was called and the following Supervisors were noted present:

Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, McMahan, Mead—11.

Quorum present.

Supervisor George Christopher presiding.

**INDEX 36.04—DEPARTMENT OF PUBLIC WORKS—
BUREAU OF ARCHITECTURE**

Supervisor Lewis explained that a doctor at the San Francisco Hospital had made a statement that when Mr. Kline was making the priority list for San Francisco Hospital neither Doctor Sox nor Doctor Sage was consulted.

Mr. Brooks explained that Mr. Kline was sent to the hospital and made a thorough survey of it. Mr. Kline informed Mr. Brooks of his findings and they were discussed with Doctor Sox. Doctor Sox was familiar with what was in the budget, and he was asked for his advice. There was one item left out that he thought should have been included, that was for Central Supplies, on other items Doctor Sox was in accord. The reason for deleting the Central Supplies item was that we did not have sufficient information as to the cost, so included in the budget an item for a survey to determine the cost.

Supervisor Lewis, seconded by Supervisor McAteer, moved that Doctor Sage be granted the privilege of the floor.

No objection and motion *carried*.

Dr. Sage inquired as to whether or not he should be before the Board answering questions in view of the fact that Doctor Sox is in charge of the Department of Public Health.

The Chair stated that from the standpoint of the Charter, Doctor Sage had no business before the Board but in view of the fact that Dr. Sage was called for, Supervisor Lewis could question him, and Dr. Sage could answer.

Dr. Sage stated that he did not know about what Doctor Sox had talked to Mr. Brooks, that he only knew of the discussion between Doctor Sox and himself. He stated that if the Board would refer to the report of the State Hospital Committee it would receive the information as to what should be done at the Hospital.

Dr. Sage remarked that he believed that the top priority was the item for a Central Laboratory. Also high on the list were the items for the installation of a proper call system, condition of wards and condition of nurses' stations at wards. Believe that we are more concerned with that than construction of elevators or cross connections. Doctor Sox gave me the impression that he was surprised that some things were approved.

Supervisor Lewis stated that he felt that the Board should explore the matter before deciding as to priority between construction and medical needs. Do not know how to vote on this matter until receive full facts on such matters. Not satisfied with statement that Mr. Brooks accepted the word of Mr. Kline. If can hear from Doctor Sox that everything is all right from a medical basis will go along, but today do not have explanation.

Page 555, Line 11—Outer Sunset Branch Library

Supervisor Halley inquired as to whether or not any action could be taken in connection with the construction of the Outer Sunset Branch Library if the Board would approve one-half of the requested amount of \$154,500.

Mr. Brooks explained that the amount could be carried over until the next year's budget and then the remainder could be approved by the Board.

Supervisor Halley, seconded by Supervisor Lewis, moved that on Index 36.04, Page 555, Line 11, Outer Sunset Branch Library, the recommendation of the Finance Committee be amended to restore to the budget the amount of \$154,500.

Supervisor McMahon remarked that she believed that the item should be postponed in view of more necessary health findings.

Supervisor Halley requested permission to withdraw his motion. No objection and request *granted*.

Supervisor Halley, seconded by Supervisor Lewis, moved that on Index 36.04, Page 555, Line 11, Outer Sunset Branch Library, the recommendation of the Finance Committee be amended to restore to the budget the amount of \$77,000.

Supervisor McAteer stated that he felt that this area requires a library and that the entire amount of money should be approved.

Supervisor Halley requested permission to withdraw his motion. No objection and request *granted*.

Supervisor Halley, seconded by Supervisor Lewis, moved that on Index 36.04, Page 555, Line 11, Outer Sunset Branch Library, the recommendation of the Finance Committee be amended to restore to the budget the amount of \$154,500.

Supervisor McCarty stated that other districts were entitled to a library as much as the Outer Sunset District, and if it was given to one it should be given to all.

Motion *carried* by the following vote:

Ayes: Supervisors Carberry, Ferdon, Halley, Lewis, McAteer, Mead—6.

Noes: Supervisors Arnold, Christopher, Dobbs, McCarty, McMahon—5.

In response to inquiry by Supervisor McAteer as to how it was determined what items for the San Francisco Hospital should be included in the budget, Mr. Brooks replied that because of the large work load everything was placed in the budget that was believed could be done in the next year. While it might be possible to defer a few of the items that were requested, if it were at all possible would like to have all of the items completed by next year.

Supervisor McAteer stated that he felt that the Board should do everything possible to insure the restoration of San Francisco Hospital to as near its original condition as possible. Believe that the request as submitted by Mr. Brooks should be granted and then, if possible, believe that additional improvements should be done by bond issue.

Supervisor McAteer stated that he believed the following items should be restored to the budget: Page 550, Line 10, Replacing 3 passenger elevators and new fronts, \$200,000; Page 552, Line 21, Construct passageway between buildings 10 and 20-30-40, \$220,000; Page 552, Line 28, Steams lines and electric circuits—1 ward building, \$200,000; and Page 552, Line 29, 4 additional ward building elevators, \$270,100.

INDEX 36.04—RELOCATE SOCIAL SERVICE

Supervisor Halley, seconded by Supervisor McAteer, moved that on Index 36.04, Page 552, Line 22, Relocate Social Service, the recommendation of the Finance Committee be amended to restore to the budget the amount of \$38,000.

Supervisor Lewis suggested that the matter be deferred until the Board had a better understanding on the question of medical priorities and construction priorities.

Supervisor Lewis moved, as a substitute, that consideration of Index 36.04 be postponed until Monday, at which time he would request Doctor Sox to be present for the purpose of answering questions on these matters.

Motion *lost* for want of a second.

Supervisor Lewis informed the Board that he would have to vote "No" on all of these items and that his vote on the budget would be guided accordingly.

The roll was called on the pending motion and it was *defeated* by the following vote:

Ayes: Supervisors Halley, McAteer—2.

Noes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Lewis, McCarty, McMahan, Mead—9.

Supervisor McAteer, seconded by Supervisor Lewis, moved that on Index 36.04, the recommendation of the Finance Committee be amended to restore to the budget the following: Page 552, Line 21, Construct passageway between buildings 10 and 20-30-40, \$220,000; Page 552, Line 22, Relocate Social Service, \$38,000; Page 552, Line 26, Relocate Central Supply, \$110,000; Page 552, Line 27, Essential Fire Protection Projects change amount recommended from \$50,000 to \$100,000; Page 552, Line 28, Steam lines and electric circuits—1 ward building, \$200,000; Page 552, Line 29, 4 additional ward building elevators, \$270,100; and Page 552, Line 33, Modernize 1 ward building utility areas, \$75,000.

Supervisor Halley requested that the items be considered *seriatim*.

He requested that the Journal be corrected by setting forth his remarks, as follows:

"Supervisor McAteer pointed out that \$133,450 had already been appropriated to modernize the kitchen and bakery at the Laguna Honda Home. In view of Mr. Brooks' statement to the Board that there was an error in computing the size of the ovens necessary, and in light of a recommendation by the Fire Department to replace additional fire doors in the bakery, Mr. McAteer considered that this appropriation of \$138,667 was necessary only to correct errors made in the original computations of the job.

"In Mr. McAteer's opinion the job was costing approximately \$272,000 instead of the original \$133,450 mainly because of improper investigation on the part of the parties and departments involved in the modernization.

"Supervisor McAteer further explained that he was going to vote against the legislation because he believed that a thorough investigation should have been made before the request for the appropriation was submitted."

The Journal of Proceedings for the meeting of Monday, May 10, 1954, as corrected to include the foregoing statement, was approved.

Calling Matter from Committee.

Supervisor Lewis stated that he was concerned with the number of matters, relating to affairs over which the Board had no jurisdiction, which had been before the Board for approval. He further stated that some time ago he had introduced a measure, which was referred to committee, prohibiting the Board from making any recommendation of proposals that were on either the State or Federal ballot, and that at this time he was calling the matter from committee so that it could be considered by the Board at its next regular meeting.

The Clerk was directed to comply.

Request for Committee Consideration of the Lurie Plan.

Supervisor Lewis stated that some time ago Mr. Lurie proposed a parking garage for San Francisco and that he, Supervisor Lewis, was of the opinion that the proposal should be given consideration by the City in view of the fact that the Appellate Court has ruled against the plan of the Parking Authority relative to the construction of a parking facility.

Supervisor Lewis requested that the subject of parking be referred to the proper committee; that the City Engineer, with his plans, Mr. Lurie and members of the Police Commission be invited to attend the meeting for the purpose of thoroughly discussing the matter.

The Chair stated that he believed that such a request should emanate from Mr. Landis and not the Board of Supervisors.

Request for Report on Feasibility and Costs of Construction of Underpasses at the Intersections of Bush and Pines Streets at Powell Street.

Supervisor McCarty stated that due to the inability of the cable cars to stop on a hill, the intersections of Bush and Powell Streets in the morning, and Pine and Powell Streets, in the evening, create a serious traffic congestion. That at these times the traffic is backed up for three or four blocks until the cable car clears the intersections.

Supervisor McCarty further stated that he believed that the City should construct underpasses at these intersections to relieve the situation, and that he had been informed that the work could be done with gas tax money and at a cost of approximately \$750,000 for each intersection.

Supervisor McCarty requested that Mr. Brooks be asked to have the Department of Public Works make a preliminary study of the feasibility of underpasses at the intersections of Bush and Pine Streets at Powell Street, together with cost estimates, so that the Board could give consideration to the matter.

No objection and request granted. Subject matter *referred to the Public Utilities Committee* pending report from Mr. Brooks.

(Supervisor Arnold Dissenting.)

Exempting the Position of Autopsy Surgeon, Coroner's Office, from the Citizenship Requirements of the Charter.

File No. 11788, Resolution No. . . . (Series of 1939).

Supervisor Arnold stated that he was opposed to the legislation because he did not believe that it was in the best public interest to waive the citizenship requirements of the Charter for this position because he felt that there were many persons who were skilled in this particular type of work who would be willing to accept the position either permanently or on a contractual basis.

Supervisor McCarty, in explaining the vote of the majority members of the committee, stated that it was shown that due to the low salary involved nobody was willing to do the work.

In response to question Mrs. Dolan, representing the Civil Service Commission, stated that pursuant to Section 7 of the Charter positions calling for technical or professional persons may be exempt from the citizenship requirements of the charter.

Supervisor McAteer stated that he would go along with the premise of Supervisor Arnold but that it seems impossible to understand that from all of the medical schools the City cannot secure an individual who would be willing to accept the position on a contractual basis.

Dr. Turkel, Coroner, explained the reasons why the request was made for the waiver of the citizenship requirement.

Supervisor Ferdon, seconded by Supervisor Halley, moved that consideration of the foregoing measure be temporarily postponed.

SPECIAL ORDER—2:00 P. M.

Hearing of All Persons Interested in or Objecting to the Proposed Vacation of Certain Portions of Santiago Street, Funston, San Marcos, Castenada and Twelfth Avenues.

File No. 10652

There being no protestants present the Clerk presented the following recommendation of Streets Committee:

Vacation of Portions of Santiago Street, Funston, San Marcos, Castenada and Twelfth Avenues.

File No. 10652-2, Resolution No. 14454 (Series of 1939).

Adopted by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, McMahan, Mead—11.

Supervisor Ferdon, seconded by Supervisor Dobbs, moved that the following recommendation of the Judiciary Committee be taken up out of order.

No objection and motion *carried*.

Charter Amendment—Adding Section 145.02 Relating to the Employment of Blind Persons in City and County Service.

File No. 10671

Supervisor Ferdon, seconded by Supervisor Dobbs, moved that consideration of the foregoing measure be continued for a period of one week.

No objection and motion *carried*.

Supervisor Arnold, seconded by Supervisor McCarty, moved that the following recommendation of the Finance Committee, with Supervisor Dobbs dissenting, be taken up out of order.

No objection and motion *carried*.

Appropriating \$45,000, Municipal Railway, for Studies, Plans and Cost Estimates for a Market Street Subway.

File No. 11939, Ordinance No. . . . (Series of 1939).

Supervisor Dobbs explained that he had opposed the measure because despite all the plans that have been submitted for the construction of a subway there have never been any suggestions as to how the money would be secured to do the work, and that he believed that before plans were made it should be determined whether or not the plans could be used in the immediate future. Supervisor Dobbs further stated that inasmuch as it was necessary to appropriate the money before July 1st, it was a hastily drawn proposal and should be defeated.

Supervisor McCarty stated that before any money could be obtained it would be necessary for the people to approve a bond issue in the estimated amount of the total cost of the project. That the proposal had been under consideration for a great many months and the Public Utilities Commission had been requested to prepare plans for the subway.

Supervisor McCarty further stated that the request for the \$45,000 would have been included in the budget but that Mr. Ross had explained that no capital expenditure could be made for a public utility that was operating at a loss.

Supervisor Lewis stated that inasmuch as San Francisco would secure an engineering report on the Mono Rail type of transportation

within a few weeks, any moneys appropriated by the Board should be used to investigate both the subway and Mono Rail.

Supervisor Lewis moved that the \$45,000 not only be ear-marked for the subway but Mono Rail as well.

Motion lost for want of a second.

Supervisor Mead requested that Mr. Turner be requested to appear before the Board.

No objection and request *granted*.

Mr. Turner, in response to questions by Supervisor Mead, stated that the \$45,000 was determined as the amount of money De Leuw Cather and Co. would require to bring the subway report up to date so that the proposal could be given thorough consideration for the purpose of submitting a bond issue to the people.

Supervisor Ferdon stated that while the original De Leuw Cather report was submitted in 1948 nothing had been done and the \$45,000 was just for a revaluation of the report. Supervisor Ferdon further stated that he did not believe that a subway could go more than 10 blocks, that San Francisco's terrain was not suited to the construction of a subway, and that nothing would be accomplished by the appropriation.

Supervisor Mead in explaining his vote stated that in a city the size of San Francisco he could not see where the subway could go, and that he did not believe that San Francisco was ready for a subway at this time.

Supervisor Carberry in explaining his vote said that he felt a bond proposal for a subway was very much in the future, and that it would be a mistake to appropriate \$45,000 for the purpose of preparing plans for a subway that would take people out of San Francisco. That if the people ever believe that a subway was the last thing to protect San Francisco a declaration of policy could be approved.

Refused passage for second reading by the following vote:

Ayes: Supervisors Arnold, Halley, McAteer, McCarty, McMahan—5.

Noes: Supervisors Carberry, Christopher, Dobbs, Ferdon, Lewis, Mead—6.

Supervisor Lewis, seconded by Supervisor McCarty, moved that the following recommendations of the Streets Committee, with Supervisor Lewis dissenting, be taken up out of order.

Supervisor Halley, seconded by Supervisor Ferdon, moved that consideration of the measures be continued for a period of two weeks.

The Chair ruled the motion out of order because there was a motion pending.

There being no objection the motion made by Supervisor Lewis *carried*.

File No. 7274-2, Ordinance No. . . . (Series of 1939).

Changing Sidewalk Widths on Market Street Between Danvers Street and Nineteenth Street to 6 Feet; and Between Nineteenth Street and Corbett Avenue to 8 Feet.

File No. 10680-1, Ordinance No. . . . (Series of 1939).

Supervisor Halley, seconded by Supervisor Carberry, moved that consideration of the foregoing measures be continued for a period of two weeks.

Supervisor Mead stated that he would vote against the continuance because the people interested in the matter had been waiting for a number of years to have a determination thereof.

Supervisor McAteer requested that the Chair poll the members present to ascertain whether any one would be absent on June 21st.

The Chair polled the members and all Supervisors indicated that they would be in attendance on June 21st.

Supervisor Carberry, seconded by Supervisor Lewis, moved as an amendment that the measures be set as a Special Order at 2:00 p. m. on June 21st.

File No. 11821

Mr. Ira Thompson, Secretary of the Retirement System, stated that he was somewhat concerned as to the definition of "Actuarial Audit of the Retirement System" and that he believed that it should be clearly set forth as to what it means. File No. 11463-2, Ordinance No. . . . (Series of 1939).

Supervisor Lewis stated that he was opposed to the legislation because there is no proper provision for appeal. That the appeal should be made to an independent body and not to the department head of the agency that denied or revoked the permit, and also that the status quo should be maintained.

Supervisor McAteer pointed out that if the status quo was maintained it would be possible for persons to sell substandard merchandise for over a month while an appeal was being made to an independent body, and that such a situation would be detrimental to the other growers as well as the Farmers Market.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Charter Amendment—Providing for Capital Improvements When a Utility Is Operating at a Deficit.

Supervisor Carberry requested that committee consideration be given to an amendment to the fiscal provisions of the charter to permit the Board of Supervisors, by a three-fourths vote, to appropriate sums up to \$100,000 for capital improvements for any public utility when such utility is operating at a deficit.

Referred to Judiciary Committee.

Legislation to Permit Use of Gas Tax Funds for Construction of Pedestrian Underpasses.

Supervisor Carberry requested that committee consideration be given to the preparation of legislation that would permit the City to use Gas Tax Funds for the purpose of constructing underpasses on Market Street to expedite the moving of pedestrians.

Referred to Judiciary Committee.

Requesting Mayor's Bond Screening Committee to Report on Advisability of Appropriating \$45,000 for Subway Studies.

Supervisor Christopher stated that he would have voted for the appropriation of \$45,000 for the studies in connection with a subway had he been assured that after the report was submitted a bond issue would be placed before the people, and that the bond issue would have the support of the downtown interests. Since the bond issue would require considerable sums of money, he believed that the Board should be informed as to the thinking of the Mayor's Bond Screening Committee and the Downtown Transit Committee.

Supervisor Christopher requested that the Clerk direct a communication to the Bond Screening Committee of the San Francisco Forward Committee, and the Downtown Transit Committee requesting their advice on whether or not the Board should appropriate the sum of \$45,000 for the conduct of a survey for a subway bonds issue, and whether or not the Board should submit such a bond issue to the people.

No objection and request *granted*.

Supervisor Christopher requested that a copy of the foregoing communication be transmitted to his Honor, the Mayor, requesting his assistance in the matter.

Calling Legislation from Committee.

Supervisor Lewis stated that he desired to call from the Police Committee the legislation that would add Powell Street, between Sutter and California Streets, to the list of streets on which parking is prohibited—day or night, and placed on the Board calendar for Monday, June 14, 1954.

No objection and *Clerk order to comply*.

Motion to Rescind Action on Legislation for \$45,000 Appropriation for Subway Studies.

Supervisor McCarty, seconded by Supervisor Mead, moved that the Board rescind its action whereby it refused to pass for second reading the measure appropriating \$45,000 for the conduct of studies for a Market Street Subway.

Supervisor Dobbs stated that he was opposed to any such action because the San Francisco Forward Committee had already rejected the proposal for the submission of a subway bond issue. The Board has authorized the sending of a communication to the Bond Screening Committee and the Downtown Transit Committee and it would not be fair to the committees to ask that they investigate thoroughly and report back to the Board by July 1st.

Supervisor Lewis rose to a point of order on the grounds that a motion to reconsider a calendar item could not be brought up on roll call.

The Chair ruled the point of order not well taken.

The Chair explained that it would not vote for rescission because it did not feel that such a motion would do any good, but that if the Bond Screening Committee advised the Board that they are in support of the appropriation for a study of the subway then the Chair would be in favor of the proposal.

Supervisor Ferdon stated that he felt that the Board would be very precipitous in rescinding the action because the committees should be permitted to give sufficient study to the proposals.

Motion *defeated* by the following vote:

Ayes: Supervisors Halley, McAteer, McCarty, McMahan, Mead—5.

Noes: Supervisors Carberry, Christopher, Dobbs, Ferdon, Lewis—5.

Absent: Supervisor Arnold—1.

The following recommendation of Judiciary Committee, heretofore considered, was taken up:

Charter Amendment—Adding Section 145.02, Relating to the Employment of Blind Persons in City and County Service.

File No. 10671.

The Clerk presented the following communication:

From the Civil Service Commission, setting forth its objections to the proposed amendment to the Charter, to add Section 145.02, relating to the employment of blind persons.

Filed.

Supervisor Ferdon explained that the amendment declared that it would be the policy of the City, consistent with the policy of hiring capable personnel, to encourage the employment of blind persons, and that he believed that the people should be given the right to vote on the matter.

Mr. Henderson, representing the Civil Service Commission, stated that, while the Commission was not opposed to giving handicapped persons the opportunity to compete in examinations, certain department heads have refused to hire such persons because they contended that the employee should be sighted. Mr. Henderson also stated that the Commission would be glad to join with any group to work out a plan to encourage the appointing officers to set up standards whereby blind persons could be appointed to permanent employments.

Supervisor McAteer said that to him it seemed basic that where there were positions that could be performed by blind persons, where sight was not essential, that the Civil Service Commission should go to a list for blind persons and make appointments from said lists. That in his opinion the measure was a declaration of policy by the City to blind persons.

Ordered submitted by the following vote:

Ayes: Supervisors Carberry, Christopher, Dobbs, Ferdon, Halley, McAteer, McCarty, McMahan, Mead—9.

Absent: Supervisors Arnold, Lewis—2.

Supervisor Dobbs, seconded by Supervisor Ferdon, moved that the following measure be taken up out of order.

Supervisor McAteer, seconded by Supervisor Halley, moved that the Board rescind its action whereby it adopted Files Nos. 11905 and 11906.

No objection and motion *carried*.

Thereupon the Board again considered the following measures:

Authorizing Purchase of Certain Real Property from Geneva Montini, for \$9,750, Required for School Project No. 50.

File No. 11905, Resolution No. 14487 (Series of 1939).

Supervisor McAteer inquired of Mr. Riordan, Director of Property, as to whether or not this was all the property that would be required for the school, and if the property would actually be used for school purposes.

Mr. Riordan replied that the school would occupy approximately six blocks of property, that the property in question was not on the fringe of the project and there was no reason why the property should not be used for school purposes.

Adopted by the following vote:

Ayes: Supervisors Carberry, Christopher, Dobbs, Ferdon, Halley, McAteer, McCarty, McMahan, Mead—9.

Absent: Supervisors Arnold, Lewis—2.

Authorizing Purchase of Certain Real Property from Pacific Coast Construction Company, for \$24,500, Required for West Lakeside School Site.

File No. 11906, Resolution No. 14488 (Series of 1939).

In response to inquiry by Supervisor McAteer, Mr. Riordan explained that the property would constitute the entire acreage required for school purposes, and would be used for a home school unit. Mr. Riordan continued that the property was being purchased from a subdivider for the same price sold to him by the City plus costs of improvement.

Adopted by the following vote:

Ayes: Supervisors Carberry, Christopher, Dobbs, Ferdon, Halley, McAteer, McCarty, McMahan, Mead—9.

Absent: Supervisors Arnold, Lewis—2.

Supervisor Mead, seconded by Supervisor Halley, moved that the foregoing measure be adopted.

Adopted by a rising vote as follows:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Halley, Lewis, McAteer, McCarty, McMahan, Mead—10.

Absent: Supervisor Ferdon—1.

**Congratulating Miss Lee Ann Meriwether Upon Her Selection as
"Miss California."**

Supervisor Lewis presented:

File No. 12005, Resolution No. 14508 (Series of 1939).

Supervisor Lewis, seconded by Supervisor Mead, moved that the foregoing measure be adopted.

Adopted by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Halley, Lewis, McAteer, McCarty, McMahan, Mead—10.

Absent: Supervisor Ferdon—1.

The Board resumed consideration of the following recommendations of the Streets Committee, with Supervisor Lewis dissenting, heretofore considered and temporarily postponed.

Authorizing the Widening, Realignment and Reconstruction of Portola Drive from St. Francis Circle to Sydney Way by Construction of a Four-Lane Divided Thoroughfare on a Revised Alignment.

File No. 7274-1, Resolution No. . . (Series of 1939).

Supervisor Halley, seconded by Supervisor McCarty, moved that the Board resolve itself into a committee of the whole.

Supervisor Dobbs stated that he was opposed to the motion because he believed in the committee system and did not see why the Board could not resolve the question from the presentation by the committee members and the department heads concerned.

Supervisor McCarty stated that he had seconded the motion so that it might be the subject of debate and come before the Board; that he believed it would be a waste of time to consider the matter in a committee of the whole.

Motion defeated by the following vote:

Ayes: Supervisors Christopher, Halley, Mead—3.

Noes: Supervisors Arnold, Carberry, Dobbs, Ferdon, Lewis, McAteer, McCarty, McMahan—8.

Supervisor Halley, in presenting the viewpoint of the majority of the Committee, explained that the Committee had listened to the views of the Department of Public Works, City Planning Commission, Police Department and the West of Twin Peaks Council, all of whom favored the legislation, as well as the opponents to the measure, and it was the majority opinion that the benefits that would be derived from the improvement would far outweigh any inconvenience.

Supervisor Lewis stated that he had dissented on the recommendation of the Committee because the De Leuw Cather report had stated that the widening of Portola Drive and Market Street had to be considered in the overall picture of freeways, and that any widening should be done on a modest scale.

Supervisor Carberry remarked that he felt that the Board should receive additional information on the matter before it voted and moved, seconded by Supervisor Lewis, that the matter be continued for a period of three weeks.

Supervisor Mead stated that he was opposed to any further delay in the matter out of respect to the people in the area.

Supervisor Arnold stated that he was opposed to the motion because the matter had been under discussion and planning for between 15 and 20 years and should be decided now.

Motion defeated by the following vote:

Ayes: Supervisors Carberry, Lewis—2.

Noes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, McAteer, McCarty, McMahan, Mead—9.

Supervisor McCarty, in explaining his vote, stated that he was opposed to it the last time it was before the Board on the grounds that it only encompassed the Upper Market Street portion, but since the new proposal included both Market Street and Portola Drive he felt that it would be a benefit to the area and would relieve a traffic condition that had existed for a long time.

Supervisor Carberry stated that he could not vote for the legislation because he did not have sufficient information on it.

Supervisor Arnold stated that he was opposed to the legislation because there had been no showing that the work could be done within the estimated amount.

The roll was called and the vote was as follows:

Ayes: Supervisors Christopher, Halley, McAteer, McCarty, McMahan, Mead—6.

Noes: Supervisors Arnold, Carberry, Dobbs, Ferdon, Lewis—5.

Before the vote was announced Supervisor Arnold changed his vote from "No" to "Aye" and moved, seconded by Supervisor Lewis, that the vote whereby said measure was adopted be reconsidered.

Thereupon the vote on adoption was recorded as follows:

Ayes: Supervisors Arnold, Christopher, Halley, McAteer, McCarty, McMahan, Mead—7.

Noes: Supervisors Carberry, Dobbs, Ferdon, Lewis—4.

Authorizing the Widening and Realignment of Market Street from Eighteenth Street to Corbett Avenue by the Construction of a Four-Lane Divided Thoroughfare on a Revised Alignment.

Ayes: Supervisors Christopher, Halley, McAteer, McCarty, McMahan, Mead—6.

Noes: Supervisors Arnold, Carberry, Dobbs, Ferdon, Lewis—5.

Thereupon the vote on adoption was recorded as follows:

Ayes: Supervisors Arnold, Christopher, Halley, McAteer, McCarty, McMahan, Mead—7.

Noes: Supervisors Carberry, Dobbs, Ferdon, Lewis—4.

Establishing Sidewalk Widths on Portola Drive, Between Sydney Way and Evelyn Way and Its Westerly Termination, at 12 Feet.

File No. 7274-2, Ordinance No. (Series of 1939).

The roll was called and the vote was as follows:

Ayes: Supervisors Christopher, Halley, McAteer, McCarty, McMahan, Mead—6.

Noes: Supervisors Arnold, Carberry, Dobbs, Ferdon, Lewis—5.

Before the vote was announced Supervisor Arnold changed his vote from "No" to "Aye" and moved, seconded by Supervisor Lewis, that the vote whereby said measure was passed for second reading be reconsidered.

Thereupon the vote on passage for second reading was recorded as follows:

Ayes: Supervisors Arnold, Christopher, Halley, McAteer, McCarty, McMahan, Mead—7.

Noes: Supervisors Carberry, Dobbs, Ferdon, Lewis—4.

Changing Sidewalk Widths on Market Street Between Danvers Street and Nineteenth Street to 6 Feet; and Between Nineteenth Street and Corbett Avenue to 8 Feet.

Ayes: Supervisors Arnold, Christopher, Halley, McAteer, McCarty, McMahan, Mead—7.

Noes: Supervisors Carberry, Dobbs, Ferdon, Lewis—4.

Supervisor Lewis requested that the Clerk of the Board direct a communication to the Director of Public Works and the City Planning Commission asking for a contemplated timetable on the construction of the various freeways outlined in the Transportation Section of the DeLeuw Cather report; also communication to the Mayor and the Chief Administrative Officer inquiring if any recommendation will be made to supplement the Gas Tax Funds to construct the freeways.

No objection and request *granted*.

Supervisor Carberry requested that the Clerk secure from the responsible department heads the following information in connection with the proposed widening of Market Street and Portola Drive: What effect proposed program will have on the traffic of the Municipal Railway through the Twin Peaks Tunnel; the amount it will be necessary to decrease the assessment roll as the result of removing and relocating certain houses in the area; and a report on the number of accidents on this route during the past year, showing the comparison between accidents that occurred during the period when "no stopping" regulations were in operation and the time when uncontrolled parking was in operation.

No objection and request *granted*.

The Board resumed consideration of the following recommendation of the Joint Finance and Streets Committee, heretofore considered and temporarily postponed.

Reconsideration

(At the meeting of the Board of Supervisors on June 14, 1954, it was duly moved and seconded that the Board reconsider the vote by which Calendar items Nos. 1 and 2 were adopted and by which Calendar items Nos. 3 and 4 were passed for second reading.)

The following recommendations of Streets Committee:

(Supervisor Lewis dissenting.)

Authorizing the Widening, Realignment and Reconstruction of Portola Drive from St. Francis Circle to Sydney Way by Construction of a Four-Lane Divided Thoroughfare on a Revised Alignment.

File No. 7274-1, Resolution No. 14533 (Series of 1939).

(On Monday, June 21, 1954, the roll was called on the adoption of the foregoing measure and the vote was as follows:

Ayes: Supervisors Christopher, Halley, McAteer, McCarty, McMahan, Mead—6.

Noes: Supervisors Arnold, Carberry, Dobbs, Ferdon, Lewis—5.

Before the result of the foregoing roll call was announced, Supervisor Arnold changed his vote from No to Aye and moved, seconded by Supervisor Lewis, that the vote whereby said measure was adopted, be reconsidered.

The vote on adoption of the foregoing measure was thereupon recorded as follows:

Ayes: Supervisors Arnold, Christopher, Halley, McAteer, McCarty, McMahan, Mead—7.

Noes: Supervisors Carberry, Dobbs, Ferdon, Lewis—4.)

Supervisor Mead rose to a point of order stating that the motion for reconsideration must be made at today's meeting.

Supervisor Arnold, seconded by Supervisor Lewis, moved that the Board reconsider the vote by which it adopted the foregoing measure.

Absent: Supervisor Halley—1.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Dobbs, Ferdon, Lewis, McAteer, McMahan, Mead—8.

Noes: Supervisors Christopher, McCarty—2.

Absent: Supervisor Halley—1.

Supervisor Arnold stated that he had moved for reconsideration because he believed that insufficient study had been given to any alternate plan for the widening of Market Street and Portola Drive, and that the matter should be re-referred to Committee for its study and the preparation of a systematic program for the construction of freeways and major thoroughfares.

Supervisor Lewis stated that he had received information from Mr. De Leuw to the effect that the widening of the roadway could be done within the recommended 70 feet; that he (Supervisor Lewis) believed that there was sufficient new information to warrant reconsideration of the legislation.

Supervisor McAteer stated that the proposed widening showed on the Transportation Plan of the Master Plan of San Francisco and that it was a major thoroughfare of San Francisco. Supervisor McAteer thereupon inquired of Mr. Oppermann as to whether or not the widening of Market Street and Portola Drive was a part of the Master Plan and received an affirmative answer.

Upon inquiry by Supervisor McMahan as to whether there was any action that the Board could take to prevent the resubmission of the proposals to widen Market Street and Portola Drive, Mr. Blanchard, representing the City Attorney, replied that inasmuch as the Master Plan was purely advisory and recommendatory to the Board, any action of the Board could not preclude a matter from being presented to the Board for action.

Supervisor Carberry stated that he had made his position known at the last meeting and he was still of the opinion that the matter should receive additional study by the Board.

Motion to reconsider *defeated* by the following vote:

Ayes: Supervisors Arnold, Carberry, Dobbs, Ferdon, Lewis—5.

Noes: Supervisors Christopher, McAteer, McCarty, McMahan, Mead—5.

Absent: Supervisor Halley—1.

Supervisor Dobbs now presiding.

Supervisor Lewis, seconded by Supervisor Arnold, moved that the Board rescind its action on Files 7274-1 and 10680 whereby it refused to adopt the motion to reconsider the action whereby said matters were adopted.

Supervisor Ferdon stated he had supported the action of Supervisors Arnold and Lewis, but that this type of a motion, with Supervisor Christopher absent, was not regular and that accordingly he would not vote for it.

Supervisor Arnold stated that he desired to withdraw his second to the motion in view of the fact that it had been necessary for Supervisor Christopher to leave the meeting.

No objection and second *withdrawn*.

The Chair ruled that the motion *lost* for want of a second.

Motion to reconsider *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Dobbs, Ferdon, Lewis—5.

Noes: Supervisors McAteer, McCarty, McMahan, Mead—4.

Supervisor McAteer stated that during the past week he had received many letters about the widening of Market Street and Portola Drive in which it was stated that the matter was considered at a closed meeting of June 3rd. He continued that he had no knowledge of any closed meeting, but that he was concerned because it seemed

to be the universal opinion among the people who had spoken to him.

Supervisor McAteer inquired of the press if they could not, over a period of two or three weeks, advertise the fact that these meetings are public, that the public is invited, and the date and time of said meetings.

Preparation of Plans for Relocation of Relief Map of California.

Supervisor McAteer stated that the problem of relocating the relief map of California is still pending in the Education, Parks and Recreation Committee because nothing is being done by the various agencies of the City to relocate the map. In 1953 the Chamber of Commerce was requested to find an answer to the problem and they recommended that the map be located in Golden Gate Park, but such recommendation was opposed by the Society for the Preservation of Golden Gate Park.

Supervisor McAteer further stated that in February a communication was directed to the Recreation and Park Commission asking that they give consideration to relocating the map in the proposed Exhibit and Exposition Hall (Hall of Flowers), but Assemblyman George Collins had informed him that, although money was available for the construction work, the final plans had not been submitted and consequently San Francisco had not received the money.

Supervisor McAteer remarked that, in view of the fact there only was about a year and a half left within which to relocate the map, he hoped that some action would be taken in the immediate future.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request for Joint Action by San Francisco and San Mateo Counties in Construction of Big League Baseball Stadium and Securing of Major League Baseball Franchise.

Supervisor Christopher stated that he had received a communication from Supervisor Werder, chairman pro tempore of the San Mateo County Board of Supervisors, suggesting that the Boards of Supervisors of San Francisco and San Mateo Counties meet to discuss the possibility of joint action for the construction of a big league baseball stadium in the vicinity of Bay Meadows Race Track.

Supervisor Christopher further stated that he would oppose any move to permit use of San Francisco tax payers' money to build a stadium in San Mateo County because he felt that if the Bay Area was to secure major league baseball the stadium should be located in San Francisco and not in any other county.

Supervisor Mead stated that, in view of the fact that no site had been selected for the stadium, a communication should be sent to the San Mateo Board of Supervisors thanking them and stating that the proposal would be held in abeyance pending a determination by this Board of Supervisors as to the location of the stadium.

Supervisor McAteer stated that he believed that a conference of such nature might be premature and harmful to the bond issue to be presented on the November ballot. He stated that to his knowledge the proposed bond issue did not designate a site for the stadium and that he believed that the location of the stadium should be kept out of all discussions.

Supervisor Ferdon remarked that the purpose of constructing a stadium was to attract people to San Francisco and that the Board should not only resist all efforts to have it constructed elsewhere, but should take a stand that they are anxious to have a big league franchise and are going to do everything within their power to secure the stadium.

Mr. Brooks stated that the stadium should be located in San Francisco, and while there were a number of sites under consideration none had, as yet, been selected.

Supervisor Ferdon, seconded by Supervisor Mead, moved that the Clerk of the Board reply to the San Mateo Board of Supervisors,

thanking them for their letter but stating that it is the consensus of this Board that any big league stadium that is constructed should be located in San Francisco and any major league baseball franchise that is secured for the Bay Area should be secured by San Francisco.

Supervisor Halley stated that while he would vote for the motion, he was not voting for a blanket proposal concerning the location of the stadium.

Supervisor Dobbs presented:

File No. 12077, Ordinance No. . . . (Series of 1939).

Supervisor Dobbs remarked that for a number of months he had been working with interested parties to see what action could be taken to stop the so-called "Close Out Sales" that were being conducted on Market Street. While the operators advertise a "Close Out Sale" they are nevertheless conducting an auction sale and many visitors to San Francisco, especially the men and women of the armed forces, are buying inferior articles at premium prices.

Supervisor Dobbs continued that while other cities seemed to be able to effectively control such business San Francisco could not, so he was presenting the foregoing measure in an effort to make it impossible to conduct such sales.

Referred to Police Committee.

Supervisor Dobbs requested that the Clerk of the Committee notify all interested parties of the meeting, and that he, Supervisor Dobbs, would furnish the list of names.

Supervisor McAteer presented:

File No. 12079, Ordinance No. . . . (Series of 1939).

Referred to Police Committee.

Location of Relief Map of the State of California.

Supervisor McAteer stated that since his remarks about the permanent housing of the relief map of the State of California there had been a joint meeting of the Recreation and Park and City Planning Commissions.

Supervisor McAteer continued that while the Board of Supervisors had agreed that the State should house the map for a period of from three to five years and the City would pay \$1,000 per year rent and \$135 per month maintenance charge; and that in 1953 the Board had accepted the offer for the Map and the Recreation and Park Commission was requested to study the feasibility of locating the map in a suitable park or public square and report thereon to the Board, the Recreation and Park Commission has done nothing about finding suitable quarters for the map, and the City Planning Commission was not aware of the report made by the Chamber of Commerce in May of 1953.

Supervisor McAteer continued that the City Planning Commission seemed offended by not being requested to make a report on the housing of the map. That in his opinion there seemed to be a lack of coordination between departments after action is taken by the Board of Supervisors, and that he was pointing it out in the hope that when the Board enacts legislation that it will be followed through to see that something has happened.

Supervisor McAteer concluded that he hoped that as a result of the meeting of last week that the Board of Supervisors would receive a report from the Recreation and Park and City Planning Commissions relative to housing the relief map.

Request for Information as to Funds Available for Deferred Maintenance Charges at City Institutions.

Supervisor McMahan remarked that she had become concerned about the fact that the Mayor's Bond Screening Committee had recommended that all maintenance items for the San Francisco Hospital and the Laguna Honda Home be deleted from the proposed bond issues.

Supervisor McMahan continued that when the budget was before the Board sufficient work was given to the Department of Public Works until it was determined whether or not the repairs were to be done by bond issue or on a budget basis, and that there was now approximately \$4 million deferred maintenance. That whether the bonds are approved or defeated in November it would be necessary to make some arrangements for maintenance work.

Supervisor McMahan requested that the Clerk of the Board direct a communication to the Controller requesting that he submit to the Board, at the time the proposed bond issues for the rehabilitation of the San Francisco Hospital and Laguna Honda Home are considered, information relative to the estimated surpluses that will be available in November to take care of deferred maintenance at said institutions.

No objection and request *granted*.

SPECIAL ORDER—2:00 P. M.

Board of Supervisors Meeting as a Board of Equalization.

File No. 11958

Assessor Wolden stated he thought it essential that the Board have its own reporter to take down the proceedings.

Supervisor Ferdon stated the Assessor and the Board should accept the record of the reporter of the appellants.

Supervisor McCarty pointed out that the reporting service being furnished is of the highest type, that the reporter is from Ed Conklin's Office.

Mr. Alan B. Aldwell of Brobeck, Phleger & Harrison, representing 35 firms appealing possessory interest assessments, said they would be very happy to furnish a copy of the transcript to the Board of Supervisors.

Deputy City Attorney Blanchard gave it as his opinion that it is very important the Board have its own reporter.

Supervisor Lewis asked whether the reporter was an official court reporter, and when she answered "no," said he did not believe the transcript would be accepted by an appellate court.

Supervisor Lewis, seconded by Supervisor Halley, moved that the hearing be temporarily recessed until such time as an official shorthand reporter could be obtained to take a transcript.

Supervisor McCarty, seconded by Supervisor Arnold, offered a substitute motion, that the Board accept the offer of the firm of Brobeck, Phleger & Harrison to furnish a copy of the transcript, dispensing with the necessity of hiring a reporter of its own.

There being no objection, Supervisor McCarty *withdrew* his substitute motion.

Supervisor Dobbs, repeating his request of two weeks ago, asked that he be excused from voting on the possessory interest hearings as his firm is interested in some of the matters.

No objection, request *granted*.

Supervisor McAteer requested to be excused from voting and discussion of the possessory interest hearings as he is a majority stock-

holder in a corporation which leases property from the State of California.

No objection, request *granted*.

Supervisor Mead inquired how long a recess was contemplated.

Mr. Blanchard pointed out the Board of Equalization hearings should be completed within 20 days from the third Monday in July.

Supervisor Carberry called attention to the fact that the Board had requested they be furnished with the assessed value of each possessory interest, and those amounts should appear on the schedule furnished each member.

Mr. Blanchard, replying to an inquiry of Supervisor Halley, stated the notes taken by the minute clerk is the official record. The securing of an official reporter is desirable but there is no provision in the law requiring one.

Motion *defeated* by the following vote:

Ayes: Supervisors Christopher, Halley, Lewis, Mead—4.

Noes: Supervisors Arnold, Carberry, Ferdon, McCarty, McMahon—5.

Excused from Voting: Supervisors Dobbs, McAteer—2.

Supervisor Lewis requested that the stipulation include all petitioners, and that not only will a copy of the proceedings be furnished to the City and County of San Francisco, but that it also be stipulated that the record taken down here be considered just the same as if taken down by an official court reporter and that this record may be used by either side in a trial court or appellate court following such stipulation.

Supervisor McCarty rose to a point of order. The effect of any proposed stipulation, whether encompassing the terms suggested by Supervisor Lewis or any other terms, would in effect constitute this Board as the City Attorney making a stipulation purporting to bind the City in contemplated litigation and this Board has no such power. We have no power to make a stipulation for use in future court actions, that is entirely within the province of the City Attorney, and any attempt by the Board to engage in such a stipulation to be used in any trial court or court of appeal is entirely improper and not within the purview of this Board.

Supervisor Lewis inquired of Mr. Blanchard whether it would be possible for him to secure the stipulation requested.

Mr. Blanchard answered he did not believe it would be. Inasmuch as the motion for securing an official court reporter was defeated, the Board should proceed along that line.

The Clerk read a letter, dated August 2, 1954, from Eugene J. Riordan, Director of Property.

Supervisor McCarty reiterated his request, stating in each of the prior instances where an appeal was considered, the dollar value of the assessment was given, and that those figures for the possessory interests should be made available today in order to properly evaluate the argument of the appellants in contrast to the statements of the Assessor and the Director of Property.

Assessor Wolden stated normally those figures are placed upon the petitions by the appellants or plaintiffs and it was understood that was what they were going to do. The reason the Board does not have the information is that it was not placed on the copies sent to the Board.

Mr. Aldwell stated his firm represents 35 petitioners, that he is familiar with some of the facts but not all of them; a number of witnesses are present, do you want to hear from all of them? In

addition to the list of petitioners furnished previously, also represented is the Calmar Steamship Corporation.

Oath was administered to Mr. W. K. Varcoe, Vice President of the American President Lines, 311 California Street, who testified to the nominal, if any, possessory interest value of their property under consideration.

General Robert H. Wylie, San Francisco Port Commissioner, spoke on behalf of the petitioners.

Appellants' exhibits numbers 1 through 92 were offered in evidence.

Exhibit No. 1 is a schedule prepared by the State Board of Harbor Commissioners showing various items of income from these piers.

Appellants' exhibits numbers 2 through 89 are copies of two basic documents: the first, the form of pier assignment in effect on the first Monday in March of this year, outlining the conditions under which the premises were occupied; the second, a new form showing the lack of permanency of the occupancy and designated "License to Use Space, Non-Exclusive" rather than an assignment of space.

Appellants' exhibits numbers 90 through 92 are copies of leases of the Islais Creek Grain Terminal Corporation.

Mr. Aldwell asked if his witnesses could be sworn in as a group, and their testimony taken collectively to obviate repetition, each wished to testify for their particular firm or firms to the same effect as Mr. W. K. Varcoe, Vice President of the American President Lines.

Mr. Blanchard gave it as his opinion that it would be legal to administer the oath to the group as each would repeat the oath.

Oath was administered to the following:

W. V. Criddle, representing Union Oil Company of California;

Daniel K. Moore, President, Star Terminal Company Inc.;

Littleton Groom, Vice President, Calmar Steamship Corporation;

F. de Berne, Treasurer, Pacific Oriental Terminal Company;

E. N. W. Hunter, Pope and Talbot, Inc.;

J. H. Anderson, representing The River Lines, Inc.;

J. J. Flanagan, Secretary, Islais Creek Grain Terminal Corporation;

Guiot Eberhard, Treasurer, Seaboard Stevedoring Corporation;

Guiot Eberhard, Treasurer, Pacific Ports Service Company;

Clare L. Thomas, Treasurer, Waterman Corporation of California;

Fred C. Hardy, Treasurer, Hawaiian Trading Corporation;

T. W. Clark, Secretary-Treasurer, California Stevedore and Ballast Company;

Albert D. Elledge, representing The Harbor Tug & Barge Company, Golden Gate Scenic Steamship Lines, Inc., Harbor Tours, Inc.;

D. P. Penhallow, representing Bay and River Navigation Company;

J. H. Jenkins, representing Crowley Launch and Tug Boat Company, Bay Cities Transportation Company, Shipowners and Merchants Towboat Company;

J. H. Jensen, representing Matson Terminlals, Inc.;

Edward J. Le Vasseur, representing San Francisco Stevedoring Co., Inc.;

T. J. Moher, representing Bethlehem Pacific Coast Steel Corporation;

D. N. Lillevand, representing Grace Line, Inc.;

F. L. Morgan, Assistant Treasurer, Pacific Far East Line, Inc.;

M. O. Kurtz, Secretary-Treasurer, West Coast Terminals, Inc.;

J. E. Eitze, Operations Manager, Pacific Division, Isthmian Steamship Company;

C. R. Redlich, Vice President, Marine Terminals Corporation;

Geo. B. Schirmer, President, Ocean Terminals;

K. F. Saysette, Vice President, Pacific Maritime Association;

C. T. Truax, Vice President, Mission Terminal Company.

All of the above testified collectively to the same effect as Mr. W. K. Varcoe, Vice President of the American President Lines.

Oath was administered to Mr. Robert E. Mayer, Pacific American Steamship Association, who testified on behalf of the 35 firms represented by Mr. Aldwell.

The Clerk read a communication from Smith-Rice Company appealing a possessory interest assessment and further stating his petition had been rejected. Petition filed July 27, 1954, at 9:40 a. m.

The Chair commented that since the petition was filed too late to be legally considered, the only alternative would be to deny the petition.

On being requested for his opinion, Mr. Blanchard said only petitions, filed within the period ending with the third Monday in July, and property under the jurisdiction of the Board, could be considered. The extension of time properly can be used only for consideration of petitions already under jurisdiction.

Supervisor Ferdon, seconded by Supervisor McCarty, moved that the petition be denied.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Ferdon, Halley, Lewis, McCarty, McMahan, Mead—9.

Excused from Voting: Supervisors Dobbs, McAteer—2.

Supervisor Carberry, seconded by Supervisor Arnold, moved that the Clerk be directed to place on the calendar for the next meeting the assessed valuation of each possessory interest, inasmuch as only one assessed value of a possessory interest has been received, that of \$240,703 for the American President Lines.

There being no objection, so *ordered*.

The following recommendation of Judiciary Committee was taken up:

(*Supervisor Ferdon dissenting.*)

Amending Article 3, Part I, of the San Francisco Municipal Code by Amending Section 227 Thereof, Relating to Withdrawal and Redeposit of Contributions by Providing for Right of Redeposit of Contributions upon Re-Entry into Membership at an Age Less Than the Compulsory Age of Retirement, by Providing for Written Election to Be Filed In Office of Retirement System, and by Providing for the Payment of Interest on Withdrawn Accumulated Contributions from Date of Withdrawal to Date of Redeposit.

File No. 11511, Ordinance No. . . . (Series of 1939).

Supervisor Halley moved, seconded by Supervisor Lewis, that consideration of the pending measure be continued for two weeks in view of the fact that passage required nine votes and two members were absent.

It was pointed out that Supervisor Dobbs had merely stepped outside of the Chambers for the moment. Accordingly, there being no objection, Supervisor Halley withdrew his motion.

Supervisor Ferdon explained that while he did not object to the passage of the measure in principle, he did prefer that it be redrafted to provide for payment by returning employees of benefits received. He could not see why such employees should have the same benefits as employees who were making a career in city service.

Supervisor Lewis moved, seconded by Supervisor Halley, that the City Attorney be directed to draft the proper legislation in accordance with the ideas advanced by Supervisor Ferdon.

Deputy City Attorney Thomas Blanchard suggested that an actuarial report be obtained from the Retirement System in connection with the changes suggested by Supervisor Ferdon. The Board then could amend the legislation if it so desired.

Supervisor Mead moved as a substitute, seconded by Supervisor Arnold, that the pending measure be re-referred to Judiciary Committee for the purpose of requesting an actuarial report embodying the suggestions of Supervisor Ferdon.

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Halley, Lewis, McCarty, McMahan, Mead—10.

Absent: Supervisor McAteer—1.

Referred to Judiciary Committee.

Supervisor Carberry requested that a letter be sent to the Director of Property and the Director of Public Works for report respecting a discussion on proposed improvements by Ben Swig for the use of street areas under our freeways.

No objection and so *ordered*.

Supervisor Carberry conversed at 2 o'clock today with Ben Swig of the Bond Screening Committee. There appears to be some controversy in relation to the proposals and Mr. Swig conveyed the information that the Bond Screening Committee, of which he is acting chairman, will meet today at 3 o'clock and he will recommend that all extraneous matters or proposals for new facilities be withdrawn at this particular time.

Supervisor Christopher, seconded by Supervisor Mead, moved that the foregoing legislation be adopted.

Supervisor Halley, seconded by Supervisor Mead, moved rescission of Board action on File No. 10486-3, a Resolution Determining and Declaring Public Interest and Necessity Demand the Construction and Completion of Improvements to Laguna Honda Home and Hos-

pital and Premises Requiring the Incurring of a Bonded Indebtedness in the Amount of \$7,070,000, heretofore adopted by the Board on July 19, 1954.

Supervisor Carberry, in explanation of his vote, said he had stated last Monday that it was unfortunate that the measure was presented on the last day and unfortunate the Bond Screening Committee could not meet with the entire Board so we might arrive at a common solution. All parties are sincere about solving this problem. He was told it was the last day and therefore voted in accordance with the recommendations of the Finance Committee. It is his intention today to vote for rescission because of opinions which have been expressed through the newspapers which he believes will have an important influence on the electorate.

Supervisor McCarty stated the question the Board and the Finance Committee has faced for the past weeks is one of whether to include in the bond issues monies for deferred maintenance or to exclude those sums. The Bond Screening Committee has recommended exclusion. For the record he still concurs in the validity of the Finance Committee recommendations and that the sound and more logical course is to submit the bond issues with the inclusion of the amounts for deferred maintenance. Since last Monday top financial experts have advised him that the better course was that recommended by the Finance Committee. He was also advised that the Chamber of Commerce recommended the same course as the Finance Committee.

If it is advisable to submit the lower figure it will be incumbent upon this Board to include in budgets for the next six or seven years sufficient funds not only for current maintenance, the lack of appropriations for which in the past has led to the situation we now face, but also to include in budgets for the next six or seven years sufficient additional funds to take care of deferred maintenance which we are now, if we follow this motion, deleting from the bond issues. He hopes that the people who have told us it is the better course to take care of deferred maintenance from budget funds will not come forward asking us to delete these items from future budgets. He hopes the members of the Board will vote in favor of rescission of the Board action of last week and for bond issues in the lower amounts.

Supervisor McMahan asked that this discussion be deferred until Mr. Ross was in the chambers.

No objection, request *granted*.

Supervisor Lewis requested that a letter be written to DeLeuw Cather Company advising of the Joint Finance and Streets Committee meeting scheduled for August 12th, so that some representative of their company may be present at that meeting.

Supervisor Lewis requested that consideration be given to utilizing a portion of Union Square Garage, facing the St. Francis Hotel, as an airline bus terminal.

Request of Supervisor Lewis: That a follow-up letter be sent to the City Attorney on his request for legislation on the Lurie Plan, having to do with the proposed site of Sutter, Stockton and Bush Streets; and that legislation be prepared by the City Attorney for the second phase of the Lurie Plan, the Fourth Street site.

Supervisor Halley requested we refer back to the bond measures.

Supervisor McMahan asked Mr. Ross whether the bond issues in the larger amounts had his approval.

Mr. Ross replied by saying he thought the main point is the approval of the attorneys charged with the validity of our issues, and they have approved it.

Supervisor Dobbs stated as a member of the Finance Committee, with respect to the bond issues, he wanted to make it clear why he is voting against rescission. It was with the clear and direct understanding that the Finance Committee presented these measures to

you with both arguments so you might make up your mind last Monday. He cannot vote for rescission of last week's action but understands there will be sufficient votes to rescind today. He will vote for the lesser amount for only one reason—he thinks half a loaf is better than none.

Supervisor Mead stated he listened very thoroughly to the recommendations from the Finance Committee, they made a tremendous presentation after a lot of thought and study. They convinced me they were right. However, he has looked around since then. Three newspapers in San Francisco take a definite stand for the lower amounts; the Bond Screening Committee and downtown interests oppose the larger amounts. He does not want any portion of these bonds to lose because of the position of outstanding people and outstanding newspapers in San Francisco but he does want to be practical and wants the bonds to win. We need every bit of assistance we can get to remodel and reconstruct the hospital and the Laguna Honda Home so he is changing his mind because he wants all of his friends to vote for these bond issues and is looking forward to the people of San Francisco voting overwhelmingly for these particular bonds. Believes we should submit to the people the smaller amounts.

Supervisor Arnold stated he had attended the caucuses held on Saturday and today. All members are fully cognizant of the problems that confront us. The pros and cons and the recommendations of the Bond Screening Committee were made known to the members last week and we took our vote. We had before us the total amounts that would be necessary to rehabilitate these two institutions; to bring them up to the minimum standards of the American Medical Association it is necessary to spend approximately \$15,000,000.

The same people who propose the reductions will not be in favor of an additional tax levy for maintenance of these institutions. They do not want to make it mandatory that they must be met. If you vote for the figures in the reduced amounts you are committing yourselves to the proposition that you must make suitable provision for the maintenance of these institutions. He will vote against rescission, but if our action is rescinded he will vote for the smaller amounts, feeling they are better than none.

Supervisor Ferdon stated he had intended to remain silent as his position is the same as it was last week. He wanted to point out something he did not mention last week because he figured his position was equally futile as that of Supervisor Arnold's. The Board agreed only last fall not to proceed until the Bond Screening Committee had an opportunity to examine the issues. He believes the Finance Committee in its initial recommendation was wrong, and he still feels it is wrong.

Sincerely hopes that this afternoon we will not go into complete details all over again because if we do, we are going to defeat the purpose of the caucuses.

Supervisor McCarty stated reference was made to the fact that he had stated in caucus that it was his opinion that certain groups who would oppose the high bond issues would also oppose high budget appropriations. He did not want that construed to mean they would disapprove the appropriations themselves. The opinions that were expressed to him were based upon the idea if you made a definite amount mandatory in any one year, whether or not that amount could be wisely spent. Those people believe the appropriations should be made as they become necessary rather than a mandatory amount.

Motion adopted by the following vote:

Ayes: Supervisors Carberry, Christopher, Ferdon, Halley, Lewis, McCarty, Mead—7.

Noes: Supervisors Arnold, Dobbs, McMahan—3.

Supervisor Halley, seconded by Supervisor Mead, moved that the foregoing measure be adopted.

Supervisor McMahan will vote for any amount which will assist in the rehabilitation of the hospital and the home. Believes unanimous vote very important and will vote with the rest of the Board although she does not believe the amounts of the issues should be reduced. The newspapers have editorially come out against the bond issues including the deferred maintenance and she realizes the importance of their support where a $\frac{2}{3}$ vote is necessary and therefore will vote for the bonds in the reduced amounts in the hope that we will have complete and adequate support from these groups.

Supervisor Arnold, seconded by Supervisor Dobbs, moved that consideration of the legislation be continued to September 7th.

Supervisor McCarty stated that he would have to vote against the motion because the Board has already approved the principal and appropriated the money, and that any further continuance would just be delaying action.

Supervisor Dobbs stated that he would vote for the postponement to permit the Joint Finance and Streets Committee to complete its study on the matter and submit its report to the Board.

Supervisor McMahan explained that she would vote for the continuance to permit the Joint Committee to submit its report, but that nothing had been presented to change her mind on the question of authorizing the work.

Supervisor McAteer stated that he too would vote for the continuance to permit the submission of the report by the Joint Committee but that he had heard nothing that would make him change his mind on the final vote for the widening of the roadway.

The Board resumed consideration of the following measure heretofore considered and temporary postponed.

Amending the Annual Salary Ordinance by Adding Section 1.31.1 to Permit Certain Employees of the Adult Probation Department to Work a 44-Hour Week.

File No. 12163, Ordinance No. . . . (Series of 1939).

John Kavanaugh, Adult Probation Officer, explained the necessity for the passage of the legislation.

Supervisor McAteer stated that while he was going to vote against the matter it did not mean that the people should not work on Saturday morning, because it was necessary that they do so, but that he was opposed to have them work more than 40 hours per week without overtime pay. Supervisor McAteer continued that his vote was an all-inclusive vote on matters like this, and that each time a similar instance arose he would vote against it.

Supervisor Dobbs stated that he did not think that it should be made as an order of business before the Board that any member of the Board was favoring a 44-hour week without payment of overtime after 40 hours. The budget has been approved for a 44-hour week and the Board could not change it.

Supervisor Dobbs continued that if the legislation were not passed then the employments could not be continued and that the approval of the legislation was not a stamp of approval on any hours worked beyond 40 hours per week.

Supervisor Halley requested that the Clerk direct a communication to the Civil Service Commission requesting that the people involved be put on a time and one-half basis for all work in excess of 40 hours per week.

Supervisor McCarty stated that requests for overtime payment in excess of 40 hours per week must be made by the department head.

Passed for Second Reading by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, McCarty, McMahan—7.

Noes: Supervisors McAteer, Mead—2.

Absent: Supervisors Carberry, Lewis—2.

Supervisor Halley requested that the Clerk direct a communication to the City Attorney inquiring as to what procedure would be necessary to place all employees of the Adult Probation Department on a 40-hour week, with overtime for work performed in excess of said 40 hours.

Supervisor Mead suggested that the request include all city employees.

No objection and request, as amended, *granted*.

Investigation of Removal of Governmental Agencies from San Francisco.

Supervisor Christopher requested that the Clerk direct a communication to Francis V. Keesling, Jr., asking him to confer with the

Board to determine through our Senators and Congressmen what was behind the drive to take established governmental agencies from San Francisco.

No objection and *request granted*.

The following off-calendar matter was presented by the Clerk:

Supervisor Christopher agrees that there should be no California residence requirement, and that the county clerk should not be named as acting chief administrative officer in the event of a vacancy.

Supervisor McCarty stated the mayor should have the right to select a chief administrative officer without the approval of the board of supervisors.

Former Mayor Roger Lapham is against any residence requirements, that the position should be open to any citizen of the United States; also in the event of a vacancy the position should not be filled temporarily by the county clerk.

Supervisor Dobbs moved to delete the first five lines, substituting therefor the following: "There shall be a chief administrative officer, who shall be appointed by the mayor, subject to confirmation by a majority of the board of supervisors."

Supervisor Arnold, seconded by Supervisor McCarty, moved to delete the words "written charges" and substitute the word "resolution" in the 13th line of the second page.

Supervisor Halley, seconded by Supervisor McMahan, requested a temporary postponement.

No objection and *so ordered*.

Supervisor Halley, seconded by Supervisor Ferdon, moved that the rules of the Board be suspended to permit the following recommendation of the County, State and National Affairs Committee to be considered.

appoint a committee comprised of representatives of shipping, ship-building and ship repair and other related maritime industries of . . .”.

Supervisor Halley stated the resolution did not originate in committee, that it was sent to the Board by Mr. Francis V. Keesling, Jr., Federal Legislative Representative.

Supervisor Arnold requested that the City Attorney's office also be kept informed of any tort claims filed.

Finally Passed by the following vote:

Statement Re Possessory Interest.

Supervisor McCarty stated that, for the record, the Board had not exempted shipping interests from any tax in the recent action taken by it by which possessory interest assessments for shipping interests were reduced to zero. What was done was, under testimony produced, to find that the possessory interest of the shipping firms had no value.

That the Assessor had informed us that possessory interest was the difference between rent charged by the State and the rent that would be charged in open market by private landlords. Testimony showed no difference, and we found that the possessory interests had no value. The Assessor should have accepted our value of the possessory interests.

I make this statement in answer to his press release, in which he stated that we exempted the shipping firms from tax.

Supervisor McMahan stated she was not in accord with the statement made by Supervisor McCarty, and that our records will show that to be true.

Approving and Adopting Lease Form for Fifth and Howard Parking Plaza.

File No. 11187-3, Resolution No. 14754 (Series of 1939).

Supervisor Arnold stated in view of the failure of his motion to amend Section 17 of the lease form for the Minnatoma Parking Site, he would not make a similar motion for the Fifth and Howard Parking Plaza.

Supervisor Dobbs, seconded by Supervisor Ferdon, moved that Section 1 of the lease form be amended by adding the following language:

"After Lessee's monthly rental has been determined in each instance, and after it has been accounted to City as being either the minimum sum of \$2,500.00 or the aforesaid percentage of the monthly gross revenues, Lessee shall deduct therefrom one-sixtieth (1/60) of the total amount of the cost of making the improvements required of it in section 2 hereinafter which improvements shall vest in City upon completion. It is agreed that the total cost of said improvements will be approximately \$ _____, but the actual total cost, after said improvements have been made, shall be determined and supported by appropriate bills and statements, in form approved by said Controller, and be duly certified as to their correctness and completeness.

"In the event that City exercises its option under paragraph 3 of section 1 hereof to cancel this lease at any time during the said five (5) year term hereof, it is agreed by City that any remaining part of said construction cost for which Lessee is entitled to receive credit, shall be paid by City to Lessee forthwith. Lessee agrees to accept said sum, whatever it may be, in full satisfaction of any and all claims it has or may have against City in respect to its amortization rights hereunder."

And that Section 2 of said lease form be amended by deleting therefrom the present Section 2 and substituting in lieu thereof the following:

"2. IMPROVEMENTS AND ALTERATIONS

"Within 30 days from the date hereof and during any extensions which may be permitted by the Board of Supervisors for good cause, Lessee, at its sole cost and expense shall pave the entire demised premises with oil seal and rolled screenings or better construction, construct chain link fencing and gates around the demised premises, construct entrances and exits, necessary lighting standards, drains and sewers, toll house or houses, adequate public toilets, striping, bumper strips, signs and other necessary improvements, in locations conforming generally to a preliminary plan to be furnished by City but subject to possible change in accordance with a layout to be submitted by Lessee with its bid. Such improvements shall be made at Lessee's sole expense to satisfaction of the Director of Public Works. Title to each of such improvements shall vest in City upon completion.

"Any subsequent alterations made by Lessee on the demised premises shall be made at Lessee's sole cost and expense and title shall vest in City upon completion thereof and no right to amortize same at City's expense shall be anticipated by Lessee or be granted by City. All alterations shall be made by plans approved by the Director of Public Works and shall be to his satisfaction.

"Lessee, at its sole cost and expense, shall install its time stamps, cash registers, furniture and other trade fixtures, title to which shall be in Lessee.

"Lessee shall give the Director of Property not less than ten (10) days' written notice of its intention to construct said improvements or alterations on the demised premises to enable City to post its notices of non-responsibility."

Supervisor Lewis stated he had had a telephone call from the owner of the 5-story garage, located within the area of the Minnatoma Parking Plaza, stating his garage had a capacity of 200 vehicles, and Supervisor Lewis requested an explanation as to why such a building should be razed, when according to his understanding the Minnatoma Parking Plaza would have a capacity of only 300 vehicles.

The Chair read a communication from Acting Mayor J Eugene McAteer, returning disapproved and vetoed the foregoing measure.

Mayor Elmer E. Robinson addressed the members of the Board, stating his reasons for the disapproval and veto and that he had communicated with Acting Mayor J Eugene McAteer requesting that he disapprove and veto the measure.

Supervisor Christopher, unanimously seconded, moved the privilege of the floor to Ted Huggins, Co-chairman of the Press and Union League Clubs' Committee for the Celebration of the Tenth Birthday Session of the United Nations.

(Supervisor Arnold dissenting.)

Requesting His Honor, the Mayor, to Initiate Action to the End that the Meeting of the United Nations General Assembly Be Held in San Francisco in 1955, the 10th Anniversary of the Birth of the United Nations; and Rescinding Resolution No. 13285 (Series of 1939).

File No. 12328-1, Resolution No. 14881 (Series of 1939).

Supervisor Arnold explained that he was going to vote against the recommendations of the Joint Committee because if the resolutions are adopted the Board would be telling the State Department that next year there would be appropriated an amount of \$250,000 for the purpose of paying extraordinary expenses of the United Nations, and for that reason he believed that the resolution was misleading. That there was no indication that the \$250,000 would be sufficient to pay the expenses.

The Clerk presented a legal opinion from the City Attorney advising that while the Board could declare it to be its policy that it would approve a budget item in the amount of \$250,000 in next year's budget, such a declaration of policy would not be binding on the Board.

Supervisor McAteer stated that he preferred to hold the matter on calendar until some type of communication could be received from the State Department setting forth the approximate amount of money that would be required for extraordinary expenses.

Supervisor McAteer, seconded by Supervisor McCarty, moved that the privilege of the floor be granted to Mr. Roy Cummings of the Press and Union League Club.

Mr. Cummings explained the work that the Committee of the Press and Union League Club had been doing to bring the meeting to San Francisco.

Supervisor Carberry explained that he would vote for the legislation because he believed that the Board was just declaring its policy as being in favor of having the United Nations General Assembly meeting in San Francisco, and that it would appropriate \$250,000 toward the payment of the extraordinary expenses in connection therewith.

Supervisor McAteer explained that he was going to vote affirmatively for the legislation because he was anxious to have the meeting held in San Francisco, but that he was not completely satisfied with the method of determining that the amount of \$250,000 should be appropriated to cover expenses.

Adopted by the following vote:

Ayes: Supervisors Carberry, Christopher, Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, McMahan—9.

No: Supervisor Arnold—1.

Absent: Supervisor Mead—1.

Declaration of Policy in Connection With Appropriation of Funds to Meet Extraordinary Expenses of the Holding of 10th Anniversary Meeting of the United Nations General Assembly in the City and County of San Francisco Commencing During the Year 1955.

Absent: Supervisors Arnold, Halley, Mead—3.

Supervisor Lewis, seconded by Supervisor McAteer, moved that the privilege of the floor be granted to Mr. Edward Dienstag.

No objection and motion *granted*.

Mr. Dienstag spoke in opposition to the ordinance and stated that the ordinance was typical class legislation limited to a very small class of people doing business on Market Street, and requested that the legislation be re-referred to Committee for the purpose of re-drafting.

Supervisor Dobbs, seconded by Supervisor Ferdon, moved that the privilege of the floor be granted to Mr. Sylvester McAtee.

No objection and motion *carried*.

Mr. McAtee spoke in favor of enactment of the legislation and explained the reasons why the business people of San Francisco were in favor of it.

Supervisor Lewis, seconded by Supervisor Arnold, moved that the privilege of the floor be granted to Mr. M. M. Grupp.

No objection and motion *carried*.

Mr. Grupp spoke in opposition to the legislation and stated that his strongest objection was due to the fact that the legislation provided that the bonding company would be liable for the acts of the person engaged in the sale of the merchandise as set forth in the legislation.

Supervisor Ferdon, seconded by Supervisor Dobbs, moved that the privilege of the floor be granted to Mr. Karl Stall.

No objection and motion *carried*.

Mr. Stall spoke in favor of the enactment of the legislation.

Supervisor Lewis, seconded by Supervisor Dobbs, moved that the legislation be amended by amending Section 1206 thereof, by deleting on the third line, after the word "to" the word "grossly."

Supervisor Ferdon stated that he was going to vote against the motion because the legislation had been prepared by the City Attorney and that he, Supervisor Ferdon, would accept the language of the City Attorney.

Supervisor Dobbs requested permission to withdraw his second.

No objection and request *granted*.

There being no other Supervisor who desired to second the motion, the Chair ruled that the motion was *lost* for want of a second.

Supervisor Lewis stated that he was going to vote against the ordinance unless it could be amended to conform with his thinking.

Supervisor Arnold, seconded by Supervisor McCarty, moved that the legislation be amended by amending the fifth subsection of Section 1201 by deleting the following language "the applicant shall set forth the fact that he has been a resident of the City and County of San Francisco for more than one (1) year previous to the time of application, and."

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, McAteer, McCarty, McMahan—6.

Noes: Supervisors Dobbs, Ferdon, Lewis—3.

Absent: Supervisors Halley, Mead—2.

Supervisor Lewis in explaining his vote stated that he felt that the ordinance was unconstitutional but that he would vote for it because the City Attorney had advised the Board that it was not unconstitutional.

Passed for second reading as amended by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Lewis, McAteer, McCarty, McMahan—9.

Absent: Supervisors Halley, Mead—2.

File No. 12432, Resolution No 14891 (Series of 1939)

Supervisor Lewis, seconded by Supervisor Carberry, moved that the foregoing measure be adopted.

Adopted by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Lewis, McAteer, McMahan—7.

Absent: Supervisors Ferdon, Halley, McCarty, Mead—4.

Supervisor McAteer informed the Board that Miss Lee Ann Merriwether, "Miss America," would be in San Francisco on Wednesday, October 27th, and that plans had been made to welcome her in the Rotunda of the City Hall on Thursday morning, October 28th, and that a luncheon in her honor would be held on the same day. All Supervisors were requested to keep the date in mind and to attend the luncheon if possible.

Supervisor McAteer told the members that the Southern Pacific franchise at Third and Townsend Streets had expired (and circulated an aerial photograph and chart for the members to view, showing the property owned by the Southern Pacific, east of the China Basin Channel, bounded by Third and Seventh Streets, the Channel and Mariposa Street). That negotiations had resulted in one proposal, that of an overpass from Berry Street to Brannan Street. The cost was estimated at \$3,750,000, and the Southern Pacific had agreed to pay \$1,800,000, if the State Public Utilities Commission required the construction. The remainder of the money would have to be paid by the taxpayers of San Francisco. This would be a burden to the taxpayers of approximately \$2,000,000—and all for the benefit of the Southern Pacific. The construction would necessitate the elimination of property, loss of jobs and also the elimination of a Fire House at Fourth and Bluxome, and would be an eyesore to the skyline of San Francisco, and continue the present set-up of Southern Pacific's rails and tracks on San Francisco's streets. Thus the railroad would continue to use public property from which the city received no benefits.

The main question was when was the Southern Pacific going to stop blocking traffic at Fourth Street; how was the matter going to be solved? The Southern Pacific has had forty years to solve the problem, undoubtedly they have not been in good faith. They blame the increase in traffic as the cause for the necessity to construct the overpass, and they approve of the overpass. While their depot at Third and Townsend was old and delapidated, Southern Pacific had adequate property to solve the situation on their property; therefore there was no need to encroach on the public streets of San Francisco.

Supervisor McAteer requested that the Clerk of the Board direct a communication to Mr. Duckel, Director of Public Works, requesting investigation of his proposal for the Loop Plan (contained in the photograph) to bring the trains of the Southern Pacific within its own property, and submit a report and recommendation on said Plan.

All freight cars not needed should be routed to South San Francisco, where there is available area. Also area within the Loop should be developed by the S. P. for warehouses, and sub-leased to industry for housing of material.

Citizens of San Francisco should not be penalized by utilization of the Streets of San Francisco by the Southern Pacific Co. The Southern Pacific should solve its own problems within its own property. A new terminal should be built, the present one being a disgrace to the city, and the dingiest in the United States.

The Loop Plan would save money for San Francisco by eliminating switching of engines. The Plan would also keep property on the tax rolls, and add property by condemnation of the present terminal and elimination of present tracks, as well as preclude necessity of elimination of a fire house. The Plan would also help create one-way streets.

Also an ultimatum should be given to the Southern Pacific by citing the engineers who block traffic with their trains. Richmond was cited as having accomplished results by the use of such procedure, and trains in Richmond do not block traffic. Therefore, Supervisor McAteer proposed:

That an ordinance be drafted by the City Attorney patterned after the one in effect in the City of Richmond, if such an ordinance is not now in effect here.

Such an ordinance should be in force within six months, unless the Southern Pacific comes up with a solution and the elimination of the proposed viaduct over Fourth Street.

Supervisor Dobbs in response, said the matter was already before the Finance Committee and that extensive hearings on the subject had been held. That the matter had been referred to various city departments for study. The Bay Area Rapid Transit Commission was studying the matter of the new terminal, and would soon report thereon. The city should file an application with the State Public Utilities Commission to build a new station and tell them where it should be built, as similarly done by Los Angeles.

Supervisor McAteer stated that he was aware of what had been accomplished by the Finance Committee, but he was submitting his Loop Plan for the purpose of study and report by the Department of Public Works.

Referred to the Finance Committee, and letter directed forwarded to the Department of Public Works.

There being no further business the Board, at the hour of 6 p.m., adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors November 15, 1954.

I, John R. McGrath, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Supervisors Ferdon and McMahon jointly presented:

File No. 12041, Resolution No. 14894 (Series of 1939).

Supervisor Ferdon, seconded by Supervisor McMahon, moved that the foregoing measure be adopted.

Adopted by a rising vote as follows:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, McMahon, Mead—11.

Supervisor Halley called the Board's attention to what other cities were doing to attract conventions. He stated that he had attended a state-wide convention in Oakland during the past week and that the City of Oakland had donated the use of its auditorium free and in addition thereto had provided sufficient parking spaces for the people who were attending the convention. The City of Oakland invited the convention to return there next year on the same basis and the City of Long Beach also invited them to have the convention in their City and offered the free use of the auditorium, sufficient parking spaces and the use of the municipal band. Supervisor Halley pointed out that the City of San Francisco should give serious consideration to permitting conventions to use the Civic Auditorium free of charge in an effort to attract more conventions to San Francisco.

No action required by Board.

Supervisor Halley informed the Board that he had received an invitation to attend a meeting in the City of Alameda in connection with the proposed construction of the new Oakland Airport and that as Chairman of the County, State and National Affairs Committee he would attend the meeting.

No action required by Board.

Supervisor Lewis explained that he believed that when the Joint Finance, Police, Streets and Public Utilities Committee was formed it did away with the committee form of meetings because there were ten members on the committee which met every Thursday. He stated that either the Board should go back to the committee form of meetings or should meet twice a week, once on Monday and again on Thursday.

Supervisor Lewis, seconded by Supervisor Halley, moved that the Board go back again to its committee system, and that the various matters before the Joint Finance, Police, Streets and Public Utilities Committee be referred by the Chairman to the various committees having jurisdiction thereover for their consideration and report back to the Board.

The Chair explained that when the Landis report was presented to the Board it was referred to the Joint Committee and that such referral had received the approval of all of the members of the Board.

Supervisor Arnold spoke against the motion and explained that the committee was necessary so that all of the members of the Board would have the complete picture rather than small committees of the Board having information on one segment of the report and knowing nothing about other phases of it.

Supervisor McCarty stated that he was going to vote against the motion because he believed that the Joint Committee should have a complete hearing on the report and then could refer portions of it to the committees concerned.

Supervisor Halley requested permission to withdraw his second. No objection and request *granted*.

Thereupon Supervisor McAteer seconded the motion of Supervisor Lewis.

Supervisor McAteer stated that he would vote for the motion because he felt that the rug had been pulled out from under the Board when Mr. Landis' Transit Committee stated that action might have been taken too rapidly on the parking plazas in the South of Market Area. Believe that all of the proponent parts of the report should be referred to the committee involved.

Motion *defeated* by the following vote:

Ayes: Supervisors Halley, Lewis, McAteer—3.

Noes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, McCarty, McMahan—7.

Absent: Supervisor Mead—1.

Supervisor Lewis moved that the Board of Supervisors sit as an entire Board consisting of 11 members every Thursday instead of the Joint Committee and that the Chairman vote on the matters the same as the other members of the committee.

Motion *lost* for want of a second.

The Chair rose to a point of personal privilege and stated that when the committee was appointed it was understood by all members of the Board that the President would not be required to attend the Committee meetings and neither would Supervisor McMahan; despite that fact the President has attended all of the committee meetings and that Supervisor Lewis was absent more than anyone else.

Supervisor Halley pointed out that the Chair was ex-officio a member of all committees.

Supervisor Lewis stated that he was opposed to the Board sitting as a joint committee rather than having a meeting of the Board of Supervisors. He stated that he was not able to be in attendance at the meetings because he was on trial and could not attend.

Supervisor Ferdon moved that rule 20 of the Rules of Order be enforced and that Supervisor Lewis be limited to 10 minutes.

The Chair ruled that hereafter rule 20 would be strictly enforced.

The Chair inquired of the Clerk as to whether or not rule 20 was applicable on Roll Call.

Supervisor Lewis requested that the Clerk direct a communication to the Redevelopment Agency asking that they submit a report as to their plans for the redevelopment of the South of Market area, and inquire whether or not the Redevelopment Agency would desire any legislation by the Board of Supervisors in connection therewith.

No objection and request *granted*.

Supervisor Lewis stated that he was calling out of Police Committee the legislation providing for parking of automobiles in the center of the roadway on portions of Market Street, and that he would like to have the matter placed on the Calendar for the meeting of Monday, November 1st.

Clerk directed to so do.

Supervisor Lewis requested that a communication be directed to Admiral Cook informing him that it was his, Supervisor Lewis', opinion that either the air raid sirens should be sounded only when there is an enemy attack, or sufficient publicity should be given to the fact that an air raid siren test would be made on a certain day at a given hour.

No objection and request *granted*.

Supervisor Arnold requested that Admiral Cook furnish this Board with clippings from all the newspapers advising that the test on Monday, October 25th, was just a test.

No objection and request *granted*.

Supervisor Dobbs now presiding.

Requesting His Honor, the Mayor, to Proclaim the Week of October 31 to November 7, 1954, as "National Flower Week."

Supervisor McAteer presented:

File No. 12454, Resolution No. 14904 (Series of 1939).

Supervisor McAteer, seconded by Supervisor Arnold, moved that the foregoing measure be adopted.

Adopted by the following vote:

Ayes: Supervisors Arnold, Carberry, Dobbs, Halley, Lewis, McAteer, McCarty, McMahan—8.

Absent: Supervisors Christopher, Ferdon, Mead—3.

Amending Article 3, Chapter XI, Part II of the San Francisco Municipal Code by Adding Thereto a New Section Designated Section 71.1, Prohibiting Railway Trains or Railway Cars from Obstructing Streets.

Supervisor McAteer presented:

File No. 12455, Ordinance No. (Series of 1939).

Referred to Police Committee.

Supervisor McCarty informed the Board that the latest poll showed that all bond issues were winning and that there was every indication that all of them would be successful at the November 2nd election.

Supervisor McAteer stated that he had not heard the Clerk's answer to the query by the Chair as to whether or not rule 20 of the Rules of Order of the Board of Supervisors was applicable during Roll Call.

The Clerk responded that in his opinion he believed that rule 20 did apply during Roll Call.

There being no further business the Board, at the hour of 5 p. m., adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors November 15, 1954.

The President of the Board introduced the Honorable Seriana, Manager of Foreign Affairs for Indonesia and a representative at the United Nations Assembly.

Recommendations of Finance Committee—Continued.

Authorizing Lease of Entire Building at 1440 Broadway Street for Storage of Voting Machines.

File No. 12460, Resolution No. 14933 (Series of 1939).

Discussion.

Supervisor Mead called the Board's attention to the many complaints which had come to his attention to the effect that lack of machines were playing an important part in keeping many people away from the polls.

In reply to a query by Supervisor Mead, Mr. Thomas A. Brooks, Chief Administrative Officer, assured the Supervisor that he intended to include an amount sufficient in the budget for the fiscal year 1955-56, to purchase additional voting machines.

Supervisor Carberry requested that the Board considered the availability of space under freeways for the construction of a warehouse for the storage of voting machines.

Thomas A. Brooks, Chief Administrative Officer, mentioned that considerable expense would ensue in that the land must first be purchased from the state and then the building constructed.

The President referred Supervisor Carberry's request to the Finance Committee.

The roll was thereupon called and the pending measure was adopted by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, McMahan—10.

No: Supervisor Mead—1.

Presentation of Distinguished Guests.

The President of the Board introduced the Honorable Andrew W. Cordier, Executive Assistant to the UN Secretary-General, who stated that unfortunately, due to lack of necessary facilities, it appeared that the invitation of the City and County of San Francisco to the UN General Assembly inviting them to hold the 10th anniversary meeting of the General Assembly in San Francisco during 1955, could not be accepted and, further, that the cost to the city to provide adequate conveniences would prove excessive.

Mr. Cordier did suggest, however, that as an alternative plan San Francisco could hold commemorative meetings in 1955, the cost of which would be relatively inexpensive.

Suspension of Rules.

Supervisor McCarty moved the suspension of the rules for the purpose of considering the following measures out of order. Motion seconded by Supervisor Lewis.

Explanation of Voting Procedure.

The President of the Board explained that a vote "Aye" would overrule the action of the City Planning Commission and sustain the appeal; a vote "No" would sustain the City Planning Commission and disapprove the appeal, and that it would require 8 votes to overrule the City Planning Commission.

The Clerk thereupon presented the following measure:

Supervisor Dobbs stated that Supervisor Arnold had requested him to inquire of the Board as to whether it desired that the Joint Finance, Street, Police and Public Utilities Committee should continue its weekly meetings or if the Joint Committee should be dissolved.

Supervisor Christopher stated that previously he had requested the Board to invite the Mayor to come to the meeting and explain his reasons for not approving requests for appropriations for parking plazas so the Board could determine whether or not the Joint Committee should continue to meet or should be disbanded. Supervisor Christopher continued that he still believed that it would be wise to invite the Mayor and make a determination after hearing from him.

Supervisor Mead remarked that he was satisfied that had some of the matters concerning one-way streets been referred to the Police Committee they would have been settled one way or the other; that any hearings before the Board would be repetitious of what had been heard in the Joint Committee, and for that reason he believed that the Joint Committee should be disbanded.

Supervisor Christopher stated that he was concerned with many matters that were not receiving proper attention, and that he believed it was important that somebody should take the leadership in those matters.

When the report was received from the Parking and Transit Council, purporting to represent what was necessary for San Francisco, the Joint Committee was formed and the report referred thereto for report and recommendation. For some time the Joint Committee has been holding weekly meetings, and after approving that portion of it relating to the parking lots the Board acted and referred the matter to the Mayor. The Mayor thereupon decided to defer action.

At the meeting with the Mayor last week the members of the Board listened to the same thing that they had heard before. No definite action was taken and the Mayor has unfortunately brought about more confusion than had existed before.

Believe the Mayor should be brought before the Board and that he inform us what he wants us to do, believe he should take a definite position with respect to the appropriations for the two parking lots that the Board has authorized.

I concur with Supervisor Arnold when he states that he would like to have an expression of opinion from the Board, but believe that before we have an expression of opinion from the Board we should have an expression of opinion from the Mayor as to whether or not he is going to assume the leadership which he should assume. The Board has to know what he would like to have it do.

Supervisor Christopher, seconded by Supervisor Ferdon, moved that the Board invite the Mayor to appear before the Board next Monday to explain what his intentions are, not only with respect to the two matters that are before him but also with respect to all matters that the Joint Committee is considering at the present time.

Supervisor Lewis stated that he did not believe that the Board could shirk its responsibility and point the blame at the Mayor or the Traffic and Transit Council because the Board of Supervisors is the legislative body of San Francisco. The Board has tried to go along, they have been enthusiastic in their desire to approve a program for relieving the traffic conditions in San Francisco.

Do not believe that the Joint Committee should have been appointed; it was nothing but the Board of Supervisors calling itself a committee.

Unfortunately some of the members on the Traffic and Transit Council lent their names to the Council but were too busy to go over each matter that was recommended and did not know what was

contained in the report as submitted to the Board. Today we find ourselves in a very embarrassing position; a majority of the Board has approved the parking lots and the Mayor has not acted thereon.

Supervisor McCarty stated that he concurred in the premise that the Board was the policy making body of the City and County and any policy we made must be carried out by other departments.

Do not believe that we should invite the Mayor to appear before the Board. He knows what we have before us at the present time, if he has any information he desires us to have he can so inform us. The Mayor has advised the Board that he would give us an answer on the parking lots.

As Executive Officer of the City and County of San Francisco, the Mayor does not have to inform us what his thoughts are on particular matters.

The Board is proceeding in an orderly way and we are giving everybody a chance to be heard, and we should continue to do so.

Supervisor Mead stated that the Mayor has made his decision known and that he will not come to any conclusion until after the Supreme Court has rendered its decision and after the Mayor has had an opportunity to study such decision.

Motion defeated by the following vote:

Ayes: Supervisors Carberry, Christopher, Dobbs, Ferdon—4.

Noes: Supervisors Lewis, McAteer, McCarty, McMahan, Mead—5.

Absent: Supervisors Arnold, Halley—2.

Supervisor Dobbs inquired whether or not the Joint Committee should continue to meet.

Supervisor Mead, seconded by Supervisor McMahan, moved that the Joint Finance, Streets, Police and Public Utilities Committee be disbanded and that the matter pending therein be referred to the committee having jurisdiction over a particular subject.

Supervisor McMahan stated that she was going to vote for the motion because most of the members of the Committee had attended the meetings and listened to all of the people who desired to speak, then the members of the Board attended the Mayor's meeting and heard everything again. At the Mayor's meeting the members of the Board were insulted by one of the officers of the Traffic and Transit Council, and ever since starting to study the report of the Traffic and Transit Council the Board has continuously been criticized.

Supervisor McAteer stated that he was going to vote for the motion because he believed that the Joint Committee had strayed away from the purpose for which it was originally created. While it was the purpose of the Joint Committee to study the various matters contained in the Traffic and Transit Council Report and then refer particular subject matters to individual committees; already the Board has acted on the parking lots and had on today's calendar matters relative to Post and O'Farrell Streets.

Supervisor Ferdon stated that he was going to vote against the motion because he felt that the purpose of the particular committee was worthwhile, and that it was dealing with one of the most vital problems in San Francisco. Further that the committee should continue to meet because he felt certain that if the matters were considered by individual committees that there would be a request for the Board to consider them sitting as a Committee of the Whole.

Supervisor Carberry stated that he was going to vote against the motion because he believed that the Joint Committee had made very

good progress and that in a matter of weeks it would be in a position to refer the entire matter to the Board for action.

Noes: Supervisors Carberry, Christopher, Dobbs, Ferdon—4.

Absent: Supervisors Arnold, Halley—2.

Improvement of Channel Street.

Supervisor McAteer stated that he had requested the Clerk to write a letter to the Board of State Harbor Commissioners requesting several pieces of information: (1) Filling of the Channel from Fourth Street south to about Sixth or Seventh Street; (2) If the Board of State Harbor Commissioners were agreeable to the fill under what terms would they be willing to sell either to the Southern Pacific Company or the City; (3) Terms and conditions relative to the fill.

Supervisor McAteer expressed his belief that the Channel should be filled because it would create additional lands for the Southern Pacific in which they could expand their train facilities and would eliminate what appears to be a bottleneck at the present time as

the trains enter San Francisco. Also that in its present condition the area is a terrible disgrace to the City.

Supervisor McAteer requested that the Clerk direct a communication to the City Attorney asking that he survey the provisions of Section 723 of the Public Works Code and advise the Board whether the provisions of said section would apply to trains, thus obviating the necessity of enacting the legislation that he, Supervisor McAteer, had heretofore introduced.

In response to question as to whether or not he had surveyed Section 723 in the preparation of the ordinance for Supervisor McAteer, Mr. Blanchard, Deputy City Attorney, stated that before he had approved the ordinance he was familiar with the section of the Public Works Code and that he had always construed it as applying only to the blocking of streets by building operations, but that he would comply with the request of Supervisor McAteer.

No objection and request *granted*.

Supervisor McCarty presented a communication from Harry Amber requesting the erection of signs showing the location of the various public buildings in the Civic Center.

Referred to Streets Committee.

Supervisor McMahan remarked that today marked the completion of her first year as a Supervisor of the City and County of San Francisco and thanked the members of the Board for the many courtesies they had extended her.

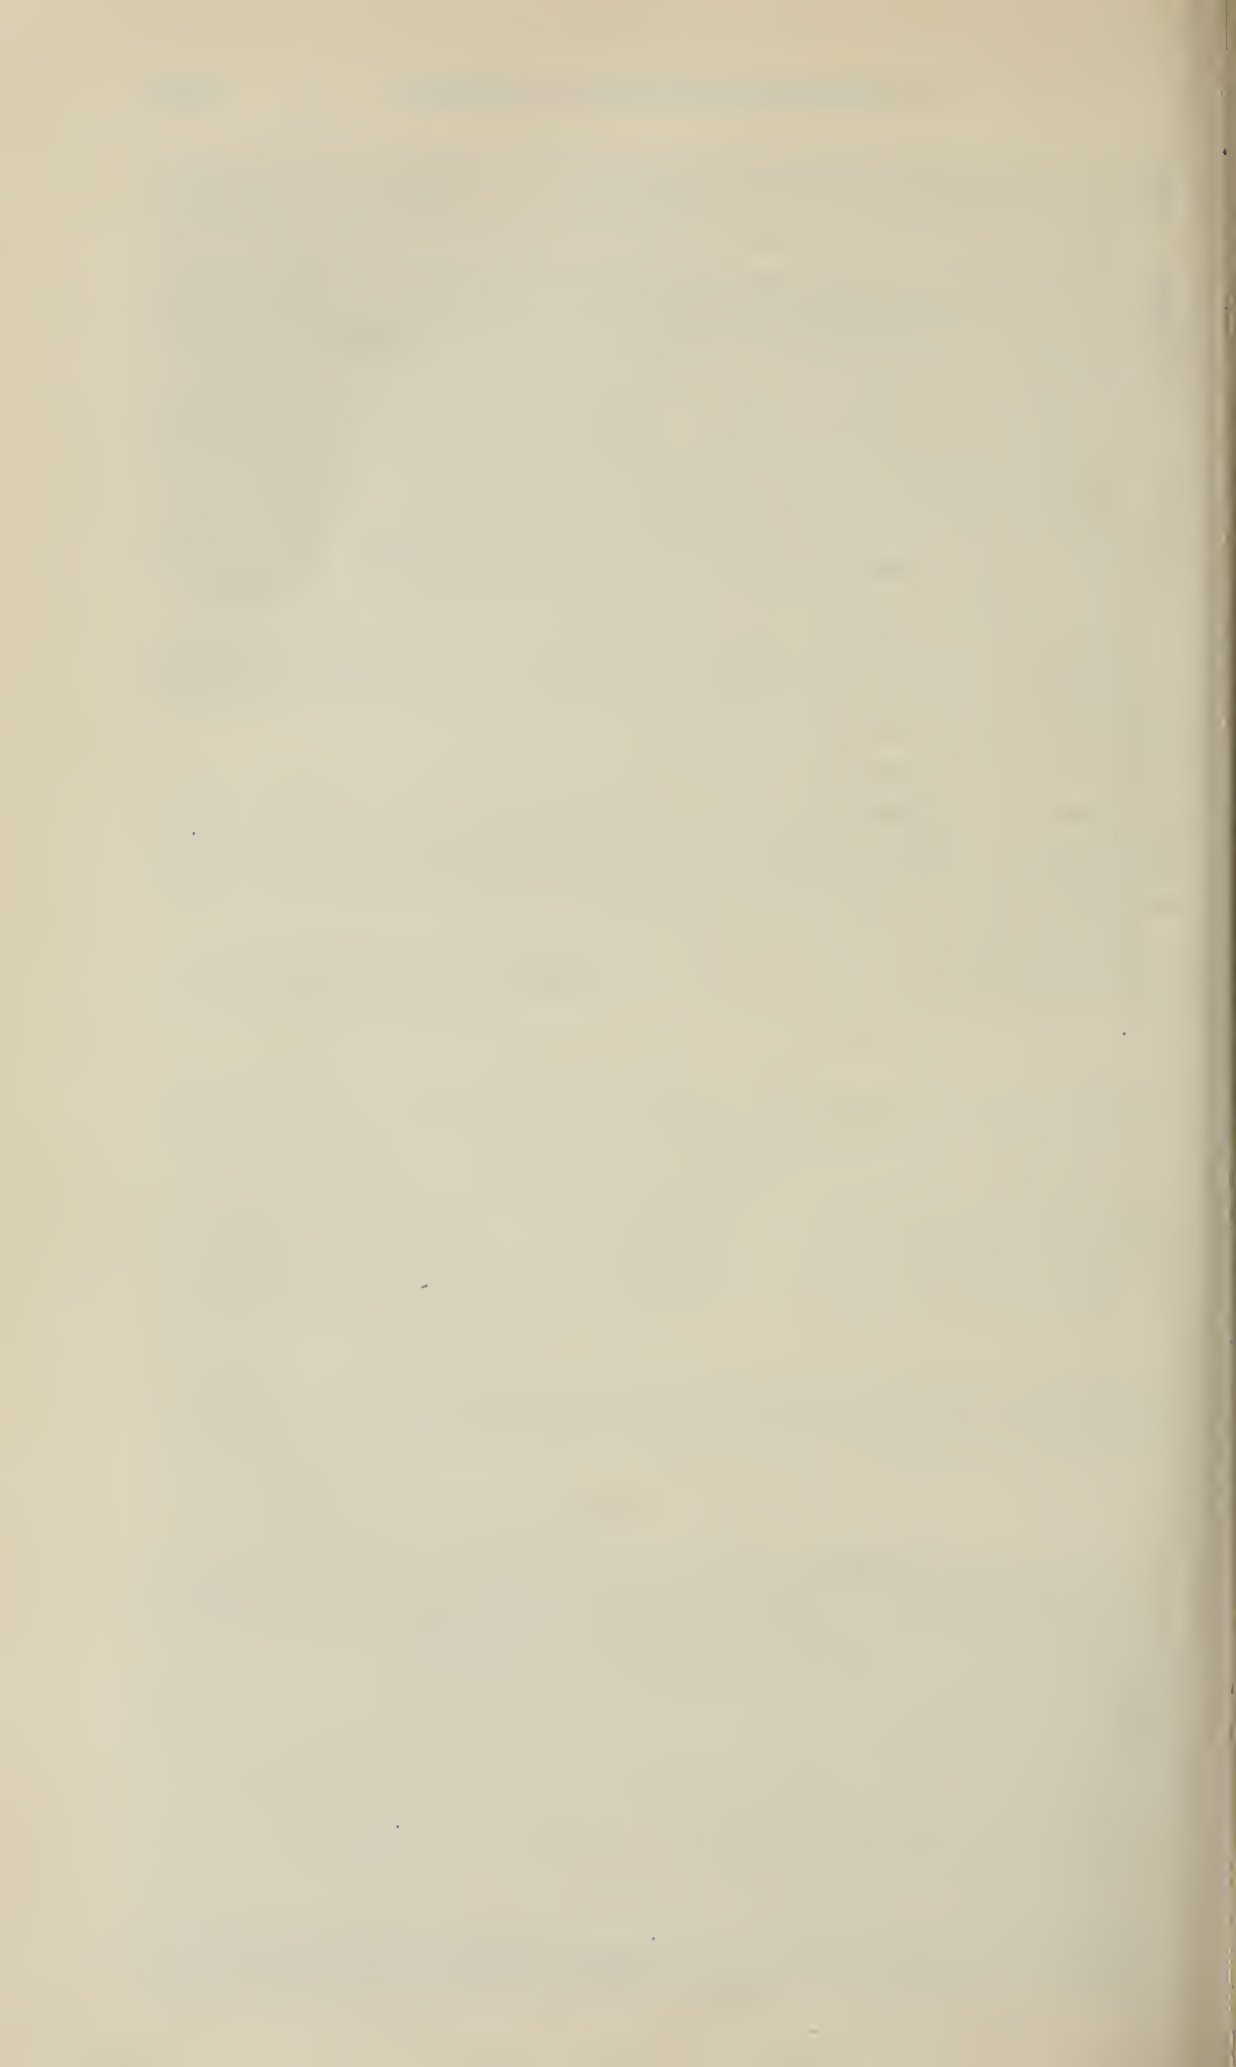

There being no further business the Board, at the hour of 5:45 p. m., adjourned.

MONDAY, NOVEMBER 29, 1954—2:00 P. M.

In meeting of Board of Supervisors, San Francisco, Monday, November 29, 1954, 2:00 p. m.

The Board of Supervisors met in regular session.

The roll was called and the following Supervisors were noted present:

Eulogy to Former Supervisor Dewey Mead.

Supervisor Christopher, President of the Board: Last week our colleague, Supervisor Dewey Mead, and the senior member of the Board, left San Francisco and went back east. This morning Dewey Mead returned, and thousands of fellow San Franciscans, people whom he loved so well, are saddened because Mr. Mead met an untimely death while attending a meeting. Supervisor Dewey Mead was my friend; he was the friend of every member of this Board of Supervisors, and he was the friend of countless thousands who have known him over the years. I realize today, as do my colleagues, that there is a great void in these Chambers; a great void which will be very difficult to overcome. I believe all of us will miss Dewey Mead. I believe all of us will miss his ready wit; his great capacity for work. We shall miss his many years of service. We shall miss a good friend, and if I were to point out a single attribute of Dewey Mead's, I would say that one thing I shall always remember of him is that during the nine years that I have served with him, he never spoke an unkind word about his fellow man. He did not always agree and, when he disagreed, he could be very, very vociferous. One thing about Dewey, after the battle had subsided, he could walk out with you arm in arm and call you friend.

Today Dewey Mead meets his Maker, the Maker of us all. We have sent our condolences to his bereaved family and we gladly contemplate that he has gone to his heavenly reward, the reward which awaits us all. The city that he loved and served so well will miss this kind man, this wonderful person, this wonderful San Franciscan. May God bless his soul!

In deference to his memory, this Board of Supervisors will not take up the usual calendar and will dispose of only those items which require our immediate action.

Motion to Defer Consideration.

Discussion.

Supervisor Ferdon stated that the Board had adopted various measures in the past calling for the formation of various committees designed to exercise such powers as were proposed in the pending measure and to adopt it would be tantamount to a duplication of effort. He suggested that it might be well to repeal all of said measures heretofore adopted and that a new measure, incorporating all of the features desired, be enacted.

Supervisor Ferdon thereupon moved that the pending measure be re-referred to committee with the thought of giving consideration to his suggested plan. Motion seconded by Supervisor Dobbs and carried by the following vote:

Supervisor McCarty moved adoption; seconded by Supervisor McAteer.

Privilege of the Floor.

The privilege of the floor was extended to Geneve A. Shaffer who urged adoption of the pending measure.

Discussion.

Supervisor McCarty read a telegram from A. W. Cordier, an official of the General Assembly, who outlined the type of facilities that must be available in order to insure a visit from delegates of the General Assembly next year.

Supervisor Ferdon stated that while he was in favor of expending money to bring the meeting of the General Assembly to San Francisco, he did not believe that the city should expend \$150,000 for a token meeting of a segment of the United Nations Assembly.

Supervisor Halley declared he could not see how much could be accomplished in a period of two weeks and that he would therefore vote against the measure.

Supervisor Lewis thought it was inconceivable that the city would extend an invitation to the delegates of the UN to meet in San Francisco, the birthplace of the United Nations, and at the same time refuse to appropriate funds for the proper conduct of such a meeting. The Supervisor called attention that the eyes of the world would focus on San Francisco; he further revealed that the city had no qualms about appropriating funds for various other organizations and ventured the opinion that a goodly portion of the sum which might be appropriated by the city would be returned via economic channels.

Supervisor Dobbs stated his affirmative vote would be predicated on the fact that such a meeting would be economically advantageous to the city.

The roll was thereupon called and the measure was *adopted* by the following vote:

Ayes: Supervisors Christopher, Dobbs, Lewis, McAteer, McCarty, McMahan—6.

Noes: Supervisors Carberry, Ferdon, Halley—3.

Absent: Supervisor Arnold—1.

Ayes: Supervisors Carberry, Christopher, Dobbs, Ferdon, Lewis, McAteer, McCarty, McMahan—8.

No: Supervisor Halley—1.

Absent: Supervisor Arnold—1.

File No. 12530, Ordinance No. . . . (Series of 1939).

Supervisor Arnold moved passage for second reading; seconded by Supervisor McAteer.

Discussion.

Supervisor Arnold declared that he considered it a disgrace to the city that the highway project had not been completed many years ago.

Supervisor Dobbs suggested that when Supervisor Carberry has been elected a member of the District, he immediately investigate its affairs and report his findings to the Board.

Supervisor McCarty moved that the appropriation of \$330,000 be reduced to \$14,000, \$5,000 of which would take care of maintenance expense during the winter; and \$9,000 of which will pay up overdue obligations.

Supervisor Arnold stated it was regrettable that he could not have been in attendance when this matter was being discussed and hoped that the pending motion would be voted down. He further informed the Board that the Highway District came into being in 1928 and since that time has been able to complete the construction of only seven miles. He ventured the opinion that the Board should not appropriate any funds until Supervisor Carberry had had an opportunity of investigating the affairs of the District and bringing said report to the attention of the Board.

Supervisor Carberry moved, as a substitute, that the entire matter be continued for a period of one week. Motion seconded by Supervisor McAteer and *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Dobbs, Ertola, Halley, McAteer, McCarty, McMahan—9.

Discussion.

Supervisor Ferdon inquired into the expense which may be incurred by the Mayor in making the proposed trip to Rome.

Supervisor Arnold stated that the Board did not have the question of appropriation of funds before it at this time; merely the question of deciding whether the Board agreed in the thought that the Mayor should accept the honor bestowed upon him.

Supervisor Arnold moved as a substitute, that the Clerk of the Board be instructed to direct a communication to the Mayor, authorizing him to accept the invitation extended to him.

Motion lost for want of a second.

Supervisor Ferdon suggested that the measure be re-referred to committee for the purpose of determining the expenses which may be involved.

Supervisor Arnold declared that although the trip was still far in the offing, its importance was such as would warrant immediate action.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that consideration be continued one week and that figures be supplied covering the cost of such a trip.

The roll was thereupon called and the foregoing motion lost by the following vote:

Ayes: Supervisors Carberry, Christopher, Dobbs, Ferdon—4.

Noes: Supervisors Arnold, Ertola, Halley, McCarty, McMahan—5.

Absent: Supervisors Lewis, McAteer—2.

Supervisor Arnold again renewed his motion that the Clerk be directed to communicate with the Mayor, authorizing him to accept the invitation tendered to him. Motion seconded by Supervisor Halley.

Supervisor Ferdon stated he might be in favor of sending the Mayor to Rome, but that he wanted to know what such a trip would cost the city.

Supervisor Arnold remarked that the Mayor has been receiving cables inquiring if he will be able to accept the invitation. The Board should write the Mayor suggesting that it is the Board's wish that he accept the invitation extended and that there is no talk at the moment of appropriating funds for the event.

Supervisor McCarty moved temporary postponement. Motion seconded by Supervisor Halley and *carried* by the following vote:

Ayes: Supervisors Arnold, Carberry, Christopher, Ertola, Halley, McCarty, McMahan—7.

Noes: Supervisors Dobbs, Ferdon—2.

Absent: Supervisors Lewis, McAteer—2.

Resumption of Discussion Relative to File No. 12653, Concerning the Mayor's Proposed Trip to Rome in 1955.

Supervisor McCarty stated he was informed that the Mayor had estimated that the trip would not cost more than \$2,500. The amount would come from the fund budgeted every year for the purpose of permitting the Mayor to make necessary trips and for the purpose of entertaining visiting dignitaries. The Mayor, Supervisor McCarty pointed out, has never availed himself of the total amount budgeted and he has, year after year, returned the unexpended portion to the General Fund. The Mayor, it was pointed out, did not care to make the trip unless it was approved by the Board of Supervisors.

There being no objection, Supervisor Arnold withdrew his substitute motion.

Supervisor Ferdon stated that he was completely satisfied with the explanation given by Supervisor McCarty and would vote for immediate adoption.

Statement by Supervisor Christopher, President of the Board.

Members of the Board, permit me to make a statement, for the record, on the matter of Supervisor Lewis' proposed appointment to the office of Congressional Legislative Representative.

In reiteration of my views expressed some four years ago and often expressed since then, the fact is I have often wondered, first of all, as to the necessity for the presence of a representative in Washington, but in voting for it, I felt that if there were any doubts, the benefit of such doubts should be given the Mayor; therefore I voted for it.

Then there was also the question in my mind if we did need a representative in Washington, whether the position should be full or part-time. If we did need a representative at all, it was my opinion that it should be a full time one, so that there would not be any conflict if he had to represent the city against one of his clients.

The third point is the ability of our representative to get along with our two Congressmen so that there would not be any bickering that might impair our activities. With these mental reservations, I want to say that were I present next Monday, I would vote to confirm Mr. Lewis, who I believe will render satisfactory service to the people of San Francisco, as a result of his experiences as a member of this Board of Supervisors.

Because I shall not be present, I would like to reiterate these mental reservations, because I feel my position in some respects is well taken, and that some corrections can be made in the office, but in view of some doubt, I believe the Mayor's opinion should prevail. If I were present next Monday, I would vote to confirm, and I'd like to offer my congratulations to Mr. Lewis.

Discussion.

Fire Chief Carl F. Kruger of the Fire Prevention Bureau informed the Board that an inspection by his division revealed the existence of fire hazards, particularly in the theatre section.

Supervisor McCarty suggested that the Directors of the Legion of Honor be requested to immediately take steps to close the theatre to the general public, in view of the statements made by Fire Chief Kruger.

Supervisor Lewis suggested that consideration be continued for one week for the purpose of determining the necessity for the fire wall. The Supervisor pointed out he had been informed that the art treasures could be moved to another part of the building and thus obviate the necessity for the expenditure for the fire wall. Supervisor Lewis agreed with the premise reached that the theatre should be closed immediately to public use but that he was not satisfied as to the necessity for the expenditure for the fire wall.

He accordingly moved, seconded by Supervisor McMahan, that consideration be continued for one week.

Supervisor Arnold spoke against the motion to continue, pointing out that \$4,000 of the \$6,000 requested was allocated for the construction of the fire wall while the remaining \$2,000 was to be used for the preparation of plans and specifications to take care of the fire hazards enumerated by the Fire Department representative.

Supervisor McAteer suggested that an examination be made of all public buildings to determine their degree of safety.

The roll was thereupon called and the motion to continue consideration lost by the following vote:

Ayes: Supervisors Lewis, McMahan—2.

Noes: Supervisors Arnold, Carberry, Christopher, Ertola, Halley, McAteer, McCarty—7.

Absent: Supervisors Dobbs, Ferdon—2.
